A. KENNEDY'S HOLSTEINS. Holsteins are certainly on the upward

trend and rapidly coming into favor as the ideal dairy cow. One of Canada's oldest established herds is owned at Woodbine Stock Farm, the property of Mr. A. Kennedy, whose well-appointed dairy farm lies in the County of Brant, four miles south of Ayr, on the C.P.R., and seven miles north-west of Paris, on the G.T.R. For over twenty years Mr. Kennedy has made a specialty of breeding Holsteins, and during all that time has used great care in the selection of his sires, using only those that were "Farmer's Advocate and Home Magawith the inevitable result that his splendeal dairv udders and large teats. Dam, Shadeland De Kol, whose official record as a two-year-old was a shade over 15 lbs. in seven days, and her dam, Shadeland Aggie, had a 15-pound record. The present stock bull, and the sire of everything one year and under, is Sir Mecthilde Posch, sired by Sir Abberkirk Posch, a full brother to the world's champion two-year-old, whose record is 27 lbs. in seven days; dam Ianthe Jewel Mecthilde, whose official record is 27 lbs. Individually this bull is hard to fault, and although never shown, we are of the opinion that he would be a hard nut to crack in the prize-ring; but what is of more importance to his owner, he is proving a sire of sterling worth, his calves coming true to type and very even.
