MODERN LADY GODIVA

Representation of Historic Event Given in Coventry.

Actress Takes Star Part—Wore Fleshings and Draperies—Was Centre of Pageant Witnessed by Crowds—Many Clergy Leave the City—Rider Complains of Superfluous Clothing—Traversed Six Miles.

Coventry, Eng., Aug. 8.—Mounted on a white palfrey and decorously clothed in masses of hair, pink fleshings and clouds of gauze, a modern Lady Godiva yesterday morning gave a representation of the historic ride through the city streets.

Coventry has been Lady Godiva mad for months. When a revival of the procession, last witnessed in 1887, was first mooted there were many who desired a strict adherence to tradition even to the nudity of Lady Godiva, but the anti-nudists succeeded in effecting a compromise, and a vaudeville actress, whose specialty is to display herself in groups of living statuary, was engaged to represent the historic benefactor of Coventry. The actress, who is said to have complained that she could make half a dozen summer frocks out of the gauze she was compelled to wear, took an hour and a half to arrange her trailing hair and long draperies, and then a special committee had to approve of her costume before Lady Godiva was permitted to take her place in the pageant. Many of the local clergy who had been preaching against the fleshings as being suggestive of nudity left the city temporarily, but most of the people of the country and eighty to one hundred thousand from the outside had a sight of Lady Godiva as she traversed the six miles and of the splendid pageant of which she was the central figure.

The Legend of Coventry.

Lady Godiva, who flourished about the middle of the eleventh century, was the wife of Leofric, Earl of Chester. She was a woman of great beauty and the benefactress of many churches and monasteries. According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax, and he consented to do so on the condition that she should ride naked through the market place. This she did, covered only by her long hair, and thus won relief for the people. According to some versions of the story the people were commanded to keep within their houses while Lady Godiva passed, and only one man, "Peeping Tom," disobeyed, and he was miraculously stricken with blindness.

ARMAMENTS KEEP THE PEACE.

Admiral Beresford Says That to Disarm Would Mean War.

Liverpool, Aug. 8.—The British Channel fleet, consisting of 17 battleships and cruisers, commanded by Admiral Lord Charles Beresford, have arrived to participate in the celebration of the centenary of the foundation of Liverpool.

Replying to an address of the mayor and corporation, Admiral Beresford, referring to the proposals for a reduction of armaments, said he sympathized with the idea of the peace societies, but it was impossible to reduce it, as it was absolutely certain that this country would soon be involved in war.

All implements of war were deplorable, but they kept peace, and the British fleet should be so strong that anybody violating peace should be immediately annihilated.

Irish Tenants Bill Passed.

London, Aug. 8.—After a long and uninteresting debate in which the leaders of the opposition indicated their intention of amending the measure in committee, the evicted Irish tenants' bill passed its second reading in the House of Lords.

A dramatic incident of the debate was the appearance of Lord Clanricarde, the most hated landlord in Ireland.

With bent and shrunken frame, outstretched shrivelled fingers, and in a voice now shrill, now husky with passion, he denounced the bill in unmeasured terms as the "epoch of robbery."

In the midst of his diatribe the aged earl occasionally took a phial from his pocket and sipped the contents.

Every member of the House turned to watch the speaker, but his speech was received in chilly silence.

Deliberately Wrecked.

Winchester, Va., Aug. 8.—An automobile in which Miss May Bushnell, 35 years of age, was riding with Jacqueline Hardesty was wrecked Tuesday night. Miss Bushnell had her skull fractured and died soon afterwards. Hardesty had observed several large stones piled in the road, evidently by wreckers. These were avoided. A few moments later the machine dashed into a large log placed over the entire roadway.

Doctor's Quick Surgery.

Ottawa, Aug. 8.—At Aymer, Que., Tuesday evening John Smith was watching a ball in the air while sucking a big candy.

The candy slipped down the lad's throat, and he was choking to death when a doctor promptly made an incision in the neck and took it out.

The lad will be little the worse in a few days.

Tragedy in Alps.

Berne, Switzerland, Aug. 8.—An automobile containing Herrich Corried, New York, while touring Lake Zurich, ran down and instantly killed an almost deaf peasant near Lachen. Hundreds of villagers threatened Herr Corried and his party.

Three Die in Auto Accident.

Milwaukee, Aug. 8.—Two men were killed, one man fatally injured and a fourth slightly hurt early yesterday when an automobile was ditched at Brookfield Corners.

A CASE OF NERVOUS PROSTRATION

Relieved In a Remarkable Manner By Pe-ru-na.

Pe-ru-na is a Systemic Catarrh Remedy. Especially Adapted to Cases of Nervous Prostration Caused By Overwork, Mental Strain or Extreme Summer Heat.

IN latitudes where warm weather is of long continuance, the inhabitants become more or less accustomed to it. In Temperate Zones, however, where the change from winter to summer is great, the system is sometimes poorly prepared to meet the exigencies of hot weather. This is the cause of much sickness.

Stomach catarrh, indigestion and dyspepsia are not among the least of summer ailments.

When the digestion is disturbed, the assimilation is also affected, and as a result the body does not receive the nourishment it should. Lassitude, weakness, brain fog, loss of flesh and nervous prostration are the natural results.

What is needed is a remedy that will restore the digestive organs to their normal condition.

Such a remedy has been found in Peru-na. It has proven itself of great value in thousands of cases of this kind.

Its action has been remarkable at times in restoring some patients who had given up all hope of recovery.

But there is nothing strange about Peru-na's action. It simply tones up the mucous membranes of the organs involved, restoring them to their normal conditions and leaving Nature to perform her duties unhindered.

That person who has sound, healthy mucous membranes lining the entire digestive tract is well-guarded against the usual summer ailments.

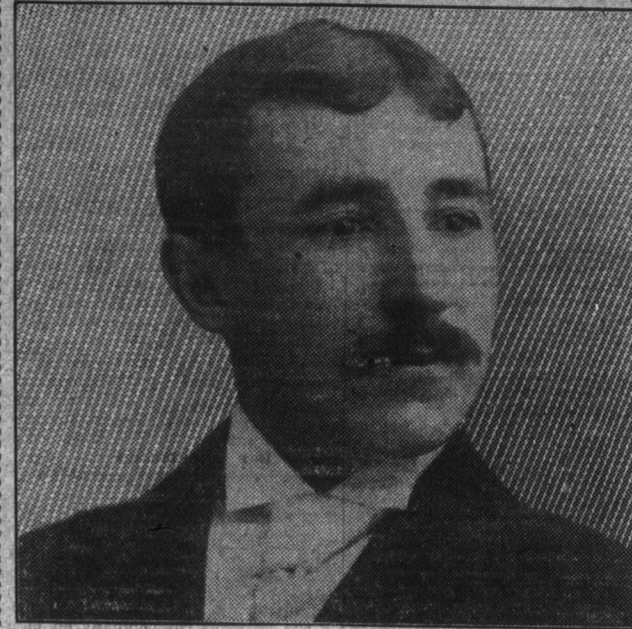

Peru-na is the means whereby to attain this most desirable condition.

If you suffer from any of the above mentioned symptoms, try a bottle of Peru-na.

One bottle of this remedy is often sufficient to convince any one of its merit as a safe and reliable remedy for all catarrhal conditions.

We have many letters of gratitude received from persons who have experienced its benefits.

These testimonials are proof to us that Peru-na has not failed in the mission for which it was intended, that of relieving suffering and restoring health.

MR. P. BRIEN, 23 Third Street, Limoilou, Quebec.

"The fatigues entailed by my duties as accountant began to weaken my system about a year ago. I felt that I would not long be able to withstand the severe strain upon my nerves, as, a thing unknown to me before, I would long for office hours to be over in order to rest.

"I gradually grew weaker and a few months later my sight was impaired. I then broke down completely and was obliged to take to my bed. I was also suffering from palpitation of the heart.

"After a few weeks' treatment by a local physician, I was in the same critical condition and as the doctor held out no great prospects for me, I decided to experiment on myself.

"I took several remedies advertised as tonics, but did not derive any benefit. Peru-na was then given a trial, and before I had taken it a week I felt my condition improving. After a few weeks more had elapsed, during which time I followed the directions carefully, my shattered nervous system became firmer, my sight stronger and I hoped to be out soon again.

"My expectations were realized, for in three weeks I assumed my duties as accountant at the office.

"Peru-na certainly worked wonders on my system, and for persons run-down from overwork, I believe it is the most efficacious tonic."

acts as a good, true friend and is the tonic needed.

"I have tried it for months and am only too glad to acknowledge it as a true, loyal standby in times of trouble. I do not hesitate to recommend it to all."

Completely Run Down—Pe-ru-na Restored to Health.

Mrs. J. Colson, 851 Notre Dame street, Maisonneuve, Montreal, Can., writes:

"Last winter I contracted a severe cold which affected my head and throat so I had to take to my bed and could not do my housework. A friend advised me to get a bottle of Peru-na, and procure a bottle. I felt better from the start. I have taken three bottles and am a new woman. My daughter's system was also completely run down and after using Peru-na she is again restored to health."

"Or if you suffer with sleeplessness or if your appetite is poor, again Peru-na

TOWNSHIP COUNCIL

HOWARD TOWNSHIP COUNCIL.

The municipal council of the Township of Howard met at the township hall Saturday, June 8th, 1907, as per adjournment, all members present.

Minutes of previous meeting and Court of Revision on the outlet east branch Bell or Crawford drain and on Harrison Drain Extension, were read and confirmed.

Communications.

From Jonas Gosnell, County Clerk, giving notice that the town of Wallaceburg had appealed against their assessment as equalized by the county, the judge having appointed June 29th for the hearing of same, also stating that the rate levied against Howard for 1907, general rate \$3.713.15, school rate \$239.25.

From H. C. Secord, objecting to perform his statute labor west of Thamesville bridge, also wishing the council to attend to the completion of the Duffin drain.

From Mrs. A. Julied, asking council to appoint a pound keeper in division 13 instead of A. Julien, deceased.

From H. A. Thomson, manager of the Melsons Bank, stating that on June 30 there was a credit to the township of \$5,233.98.

From Wm. Barker, superintendent of Telegraph Company, stating that they would attend to the removing of poles on River Road as requested.

Reports.

From A. McDonnell, C. E., stat-

ing that he had inspected the Buller drain and found that the drain was much wider than required, with the exception of the south branch, which is not as wide as the specifications called for as to the levelling of the earth have no objections to find.

From E. Brien, stating that he had met on the McLarty and Hatten drain as per resolution of council, all parties being present. Came to an agreement, the township to complete eight and one-half rods of same.

From A. McDermid, township engineer, stating that a portion of an award drain was adjudged to be performed by John Clark, having failed to do so was sold to Charles Wright for \$6.16, other expenses \$4.25, to be charged to the south half of lot 7, concession 4.

From Thomas Scane, C. E., stating that the Crouch drain is now complete in accordance with specifications.

From George Winters, inspector of the Harrison drain, stating that he had inspected same and found some obstructions, notified the parties interested, and they removed same.

From Miles Bright, inspector Crouch drain, stating that said drain was in good shape except at 12th and 13th sideroad, which was badly blocked with drift wood, had same removed, which should be charged to the township, \$100.

From E. Brien, W. A. Walters, re culvert on lake shore, reported that same is now complete at a cost of \$316, recommend that the contractor be paid his amount, less \$25, same to be paid when concrete is satisfactory to commissioners.

From Hiram McLarty, stating that
