BROOMHALL'S FOREIGN CROPS.

Russia—All reports confirm a very disastrous winter for agriculture, as severe cold has been evidenced, with snow scattered and only heavy in parts. Much of the great belt was partly bare. Ukraine is holding about 48,000,000 bushels of wheat. North ports are bare of supplies.

Canada—Supplies of wheat are liberal and consumption has been reduced fully 20 per cent. Shipments for export continue. Weather normal.

France—Weather mostly springlike and ample moisture is reported. Agricultural outlook is favorable and acreage larger than last year. Native supplies moderate and foreign arrivals increasing.

Morocco—Crop prospects are favorable, with fine weather prevailing. Harvesting, though late, is expected to be good. Barley is in good demand for seed purposes and supplies fair. Sowing of wheat increased.

South Africa—Wheat crop has been officially reported as a record one. Oats and barley also yielded large crops. Exports moderate.

Spain—Rains together with mild weather greatly improved wheat prospects. Hard frost in some districts caused some damage. Planting continues under favorable weather conditions, moisture plentiful. Native supplies good, but foreign arrivals continue.

Italy—Weather fine and cold. Growing wheat is doing well and reports on the whole are favorable. Some fears have been expressed of a return of severe weather as snow is disappearing. Native supplies light. It is reported that much of the acreage formerly allotted to melon growing will be put under wheat.

United Kingdom—Early sown wheat is looking well but late planted is backward. Oats are in satisfactory condition. Severe weather interfered with field work, but cultivation is now progressing rapidly. The

acreage will be large. Scotland wheat acreage 10 per cent over last year. Wheat is being used more freely by millers.

Balkan States—Weather favorable. Snow was abundant and moisture plentiful. Supplies ample and outlook for corn fine.

Scandinavian Peninsula—Weather remains cold and agriculture is slow. Supplies scanty. Foreign arrivals moderate.

SHIPPING LOSSES.

London, March 13.

The Admiralty reports the loss by mine or submarine of 18 British merchantmen in the past week and one fishing vessel. Of these, fifteen were 1,600 tons or over, and three under that tonnage.

The arrivals at ports in the United Kingdom numbered 2,046; sailings, 2,062.

Merchantmen unsuccessfully attacked, eight.
