

Progressive Farmers
keep a binder to harvest crops at the right time, without waiting for others to do it for them when they get to it. It is just as important for you to own an Ensilage Cutter. Let us tell you why you should own a—

GILSON

SILO FILLER

Cut your green fodder and pack your silo full—at the right time. Save the value that is lost by delay. The GILSON is simple—few parts—all easy to get at. Guaranteed to cut and lift silage to top of highest silo, with any power, provided the cutting wheel does not fall below the moderate speed of 600 revolutions a minute.

Your engine will run it. Thousands are now successfully operated by 4 to 8 h.p. gas engines. The GILSON runs at slow speed, therefore uses less power and lasts longer.

Cutting blades strike heavily and make clean, regular cut along their entire length. Easily adjusted in a minute's time, and once set, stay set.

Six fans instead of four increase blowing power. Silage flows without clogging, through small pipe, in fine, steady stream—not in bunches. Silage packs firm as silo fills.

Send for 1916 Gilson Silo Filler Book FREE. Explains the many money and time saving GILSON advantages. Various sizes.
