### Biliousness.

"I should not think it right did I not give my testimony of what I know to be the value of Burdock Blood Bitters. Being a sufferer from Biliousness, I took one bottle of B. B. B. and it gave me immediate relief. I recommend it as a cure for Biliousness. Annie McLean, Woodville, Ont.

—Mr. A.W. Archibald, Melrose, N. S., writes: "I find SIMSON'S LINIMENT the best selling Liniment I have ever had in my store. Everybody seems to want it, and the demand has quadrupled itself within the last year. I have used it myself and know it to be an article of merit." Mr. W. H. McDonell, Sherbrooke, says: "Send me another gross Simson's Liniment, it sells first rate."

### A Last Resort.

Last summer, says Wm. J. James, of Atherley, Ont., I felt very miserable with pains over my kidneys, fluttering of the heart and nervousness; after taking different kinds of medicine, hearing of B.B.B. I thought I would try it; one bottle completely cured me. I can highly recommend it to others.

—Several valuable mineral springs have recently been discovered in Kings County.

### Puttner's

Has obtained a widespread popularity as a cure for *Coughs, Influenza, Catarrh,*

EMULSION

*Scrofula, Skin Deseases, Nervous Prostration,* Consumption, Impoverished Blood,

OF COD LIVER OIL

and the many deseases of the Throat, Lungs, Blood and Brain.

WITH HYPOPHOSPHITES.

*Puttner's Emulsion* is made from the purest material, is very palatable and can be taken and retained by the most delicate. BROWN BROTHERS & Co., Chemists, Halifax, N. S.

—"THE POPULAR SCIENCE MONTALY" for June will have an article on "The effects of Moderate Drinking," by George Harley, M. D., in which the author records the effect of "nipping" upon the liver, kidneys, heart, and brain, the organs which medical science has shown to be chiefly affected by the use of alcohol in moderate quantities

MABOU, C. B., May 7th.

MESSRS. FULFORD & Co.

Nasal Balm has helped my catarrh very much.

D. S. McDONALD,
Glendyer Mills, Mabou, C. B.

### A Sure Relief.

I suffered from a hard Cough, contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam, as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and today I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. Kent, Telegraph Operator, East Selkirk, Man.

—The June "Popular Science Monthly" will have a copiously illustrated article on "Whistles, Ancient and Modern," by M. L. Gutode, in which many forms of these ear-piercing instruments are described, ranging from the boy's whistle of willow to curious earthen specimens, the work of the ancient Peruvians, and a form in which chemicals are employed.

DO YOU THINK you can get anything better than SIMSON'S LINIMENT for *Rheumatism, Sore Throat, Sprains, Bruises, Stiff Joints, Lumbago, &c.?* If so, we cannot THINK all people THINK as you THINK, and we still THINK that the many testimonials we are receiving from honest people who conscientiously THINK they have been benefitted by its use, and we THINK that you will THINK it too, after you have used it for any of the above diseases.

### LOCAL MATTERS.

GOOD CHANCE FOR INVESTMENT.—Dr. Moore will offer his homestead by Auction next Wednesday.

OBIT.—Mrs. Bent, wife of Mr. A. W. Bent, keeper of Cape Jourmain light house, died on Tuesday of consumption.

COUNTERFEIT COIN.—Leaden twenty-five and fifty cent pieces are said to be in circulation in various parts of the Province.

GOOD SHOOTING.—Messrs. George Copp and Silas Jones shot 67 birds chiefly brant, in three hours at the Cape last Saturday.

A MIGHTY SNEEZE.—John Jeffers, of Newville, Cumberland Co., sneezed a terrific sneeze and dislocated his shoulder. A doctor's services were required to replace the joint.

LONE CLOUD, the great medicine man of the Kiowas, assisted by other braves from the land of the setting sun, gives an entertainment in Music Hall next Saturday evening. Tickets may be obtained at Trueman's grocery store.

ISLAND MAILS.—Several mails accumulated at Cape Tormentine last week, as the boats were unable to cross. On Friday last the mails were all recalled and sent to Pictou. There is still a large amount of ice in the Strait. Steamer Trinacria has been ice bound off Cape Tormentine several days.

COLONIAL FOUNDRY.—A joint stock company has been organized to operate the Colonial Foundry and it is expected that work will be resumed in about three weeks. The fact that Messrs. Emmerson & Fisher, of St. John, are members of the new company is a guarantee that the business will be pushed vigorously.

GASPEREAUX have been very plentiful in the Tantramar for a week past and large catches have been made. It would appear that the influence of the Evangelists and the Salvation Army has not yet extended to the banks of the classic stream, for it is reported that fishing was carried on vigorously in the head waters of the river last Sunday.

MAPLE SUGAR.—Mr. Gough, of Leicester, Cumberland Co., who was in town yesterday selling maple sugar, reports that this is the worst season for sugar-making he has known in forty years. Mr. Gough has a grove of 1243 trees, which in ordinary seasons yield an average of one pound of sugar each, but this year the total yield was only about 600 pounds.

BAIE VERTE ROAD.—Investigation reveals the fact that the charges against the Baie Verte Road School, to which reference was made last week, are without foundation as far as concerns the manner in which the school is conducted. The only disgraceful thing in connection with the school is the way in which two boys and their friends have acted.

AN HONOR WELL BESTOWED.—Victoria University, of Cobourg, Ont., has conferred the degree of LL. D. on Prof. A. D. Smith, of Mount Allison University. In thus recognizing Prof. Smith's merit, Victoria University has shown a wise appreciation and has done itself an honor. The POST congratulates beth the University and the Doctor.

A FINE ANIMAL.—Mr. A. W. Dixon was offered $250 for his four-year-old mare, Kitten, last week, but did not accept. Kitten is well-bred—having been sired by the standard bred stallion Beacon, he by Volunteer. Her dam was the well known trotting mare Princess, by imported Stag. Kitten is very handsome, has an excellent disposition and shows unmistakable indications of speed.

THE ALBERT RAILWAY.—The *Telegraph* says: The Albert railway is now running under the directions of Hon. T. R. Jones, trustee of the English bondholders. It is understood that the management will employ all the men who formerly worked on the road, retaining them in positions as far as is necessary. As to the back pay of the men that will be a matter entirely for legal determination hereafter. Mr. Killam is manager.

NAMES FOR BABES.—The Registration act puts the physicians to a good deal of trouble, says the *World*, and gives them no pay for it. A Chatham doctor, who recently sent in his returns, has received from the secretary treasurer a request for the names, and replied that the infants were not labelled by nature with these useful appendages, so far as he could discover, that the parents required time to select them, and that he would see the government in Jericho before he would make a tour around the country to enquire what names had been selected.

### AROUND TOWN.

—Mr. Alex. Ford is adding a wing to his house.

—Don't forget the Auction Sale at Upper Sackville to-morrow.

—A Baptismal service will be held in the Methodist church next Sunday morning.

—Mr. Edward Read has sold his place in Middle Sackville to Mr. William Campbell.

—Mr. George Smith, Inspector of Schools, is in town this week on official business.

—Mr. Andrew Allen, Inspector of the Halifax Banking Co., was in Sackville yesterday.

—Principal Borden asks for tenders for the erection of outbuildings at the Ladies' college.

—Rev. W. E. Hall has baptized 700 persons during the 23 years he has been in the ministry.

—The N. Y. Freestone Quarrying Co. has loaded one vessel this week, and two other schooners are waiting for cargoes.

—The Evangelists finished their labors at Upper Sackville last Sunday and are now holding services at Point de Bute.

—Mr. Edward Cogswell sold a thoroughbred Jersey calf this week to Mr. Magee, the well known Jersey breeder, of St. John.

—Mr. Humphrey Pickard left for California Friday evening for the benefit of his health, which has been poor for some months past.

—Mr. J. A. McQueen is loading a car with hay at the station to-day. Mr. James Patterson loaded a car yesterday and will load another to-morrow.

—Dr. H. S. Coleman, of Albert, Albert Co., has leased the office lately vacated by Dr. Bowser, and will commence the practice of his profession here immediately.

—The house of Mrs. H. Creamer, Westcock, caught fire on the roof yesterday and had a narrow escape from destruction, as a large hole was burnt before the flames could be extinguished.

—Mr. Jude Vienneau has again commenced work in the Rural Cemetry, and is clearing walks, planting trees and making general improvements. Proprietors can now have their lots put in thorough order.

—Lovers of good music will notice by reference to our advertising columns that The Weber Male Quartette, of Boston, have been induced to give one of their famous concerts in Sackville. Of them the Halifax *Chronicle* says: "The Weber Quartette are in themselves a whole concert, and such a one as is seldom heard here."

—Sackville Drug Store and the adjoining shop lately occupied by Mr. Dixon are receiving a new coat of paint this week—the artists being Messrs. Wallace and George Wry. A new platform has also been put down in front of the buildings. Mr. Dixon seems determined that the outside of his store shall correspond with the interior, and he has certainly effected a very marked improvement.

### GENERAL NEWS.

—There are six hundred men now employed in the construction of the Cape Breton railway.

—A jury at Quebec has returned a verdict of guilty against the Salvation Army, indicted as a public nuisance. The Judge's charge strongly favored the army.

—Delhi and Maradabad have been visited by disastrous hail storms. About 150 persons were killed. Some hailstones weighed two pounds. At Paceloti, Bengal, 20 persons were killed and 200 seriously injured; 2,000 huts were destroyed by hail stones.

—Montreal customs authorities have made a large seizure of valuable Chinese goods, on the charge of being undervalued to the extent of 50 per cent. They are consigned to King Tei Ching & Co., who are about opening a large branch establishment there. The goods are valued at over $75,000.

—A cloud burst caused a heavy flood near Wichita, Kan., on Sunday last, many buildings being demolished. The house of a family named Rockby was swept into the Arkansas River where it sank. Rockby, his wife and two children were drowned. Many horses and cows were lost in the flood.

—While standing on Rockwood asylum wharfs, Kingston, Ont., Dr. Clark, superintendent of that institution, was seized around the neck by one of the lunatics who then jumped into the lake, taking the doctor with him. Dr. Clark, who is an expert swimmer, managed to keep himself and the lunatic afloat until assistance arrived when both were rescued.

—On Sunday morning two brothers named Slaughenwhite, left Torrence Bay, near Halifax, in a boat to shoot duck and seafowl near that place. The sea was very rough but they persisted in going. Late that afternoon the boat was picked up some distance away, but nothing has since been heard of the two brothers. They were undoubtedly drowned.

—The report of the auditors of the St. John Building Society has created a sensation in the city. It showed that the liabilities to shareholders were $82,699 and to depositors $96,125, while its total assets are but $16,594 over its liabilities to the public only. Instead of the company's real estate being worth $95,000, the figures given by the directors, its real value is only $58,000 while loans on mortgages are worth but $64,600 and rent $4,200. It was noted that the books have not shown the true state of the Company's finances for some years.

—A Sydney, N. S. W., press despatch of Saturday says: "A sculling match took place to-day between Peter Kemp, of Australia, and Edward Hanlan, of Canada. Kemp won by five lengths. The race was over the Paramatta course." The race between Hanlan and Kemp was for £500 a side and the championship of the world. The latest advices concerning the men were that betting was even and the Australian was in splendid rowing form. The defeat of Hanlan by five lengths must undoubtedly end his career as an oarsman of note. His day in the aquatic arena has passed.

—A freight train on the Philadelphia and Reading railroad got disconnected on a long grade near Mount Carmel, Pa., Saturday night. The rear section collided with the first section at the foot of the grade, exploding a car-load of Dupont powder. Near the track stood two rows of 17 houses occupied by the Philadelphia Coal and Iron Company's employes. The explosion wrecked all the houses and 12 cars. The stove ignited the ruins, which burned. John Guinn and two girls, occupants of his house, were burned to death. Guinn's two boys escaped with bad burns. While Simon Kerwick carried his wife from his burning dwelling, his five children were consumed. Thirty persons were burned or injured, some very seriously. The money loss is $75,000.
