The tide has been very high of late and on Monday noon it overflowed the dyke at the east end of the town. It is thought that all the cattle and horses were safely removed.

While it may be pardonable to estimate the weight of butter in churning which some are able to do with surprising accuracy, it is never a good plan to "guess" at its weight of the salt required for churning. On each dairy farm where butter is made there should be a scale that will weigh to ounces or finer, and both the butter and salt carefully weighed before the latter is added to the former.

DELHAVEN

The pie social under the direction of the Ladies Aid, was an unqualified success. The genial actioneer fairly himself, and every one was pleased over the sum of \$57.00.

M. N. Lyons, the veteran apple man of the community made a record trip to Parrsboro and Springhill last week calling on old customers, and making new ones. This makes about twenty-six years in the apple and small fruit business for M. N. in which time he has made a large circle of friends in Cumberland County.

Several of our foremost fruit growers have sold out their fruit tree-run to the apple buyers.

Speaking of apple buyers leads us to reflect on the changeableness of the times. To have our Sabbath quiet broken by these apple speculators in their high priced touring cars who are so pushed they can find no other day to inspect the orchards is enough to cause the dust of the departed to stir in their graves. Isn't it time the Lord's Day Alliance were getting to work.

G. S. Weaver of Grand Manan is visiting his parents for a few weeks.

Rev. F. H. Bone occupied the pulpit of the Perea Baptist Church Sunday morning.

Pleased to see our genial friend and old acquaintance, G. R. Thorpe with us once more.

J. W. Hubbard is away inspecting fruit in the vicinity of Horton. We are sorry to lose him from our midst but what is our loss is another's gain.

Rev. H. Carter who has been confined to his bed for some time past is reported to be improving. His many friends will be pleased to hear this.

Is the Progressive Class dead? Perhaps so or maybe the members are sleeping.

KENTVILLE RECITAL

The recital in the the Methodist Church on Tuesday evening drew a good sized audience and though the program was not rendered complete, it was a most enjoyable evening. Hiawatha Band was present and rendered several selections to fill the place of absent performers.

Private Lyons, the tenor soloist, was detained at Aldershot and failed to reach town until after the audience had left. Some few returned to the church and heard his delightful voice.

Mrs. Clark played one selection under difficulties though much enjoyed by the audience. She was obliged to leave before filling the second number.

The readings by Mary Tenand Johnston were a rare treat. All her selections were well received and encores were called for. She has a good voice, pleasing manner and excellent delivery, and would draw a much larger house on a second appearance.

A beautiful Weber piano was used on this occasion by the courtesy of the N. H. Phinney Co.

Great Work Done By The Airmen

"On September 28 artillery and photographic work was continued by our airplanes. Over four tons of bombs were dropped on the enemy's airdrome at Controde and Carnieres and on hostile dumps, billets and railways. Another six tons were dropped on similar targets, including airdromes at Controde, where the enemy's anti-aircraft guns, machine guns and searchlights were not active. In spite of the heavy barrage which was put over the airdromes all our machines returned.

LOSE NINE PLANES.

"During the raids our airplanes again used machine gun fire to good effect against all the enemy troops and transports seen.

"As a result of the air-fighting nine German machines were brought down and four others were driven down out of control. One enemy machine was brought down by the anti-aircraft guns. Three of our airplanes failed to return.
