

Fire Taught One Man the Value of Paint

Fire destroyed a building that cost him \$8,000; all covered by insurance. But this insurance was \$3,000 under the cost of replacing the building. Materials have advanced that much in the past few years.

The point for you is here: Fire may never destroy any of your property, but weather-rot surely will if it is not well protected. The barn that cost \$1,000 3 or 4 years ago would now cost \$1,500 to rebuild. So don't let it "go to pieces."

Look for the Little Blue Flag

Lowe Brothers FARM SERVICE PAINT

is the best for every utility purpose around your property. Easy to put on, hard to wear off, impossible to beat. Lowe Brothers Farm Service Paint accomplishes the one most important thing—absolute immunity from wet-rot. It will shield your buildings in a tough, weather-defying coat that will last for years. It will deliver 100 cents of honest service for every

dollar you pay for it. You can't ask for more in any paint—you can easily get less in ordinary paint; so insist on Lowe Brothers Farm Service Paint at the best dealer in your town—or write to the manufacturers and get valuable paint books free, together with directions where to procure this paint.

Save Your Energy Save Your Time and Save Money

By purchasing a large-capacity

SIMPLEX CREAM SEPARATOR

The SIMPLEX skims closer and faster than most other machines. You will realize what a saving of time this means to you in the busy season.

The ease of running, ease of cleaning, simplicity, self-balancing bowl, interchangeable spindle-point, low-down supply can, the general pleasing appearance and the perfect skimming of the SIMPLEX make it the favorite everywhere it goes.

Write us to-day for our free booklet No. 5 describing the improved SIMPLEX large capacity Cream Separators.

Tell us how many cows you milk, and we will give you estimates on what it will cost you to install the B. L. K. Mechanical Milker in your stables. Ask for booklet describing B. L. K. Milkers. Address :

D. DERBYSHIRE & CO., Brockville, Ontario
Or **G. A. GILLESPIE,** Peterborough, Ont.

We want agents in a few unrepresented districts.

Don't Throw Away the Old Furniture, but Refinish It. You Can Do This at a Very Small Cost.

For instance, if you have an old table, or chair, or a bureau that is worn and scratched, give it a coat of S.-W. Varnish Stain. It will look as good as new.

Or if you prefer an enamelled finish, use S.-W. Enamel, which comes in fifteen delicate colors, suitable for woodwork, furniture, decorating, etc.

You can make ten dollars worth of improvement with one dollar's worth of reliable paint and varnish. See your local S.-W. dealer to-day.

Sizes 2 1/4 to 60 h.-p. Semi-portable, as illustrated; also stationary and portable.

Tested With Boiling Water

Every Renfrew-Standard Gasoline Engine is thoroughly tested before shipment. It must show at least 10% more horse-power than it is rated, by an actual brake test, with boiling water in the hopper. This test also proves the soundness of the workmanship. Every

Renfrew-Standard

Engine is also tested for balance. It must be so perfectly balanced that it will run with clock-like precision and smoothness. It must start easily without cranking. In short, the engine must be absolutely right in every particular before our inspectors affix their O.K.'s. If you were at the factory, you might think we were over-particular. But just think what our painstaking and care mean to the purchaser of a Renfrew-Standard Engine. It assures him getting an engine whose reliability has been proven under test—one that will give him great satisfaction.

Write for our engine catalogue. It describes the Renfrew-Standard in detail, and contains information about gasoline engines that every progressive farmer would like to know.
