FUESDAY, JULY 30, 1901.

MISERY LOVES COMPANY.

The attitude of the News regarding the freight question is actually becoming pathetic. The News started out to put the lower river route out of business at one blow, that blow being its famous four-column head article in which "It is understood the captain's telegram will read" appeared, the publication of which called down upon the News the ridicule and derision of all intelligent people.

The discussion on the freight question has assumed a position where it must be handled, if the greatest advantage to all is to be attained, with the greatest care. Most delicate problems have to be solved and the issues at stake are varied and of great moment.

Having fallen down on its first attitude on the freight question, the News assumes the say-nothing-and-look-wise policy indicated by the above.

THE MEETING TONIGHT.

It is sincerely to be hoped that the few readers the government organ has in Dawson, may not be misled into a belief that the fight for lower freight rates has been altogether settled by the hired hand of that equivocal concern.

its freight schedule for next season, before filing any objections to its exorbitant charges. Then, the schedule having received the approval of the government, the Sun can say, as it says now, "It is too late to apply for any redress until next season."

ROAD WORK PROGRESSING

Walking Boss Smith Tells of Extensive Operations.

Walking Boss Smith, engaged in the construction of the territorial road work, returned yesterday from a trip of inspection over the different sections upon which men are at present engaged.

On Bonanza the road is completed from the Forks to 27 above Discovery. From Carmack's Forks down the work has not been steady on account of forest fires.

On Eldorado the road is finished as far as Chief gulch at 47. At the upper end of the gulch another gang has a mile and a half of that portion leading to the summit completed.

On Quartz creek a force is working from the junction of Calder up Quartz to No. 12 pup up which tributary it is thought the road will extend to connect with that from Chief gulch coming over the ridge, though the definite location has not yet been made.

No work has yet been done on lower Quartz not the extension that will reach Eureka via Montana creek. The line has been located but actual work will not be begun until the other roads are nearing completion and it is seen how near the appropriation is depleted.

Mr. Smith states that excellent work is being done on all the roads and that their permanency is one of the first qualities aimed at by the builders. It is thought the work will all be finished by the middle of September.

STROLLER'S COLUMN.

The Bible says "Man that is born of woman is of few days and full of trouble." Bill Nye used to say the above did not apply if man put a little lemon in it.

In a moment of mental aberration the Stroller consented last Saturday evening to join a party of three men, seven women and sixteen children on a trip up the Klondike to go as far as he could get and still be back to go to work between daylight and sun up Monday morning.

IN A MOMENT OF MENTAL ABERRATION THE STROLLER GOES CAMPING.

back from 10 to 20 feet, while from the bank would come such expressions as "See pop work," "I could do better myself," and other cheering and stimulating comments.

At 2 o'clock in the morning and after covering a distance that could be drifted back over in 15 minutes, a boulder strewn beach was selected on which to camp.

SIDEWALK ORDINANCE

New One Will Shortly Replace One Now in Force.

A new sidewalk ordinance will shortly be submitted to the Yukon council to take the place of the one now in force, which has been found to be impracticable.

WESTERNERS WIN.

The western Canada cricket team didn't do a "ting" to the Australian and English team Saturday afternoons. When the latter team looked at the score at the end of the game and saw 181 runs to the credit of their opponents and only 36 for them they all sat and were carried from the field on stretchers.

convict, cooked for the outfit, blew smoke in aching juvenile ears, made a packhorse of himself, caught no fish, lost his pocketknife, run short on hooch, his suspender buttons tendered their resignations and every three minutes he was expected to give an affirmative answer to such questions as "Isn't this just too lovely?"

Wanted - Two leading ladies, who can wring their hands and say, "Oh, love! Oh, fate! Oh, death!" in a way that will bring tears to the eyes while the Stroller and two other men who can take any part on the stage and dance later on, one low-browed villain who can hiss and say, "An, ha! At last you are in my power," one funny man who could say cute things at his own funeral, a buck and wing dancer who will never ask for his salary and

of "prop" men who can act parts in which there is nothing to say. Apply to John Mulligan. The Stroller inserts the above advertisement for Mr. Mulligan free of charge. He went on the excursion to Eagle, therefore he has no money. But he fell in love with Eagle and is determined to open a play house there next week.

Prooms, wheelbarrow wheels, two fire proof safes, carpets, chewing and smoking tobacco, tacks, crockeryware, evaporated peaches, a consignment ordered closed at once; also a full line fresh root groceries. J. E. BOOGE, Mgr. Yukon Hotel.

are as unintelligible as a Chinese wash bill, and it is to obviate those difficulties that the new ordinance is proposed. As an instance of how the present ordinance works one has but to walk along Sixth avenue between Fourth and Fifth streets and they will find every sort of a grade from one to six per cent, lots here and there with no walk at all and at the corner of Fourth a walk that projects four feet into the street.

So the mighty freight problem which now occupies the minds of the railroad officials, which has worried the merchants of Dawson sick, and raised such an uproar in the press, is still as far from a satisfactory solution as ever.
