FASHIONABLE
HATS
FOR MEN.

SPRING STYLE

If you were a hatter we'd tell you all about the superior quality of the fur of which our hats are made, the extra heavy silk band and binding—which, by the way, you know is the part of a hat that wears out first—that our manufacturers use; and also we'd say something about the high grade leathers that go into Suffolk Hats, but as you are not a hatter it might be all "Greek" to you, so instead we just ask you to see these hats. In addition to the Suffolk, which is a high grade American hat, we are showing the Lawson & Hubbard stiff and soft hats for young men. The spring styles are particularly attractive and not extreme in any way. The wearing qualities of Lawson & Hubbard hats are equal to any five dollar hats made in the United States.

Prices for Suffolk Stiff Hats	\$3.00
Lawson & Hubbard Stiff Hats	3.50
Suffolk Soft "	2.75
Lawson & Hubbard " "	3.50
Stetson " "	5.00
English " "	75c to 1.50

A CASH BUSINESS.

WE BUY FOR CASH. WE SELL FOR CASH.

We can underbuy or undersell any house that buys on time or sells on credit.

WE'RE DOING IT, TOO, EVERY DAY.

It needs no argument to prove that the only right way to do business is to buy and sell for cash.

FACTS SPEAK FOR THEMSELVES.

The largest, leading and best houses in all lines of business, all over the land, do business on a strictly cash basis. Credit houses are a thing of the past. If you want the most value your money can buy, GO TO A CASH HOUSE. Cash on the spot is what makes this a MONEY-SAVING STORE. No house selling clothing, Hats, Caps, or Men's Furnishings on credit can equal our values or meet our prices.

Remember we always say---Money Back if Not Satisfied.

ASSAULTED

Bathurst Village Young Men Brutally Beat

THREE STRANGERS

Who Were Working at Messrs Summer's Mill—Seven Arrests Made.

(Special to Events.)
Bathurst, N. B., May 19.—On Saturday afternoon a number of young men of this place, most of whom were under the influence of liquor, got into a altercation in the village, the object of which was to intimidate some men who were going to their work. One of these men was severely handled and somewhat badly cut. Two others who interfered on behalf of their comrades were brutally assaulted, beaten and kicked by the mob. Warrants were at once issued and special constable Fred Chamberlain, sworn in, and with Constables Branch and Ramsey proceeded to make arrests. After some lively scrapping in resisting arrest, the constables were successful in lodging the guilty parties, seven in all in jail. There is a report which is generally believed, that this disgraceful affair is the result of a conspiracy to drive some imported labor out of the place, but this plan has been frustrated. The trial of the young men was commenced Tuesday afternoon before Justice O'Brien, and from report we understand the seven men arrested, pleaded not guilty to the charge of intimidation. Lawyer Landry acting for the Summer Co. while Lawyer J. P. Byrne is handling the case for the defendants. A very large crowd of spectators is attending trial. All the prisoners are out on bail. The case continues tomorrow as very little progress was made today.

EXTENSION

The Bellechasse Telephone Co of Quebec

EXTENDING LINES

To New Brunswick. Will Eventually Connect With N. B. System

The Everts learns that the Bellechasse Telephone Company of Quebec is endeavouring to make arrangements for the extension of its lines into the Province of New Brunswick. This company is already working eastward and is at present working east of Amqui. It is expected that Dalhousie will be reached this summer. The company will probably ask the Town Council for the right to enter and do business in the town and we think this undertaking should receive the support of our citizens. While Campbellton has a local system, yet it is very desirable for the promotion of business that all points in N. B. and Quebec be connected by telephone. No doubt the company would be willing to come to an amiable agreement with the local company and we trust such will be the case. We understand that according to an act relating to the town it has the power to grant this company a charter.

Reference was made to the position in which poles were placed on Cedar St. and after some discussion on the matter, Coun Bruce moved the matter of encroachment of Telephone Co on Cedar St be enquired into by Public Property & Streets Committee. —Carried

Coun McDonald said that recently he had been fourable bodied tramp in town, and made the suggestion that the Council look into the matter and endeavor to find a means to employ such characters. This was done at River du Loup, with good results.

Coun Murray submitted the new Water and Light Debenture, together with a resolution which was a motion of Coun Murray. —Carried

DALHOUSIE

Lumber Co's Big Mill Begins Season's Work

MIGUASHA WHARF

Being Built Will Be of Great Benefit Personal Items

A treat in store for the Dalhousie people will be given by the pupils of the School for the Blind, Halifax on the 26th inst. in the Morris Hall. Principal Fraser, who will accompany his pupils, is already well known to a Dalhousie audience, and no doubt will meet with a cordial welcome. Mr. Geo. Haddow has been instrumental in making arrangements to assure the success of this concert and if we can judge by past experience his efforts will be appreciated by the public.

On Monday afternoon several of our leading citizens were present when the big mill of the Dalhousie Lumber Co started sawing for the first time this year. Since last fall the mill has been enlarged and is now one of the largest on the North Shore. The modern system for moving deals to the end of their wharf; their burning apparatus is very interesting. With their two mills they expect to employ over two men in Dalhousie this summer. The Messrs Hilyard are to be congratulated on their spirit of enterprise and all wish them success.

Your correspondent is not aware that any farmer from Restigouche Co. has applied to the Department of Agriculture to take charge of the illustration orchard as is proposed by the local government to establish in each county. Restigouche county should not miss this opportunity and an application should be sent in for 1905. Pages 19, 20 and 21 of the Agricultural report for 1903 will give any farmer an idea of the conditions.

Fruit can be grown in Restigouche with success, especially certain varieties of apples. Your correspondent has seen as good apples grown in Blair Athol, Dundee, Black Lands, Dalhousie and other parts of Restigouche as could be seen anywhere. Plums and cherries have been a success here also. Every farmer and every person having a garden should try a patch of cultivated strawberries. They are a sure crop here.

Mr. Peter MacNutt's schooner, from Malpeque, P. E. I. is discharging grain here. She has a cargo consisting of about 4000 bushels of oats, some wheat, barley and potatoes.

Mr. P. Charleau the popular contractor of Ottawa, was at Murphy's Hotel this week. He has the contract to build the wharf and ferry landing, at Miguasha P. Q. opposite Dalhousie. Already three piers have been placed and Mr. Charleau informed your correspondent that he expects to have the wharf ready for traffic about July 1st.

The Miguasha wharf will fill a long felt want. Passengers had to get off and on in small boats from the steamer. In many cases they
