RADWAY'S READY RELIEF

THE TERROR OF THE HOUR—DEATH AMONG THE CHILDREN—WHY EPIDEMICS ARE TERRIBLE—THE TRUE CURE, BY SIMPLE MEANS.

Whenever any disease or symptoms appear as an Epidemic, and is more than ordinary fatal, and less manageable by medical men, and yields less readily to the remedial agents applied—it is pronounced "a pestilence," "a fatal malady," "a visitation," when in reality, if the proper remedial agents were applied, and judicious treatment pursued, it would be just as manageable, and yield as readily as any ordinary ailment.

TREATMENT AND CURE.

In Malignant Scarlet Fever, Diphtheria, Putrid Sore Throat, Influenza—give at once Radway's Ready Relief, diluted with water—20 drops to a teaspoonful of Relief in a tumbler of water, and give of this from half a teaspoonful to a table-spoonful every two or three hours.

make a swab, and apply the Ready Relief by this means to the parts of the throat inflamed. The Philosophy of this treatment will be understood by all, when it is known that the Ready Relief secures the following results: Radway's Ready Relief is a counter irritant—it withdraws to the surface inflammation, and allays irritation in the glands of the throat, larynx, wind-pipe, and Bronchia.

DOSE.

On some persons 2 pills will act more freely than 4 on others: and often the same person will find that 4 pills at one time will be less active than 2 at others this depends on the condition of the system. The first dose will determine the quantity required: an ordinary dose for an adult in these malignant fevers is 4 to 6 pills every six hours, to be increased or diminished according to the judgment of the patient.

Let those afflicted with disease get Dr. Radway's Almanac for 1869—can be had free of charge by applying to any druggist or general storekeeper; if not, send a stamp to pay postage, to Dr. John Radway & Co., 439 St. Paul Street, Montreal, or 87 Maiden Lane, New York.

Price of Ready Relief, 25 cents per bottle, or bottles for \$1. Pills, 25 cents per box, 5 boxes for \$1.
