is Best. Pure—fine  
—well-savoured.  
Grocers'—  
everywhere.

"HINGE-STAYS" MAKE DILLON  
TWICE AS STRONG

Short, stiff, hard, steel wire stays make a "hinge-like" joint at every lateral wire on the Dillon fence. These "Hinge-stays" give our fence a greater degree of elasticity—enable it to withstand greater strain. They set like, and really are, hinges—make our fence swing or spring back into shape after receiving a heavy blow, or the unusual pressure caused by a furious bull or other animal endeavoring to push his way through to freedom. Catalogue tells more about this "twice as strong" fence.

The Owen Sound Wire Fence Co., Limited,  
Owen Sound, Ont.
