School Course in Agriculture

Waterdown Will Be Scene
 of the Experiment

Ontario Government Be-
 hind the Innovation

A high school course in agriculture, the first in the province, has been arranged by the department of agriculture, to be held in Waterdown during the months of December, January and February. The venture, which is intended to give the young people interested in farms and farming an opportunity of studying the various phases of agriculture, is largely an experiment, and upon the success of this school and similar schools to be established in Peel, Middlesex and in Huron, depends whether further courses will be available.

At a meeting held at the office of the district representative in Hamilton last Saturday afternoon, when representatives of the different Agricultural organizations of Wentworth were present, Lionel Stevenson, secretary of the Ontario department of agriculture, outlined the curriculum of the proposed new school. Instructors will be supplied by the department. The local committee will be asked to provide a suitable building. The subjects which it is proposed to teach are, Field husbandry, Animal husbandry, Horticulture, Apiculture, Poultry, Agricultural botany, Etymology, farm forestry, Veterinary science, Farm engineering, Dairying, Farm management.

The course for girls will include English, mathematics and the agricultural subjects, such as poultry, gardening, agriculture and dairying. Besides the general course, specialized work for each month will be taken up. In December, foods and cooking; in January, sewing and millinery; in February, home nursing.

At the conclusion of Mr. Stevenson's address a general discussion took place as to the several points at which this excellent course might be held. It was finally decided to ask the department to conduct the school in Waterdown, as the representatives from this section offered to provide suitable rooms and promised to give every assistance possible.

Mr. W. G. Marcit, district representative, will be the principal in charge of the school, and students desiring to take the course, or any part thereof, may enroll at the government office, 18 Market street, Hamilton.

A public meeting will be held in the auditorium of the Public school here next Tuesday evening when the Hon. Manning Doherty will be present and further explain the new school.

A meeting of the Reformer Association in the interests of W. T. Evans will be held in the Bell House on Saturday evening at 8.30.

Mr. A. E. Cook of Hamilton with his wife and little daughter Eileen spent Sunday with his sister, Mrs. R. Broadbent.

The Weaver store, which has been in operation here for the past nine months, has been incorporated in the Carroll stores and is now being operated by the Wm. Carroll Company.

Right Hon. Arthur Meighen
 Premier of Canada, who addressed the big mass meeting in Hamilton last Monday evening.

Mrs. J. H. Wells

Mrs. Bessie Wells, wife of Rev. J. H. Wells of Welland, a former Pastor of the Waterdown Methodist church, passed away at the home of her parents, Mr. and Mrs. Harley of Burford, on Wednesday, Oct. 26th.

Early in April last she became afflicted with inward goitre, and despite the best medical attention she steadily grew worse until the end came. The deceased lady had a very warm place in the hearts of many Waterdown people and was esteemed for her beautiful christian character and many excellent virtues.

While resident in Waterdown Mrs. Wells was active in all good works and her home was a much sought after centre of hospitality. Her splendid work in the Methodist Sunday school will not be soon forgotten, she having organized the "Willing Workers Class" of young women, which has continued to be a live band of christian workers since its inception. A young woman, still in her thirties, she had a useful career ahead, and was so instructing her twin daughters that she felt sure they would at some future day be found in the Foreign Mission field.

A sorrowing husband, two daughters and one son are left to entertain the sweetest memories of a true help mate and a loving mother.

The sympathy of a large number of Waterdown people goes out to Mr. Wells and his family in their sad bereavement. Many friends from this vicinity were present at the funeral.

Go-To-Church Campaign

To the People of Waterdown and Vicinity:

Our work should commend itself to all thinking persons. Judges will tell you that nine-tenths of criminals are non-church goers. We acknowledge our imperfections, but come and help us to get all, including ourselves, to keep the Ten Commandments and so live out the life of love to God and fellow man. Can we not all working together even for one year prevent many evil transactions in this community? Can we not also foster many good transactions? All is to be done in Jesus Christ and for Jesus Christ.

It is earnestly hoped that within the next ten days every home will be visited by all three of each committee or by two or even one person.

Fellow workers, read Mal. 3, 16-17 "Then they that feared the Lord spake often one to another; and the Lord hearkened, and heard it, and a book of remembrance before him for them that feared the Lord and that thought upon his name. And they shall be mine, saith the Lord of hosts in that day when I make up my Jewels; and I will spare them, as a man spareth his own son that serveth him."
