20,000 MILES OF TRACK If all the trackage over which the Canadian Pacific has control—that is all the leased lines, or lines taken bodily over, or with running rights
—be included as a grand total, the company operates to-day 20,000 miles of tracks. This fact alone would tell of the bigness of the corporation of tracks. This fact alone would tell of the bigness of the corporation which, thirty years ago, issued its first annual statement on a sheet of note paper. The company owns 100,000 miles of telegraph; 10,000,000,000 acres of unsold Iands, worth \$200,000,000; and controls shipping to the extent of 400,000 tons. One of the notable features of the great corporation is, that it takes account corporation is, that it takes account of so many things, which, at the first blush, might not seem to be related to railway transportation. The comfort of the inner man on the trains is, of course, of prime moment,

A serious gasoline shortage on the Pacific coast, the effect of which would extend throughout the entire country during the next year was

SILVER STOCKS

When the financial world was talking "War Stocks" we said, 'Watch the coppers." To-day the coppers overshadow everything in the markets. They are growing and should continue to grow. Now we say, "Watch the silver stocks." Foresight is a synonym for profits. The silver stocks from our analysis look attractive. We will gladly furnish you with data on any specific issue. Orders executed for cash or onethird margin.
