Many Times Their Cost Saved the First Year!

Do not be deceived by imitations and infringements.

A Cold Mine for Good Agents!

It works while you sleep. Always on guard. It expands with the tree. Will not tear, break, loose or rust.

It is durable, will last for years, making it cheaper to use than any home-made device. It both repels and kills. No crushing or burning of insects.

It is hooked round the tree; no nailing or defacing. Once put on it stays. It works automatically. The "insecticide" with which the band is saturated meets every demand for relief.

Send for full set of circulars.
