## PROVINCIAL RIGHTS VICTORY IN SIGHT

Mr. Haultain Will be Premier--Scott and His Gang are Getting Desperate, but the Overwhelming Sentiment is With Mr. Haultain--Encouragement From Every Quarter.

The methods being used by the Scott party to try to gain back the thousands in the province who have signified their intention to vote for Mr. Haultain and his party on Friday next, clearly proves the hopelessness of their chance to carry the country fairly. The Scott organizers have all the money they want at their disposal and are using it wherever it is at all possible, whatever money or promises will do, will be done. The party has imported speakers, workers and ballot manipulators from both east and west. What do they care about the character of the men they employ? What do they care about the amount of money they expend? They want to get a favorable verdict, no matter how they obtain it. It is a mystery how they have obtained the money unless it came from friends who have been able to use the government for their own private ends, or else from the many millionaires that have been made such by the Dominion government at the expense of the resources of the province of Saskatchewan and Alberta. No matter how it was obtained we are in a position to know that they have the money and are using it right and left. Unfortunately for the morality of the country there are some within the province who can be influenced in that way, but we venture to predict that the vast majority of the people of the province are above such and can be relied upon to vote as their conscience dictates.

The statements of premier Scott on the questions of railways are not being swallowed by the people as they know he is powerless to act, and even if he weren't they have come to realize that no dependence can be placed on his word.

The Scott Liberal party, for of course, it is not the true Liberal party, is not relying on the record of the government or the party's policy to win the seat, but they are depending upon misrepresentation, boodle and corrupt work. Employees of the government are being used in all parts of the country trying to "influence" voters. J. J. Smith of the Public Works Department and Dr. M. M. Seymour, the medical health officer of the government, toured Lebert and Abernethy. Enumerators and returning officers are doing their best to intimidate voters everywhere. The public works department has resorted to the building of roads and bridges whether they are needed or not, and the work has just started a few days ago. The road and bridge gangs are being used to distribute Scott campaign literature. This public works department does not fail to order work done at any old price where it is thought votes can be influenced.

Whiskey and intoxicants are being used. C. C. Knight, that great temperance worker and sometimes pulp orator is down in South Qu'Appelle, and has evidently changed his views of that question for we have received a report which states that he left Qu'Appelle station in company with others for what are called the foreign settlements, in an automobile loaded with booze. Duncan Marshall is telling the "workers" how to win elections. J. McKinnon of Edmonton has part of the "barrel." Paul Brett, Harry Zimmer and other workers are making all kinds of promises. Everything that party heeled and workers can do is being done to deliver the province to Scott.

Such work cannot count for much among the intelligent class, but it is the duty of thinking men to see to the protection of others. There need be no fear of the results if these scoundrels are watched.

Mr. Scott is trying to lead the people off the issues now by yelling and shouting Hudson's Bay railroad. This railroad is something over which he has no control and the discovery of the south pole is just as much an issue in this campaign. Mr. Scott thinks by yelling railroads and showing maps, that the people will believe they will spring into existence, by magic. He has been the head of the government in this province for about three years, now why didn't he DO something and not TALK just prior to an election.

All along the line the Scott-Liberal party are getting desperate. But there will be a great scattering on and after Friday.

## CHARGE NOT INVESTIGATED

Scott Says Laird Got \$5,000 in Connection with Waterworks Contract--Case Adjudged to Monday Next.

The first piece of court work done in the action taken by Mr. Laird against Mr. Scott for alleged libel, was done in the police court on Monday morning before Magistrate Wm. Trant. The court room was filled. Mr. Laird has as counsel Mr. J. F. L. Embury and Mr. A. L. Gordon; while Mr. Scott was represented by Hugh Robson of Winnipeg and J. F. Frame of Regina.

The prosecution produced witnesses to prove publication, and after this was done Mr. Scott's lawyer admitted it and there was nothing further to do, except call on Mr. Scott and ask him if he wished to make a statement. After some bluffing on his part he stated that he believed the charge he made was true and wound up by saying that Mr. Laird had received \$5,000 in connection with some waterworks contract. It may be stated that this statement was not made under oath, nor did the law allow of Mr. Scott being questioned. Mr. Embury tried to get Mr. Scott to be more specific, but it was of no avail. He did not say who the money came from nor anything further than Mr. Laird got \$5,000 in connection with some waterworks contract.

There was some argument between counsel as to whether the words in the indictment bore out the inferences and eventually the magistrate decided that he must have a week to look up authorities and come to a decision. He accordingly adjourned the case for one week.

An investigation of the minutes of the council at the time the waterworks contracts were let, go to show that the lowest tenders were accepted and that the motions making the awards of the contracts were moved by J. F. Bole, who was a member of the council at that time. These motions were endorsed by Mr. E. McCarthy who was also a member of the council at that time.

## GET ON THE LIST NOW

Those Entitled to Vote Should See That Their Names are on the List--Registration Closes August 17.

In cities and towns those entitled to vote at any election after August 14th must apply personally to the registrar of the district in which they reside, and get his name on the list. Apply personally before the 17th without fail.

In the country districts an enumerator goes round and makes up the list. The lists are then supposed to be posted up. Those entitled to vote should see that their name is on the list. If a voter does not get his name on he will be disfranchised, and at future elections on those lists he will not be allowed to vote. Farmers get busy and see that you get your dues. Liberal enumerators will certainly attempt to keep the names of the opposition off that list. Do not put off till tomorrow, but protect your own interests by getting your name on the list.

## Bribe for Bethune.

The public works department has telegraphed \$500 to workers at Bethune for to be spent on a bridge. A grant was voted for this bridge about three years ago and the structural work done then, but the approaches were not properly made.

Although representations have since been made to the department, nothing was done until a few days ago. Some time ago the council of the local improvement district took the matter in hand and made improvements themselves. However, the work was not entirely complete and although \$150 would make the bridge and approaches satisfactory, the department has authorized the spending of \$500 on the work.

This is strange economy indeed.

## The Fall Dress Materials

We're ready now to show you the newest ideas in Dress Goods for Fall. Our range of Dress Goods is complete and our stock the largest in the country.

The new Self-Stripe Materials will be much used and we are showing them in many pretty weaves. Plain cloths, as Venetians and Broadcloths, are also very popular. The colors most popular are blues, browns, tans and greens, in about that order. Blacks also will be much used.
