To be held on the Farm, three miles North from Norwich and two miles East from Burgessville, Ont.

ON TUESDAY, FEBRUARY 29th, 1916

For twenty-two years, we have been breeding Holsteins, during which time we have been devoting special attention to developing a strain of heavy producing, high-testing individuals of true Holstein type. The herd consists of nine head over five years; Five 4 year olds; Nine 3 year olds; Nine 2 year olds; Five yearlings and fourteen under one year. Five of these cows were in milk test at Guelph this year and made a good showing.

The last two years' crop of calves are from bulls whose dams have records of over 30 lbs. butter in seven days and many from cows with good official records. The young stock affords a great opportunity of getting the very best of breeding at your own price. Daughters of some of the best cows that have been in Canada.

whose sire Prince Abbecker Pauline, has 14 tested daughters and five proven sons. Breeders wishing some choice stock should not fail to get a catalogue early and keep March 1 open to attention.

Among the other articles worth of note is an exceptionally good team of cows three and four years old, with six sisters—deep black in color—quiet and well broken. They are an exceptional purchase for a man wanting a heavy team of first quality.

SHADELAWN STOCK FARM DISPERSION

ON Wednesday, March 1st, Mr. T. L. Dunkin, of Norwich, offers for sale his entire herd of 16 of superior bred cattle headed by his herd bull, Prince Echo Sylvia. Mr. Dunkin has sold the farm and the entire herd will be sold with no reserve. This is Mr. Dunkin's first sale and the stock offered has all been bred and raised by him on the farm, with only one exception. This is a point well worth considering when purchasing stock, as if a certain strain of cattle is profitable for one man to handle for 10 years' time, there will be money in it to purchase this stock as such a sale.

Mr. Dunkin obtained the foundation for his present herd from purchases made in 1906 from Mr. W. S. Day of Michigan, breeder of the celebrated "Red" and "White" testing Canaries. We quote Mr. Dunkin regarding his present herd as follows:

"The 27 cows in my herd have all been used only bulls of the best breeding. First—Count Merona Poeh. Mr. Rettie's great show bull, with 25 officially tested daughters, and whose dam, Merona 3rd, a Canadian champion, made 27.43 lbs. butter in 7 days. Next—Prince Abbecker Pauline, with 14 tested daughters and 5 proven sons. From another Canadian champion (Mr. Bollert's great cow), Tidy Abbecker, who made 27.22 lbs. butter in 7 days; Shadelawn Count Canary, another herd sire, who by this bull, and has 12 tested daughters, and his dam, Canary Triton Jewel, made 35.23 lbs. butter in 7 days, she was also a show cow with splendid connections. Our next was Max Echo Sylvia's Gerben, the only bull in the world, unless from the same dam, whose dam, granddam and great-granddam have each given over 700 lbs. milk in 7 days. Then we have six heifers from Max Echo Poeh Merona & three quarter brother to Max Poeh Pauline with a record of 77.3 lbs. at 29 months. Next was a cow, 19 months old. We have also one splendid heifer from Mr. Hulet's show bull, Prince Calanthus Abbecker, whose dam was 30 lb. cow. The balance of our herd or nearly all our young stock are sired by Prince Echo Sylvia, a son of Prince Echo Sylvia's 1st, her dam is a most promising young cow, whose dam, with 25 tested daughters, 10 lbs. of butter as a Jr. four year old; she was sired by Prince Abbecker Merona, who has 25 tested daughters and 3 proven sons.

With this string of high class sire, should not our fence measure up well toward the forefront of high producing Holsteins?

Five grand daughters of Max Echo Sylvia are offered for sale which is truly an event of exceptional importance to breeders of the Holstein strain.

THE OTTAWA BRANCH.

In the advertisement of the Pedlar People in Farm and Dairy, on January 27th, of their new stock farm, it was omitted to state that this firm have also a large branch in Ottawa from which can

be supplied materials for their Eastern Ontario branches. Readers who are anxious to buy'd might make note of this in writing to this advertiser.

RETTIE BROS. UNSERVED SALE, FEB. 29TH.

RETTIE BROS. offer for sale on Feb. 29th, in every season one of the big sales of the year. Big through the numbers in Canada we have an opportunity to offer brother breeders of the black and white strain, Rettie Bros. sold the farm and this will be an unserved sale which can best be outlined in a catalogue of the same strain in their catalogue.

For twenty years we have been breeding Holsteins, during which time we have devoted special attention to developing a strain of heavy producing, high-testing individuals of true Holstein type. To what extent we have succeeded can be measured by our success in show rings, where on some occasions we have taken 15 firsts and many seconds, at the Toronto exhibition, in one year, and in the keenest competition at all the other leading exhibitions in Canada we have also secured a share of the best premiums offered.

In public tests we won first at Toronto in 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932,
