MANCHESTER HOUSE.

BRUSSELS AND VICINITY.

The Fall Show of the East Riding of the County of Huron will be held at Brussels, on Thursday and Friday, September 30th and October 1st.

From the *Post*.—Arrangements are on foot for the erection of a new flouring, grist and oatmeal mill on the property of Mr. Thomas, Leadbeater, on the north side of the river.

A young man named Roderick McNichol came in contact with a circular saw, about six o'clock on Monday evening last, at Scott & Martin's mills, township of Grey, and had the thumb taken off and the hand badly lacerated. He is now doing well, and hopes are entertained of saving the fingers of the injured hand.

A man named Schwarz, from St. Mary's overtook a gay Lothario who had induced the wife of the former to leave the homestead and bring with her some of the valuables. The interview was a stormy one and resulted in the renegade lady returning to her first love. On the following day, however, as the happy husband was starting with his wife on the stage, the woman bolted and eluded search, leaving her husband to go home alone. He had recovered the stolen property, and seemed wonderfully pleased at getting rid of his wife.

WINGHAM AND VICINITY.

A man named George McKay, a cooper working with Mr. Wm. Deacon in Wingham, fell down a cellar on Wednesday afternoon and broke his collar bone.

Fisher's mills are to be rebuilt on a larger scale than before. The contracts have been let.

The Twelfth was celebrated with all honor in Wingham, twenty-three lodges taking part in the ceremonies. The speakers were:—Rev. Mr. Cooper, of Brussels; T. Farrow, Esq., M. P., of Bluevale; Rev. W. Davis, Wingham; and Dr. Garner, of Lucknow.

On the 12th inst., Mrs. McCreight, a lady of ninety years, slipped off the platform at the station and fell between the platform and a flat-car. She was considerably hurt, but is recovering.

A Mr. Courtney was standing at one of the refreshment stands, at the pic-nic grounds, on the 12th, when another man came up and knocked him down with a club. Cause, an old grudge.

A boy named John H. Lowler, who resides with his uncle, Mr. James Brannon, on the 4th concession of Morris, was on Wednesday leading a cow to Mr. Matthew Brandon's, when he was met in a bush by a bull belonging to the latter gentleman, which attacked him in a ferocious manner, breaking his right collar-bone and badly lacerating him about the abdomen and on the right thigh, besides severely bruising him about the head and other parts of the body. At last he was knocked down and so stunned that he lay still for a short time, when the bull walked away. His wounds were dressed, and hopes are entertained of his recovery.—*Advance.*

CLINTON AND VICINITY.

From the *New Era*.—According to Assessment Roll of this place, Clinton has now five hundred and seventy qualified voters.

This (Wednesday) evening a concert will be given in the town hall, Clinton, by Miss McTavish, assisted by a number of singers of this and other places, among whom will be Mr. Geo. Cline, of Seaforth, well known in musical circles.

A few days since a child of Mr. Jacob Miller, of this place, obtained some fly poison paper that had been placed to entrap flies, and ate a small quantity of it. The child was soon afterwards taken ill, and would doubtless have died, had not medical aid been procured at once; the child is again all right.

On Saturday evening last the well-known character "Queen Aggie," of Goderich township, came to town and got a little "excited." For a time she paraded the streets, much to the amusement of a horde of youngsters, but getting tired of following her in this manner, they resolved to give her a ride, so, procuring a wheelbarrow, she was safely seated therein, and trundled about town. After having all the sport they wished with her, they dumped her into a ditch, where she was allowed to remain till sobered off.

EXETER AND VICINITY.

From the *Times*,—The Stephen & Usborne Fall Show will be held in Exeter, on Thursday and Friday, the 7th and 8th of October.

On Thursday morning, 13th inst., a bull owned by Mr. George Armstrong, lot 22, con. 4, Usborne, broke out of its pasture field and into the adjoining field where it made a rush at a valuable mare belonging to the owner of the field, Mr. Samuel Wilson, burying its horns in her breast, but luckily missing any vital part. Through the care of Mr. Fishburn, she will soon at work again.

On Monday, 12th inst., quite a fire broke out at the station grounds in Exeter. One day last week, the fire was placed there for the purpose of burning out the stumps, and on Sunday and Monday spread in such a manner as to cause considerable excitement to the villagers, least it should spread to the adjoining woods, and from thence to the village. Water, wood, shovels, pails and men were soon on hand, but not quick enough to save about 500 ties, and a number of cedar posts. Loss about $200.

Some brutal persons entered the pasture of Mr. George Armstrong, Usborne, on the night of the 7th inst., and cut the tongue out of a mare feeding there, so that it hung from its mouth by a slight piece of flesh. The tongue was removed by a veterinary surgeon, but the poor animal suffered so that it was shot. No trace of the villains has been found, but efforts are being made to capture them, and the Council of Usborne offers a reward of $300 for their arrest. The scoundrels do not deserve to be treated as human beings, and there punishment ought to be severe.

A fire occurred at Widder on Saturday, resulting in the destruction of eight buildings. The loss is estimated at $30,000. As in the case of other fires which have occurred lately, grave suspicions are entertained that this catastrophe was owing to incendiarism.

GODERICH, July 21, 1875

This week we announce with pleasure a great advance in the price of wheat. For some time past this grain has been very low, and there must be a large quantity in the country. Now that such large quantities of flour are being manufactured in Goderich, the millers can afford to pay a larger price than regular grain buyers. An advance of 11 cents in a week is a great deal, and no doubt our farmer friends will at once wind us in great numbers. The prices paid here are larger than those paid in any town or city—except Toronto—between here and Montreal. The advance is in sympathy with a movement in American and city markets.

AGUA MIRACULOSO.

This Exquisite Spanish "Toilette Preparation," for beautifying and preserving the complexion and skin, has for years been exclusively prepared by Don Manuel Acosta, an eminent chemist of Seville, Spain, and by him sold in large quantities to the *elite* of that city, Madrid, Havana and elsewhere, as an incomparable beautifier and preservative of the complexion, and certain preventive of Wrinkles, Freckles, Pimples, Sunburn, Tan, and all blemishes on the Skin. While making a voyage to [illegible] some years ago, on one of the British Royal Mail Steamships, Don Manuel was overtaken by severe sickness, and his life for days despaired of, but ultimately, he rallied and recovered, and in an acknowledgement of his appreciation of Dr. Campbell's services, (Dr. C. being at that time Medical officer on board the steamship), he presented the Doctor with the formula from which he prepared his famous 'AGUA MIRACULOSO' (*Miraculous Water.*) So many patients for whom Dr. C. has prepared on occasional bottle, having expressed themselves most *enthusiastically* in regard to its merits, he has determined for the future to prepare it as a STANDARD TOILETTE PREPARATION. Its use imparts to the skin, a dazzling brilliancy, healthy freshness, transparent clearness, velvety smoothness and exquisite softness. A few applications will convert the *roughest* skin into one of Alabaster delicacy. It is not a "Paint" or "Enamel," but a *Deliciously Fragrant Medicated Water* for the skin, of marvellous efficacy. WARRANTED harmless as pure milk. Price One Dollar per bottle. Six bottles for Five Dollars. Expressed to any address. PREPARED ONLY BY JAMES P. CAMPBELL, M. D., Chemist, 66 FULTON St., N. Y. *Beware of dangerous and worthless imitations.* 1473-1yr

Heart Disease.—A Card.

New York, December 24, 1874.

JAS. P. CAMPBELL, M. D. 66 Fulton St. N. Y.

Dear Sir—

For many years my wife has had serious Organic, and of course, Functional Disease of the Heart, and frequently has 'seizures' of the most terrible description, menacing her with *instant death*. I have tried many prominent Heart Remedies without avail, but in Dr. Campbell's 'Heart Regulator' I am free to confess, we have found the "Supreme Palliative," if not the "Radical Cure." Your preparation, Doctor, *always* relieves her *instantly* and *perfectly*, while the 'seizures' are much less frequent and severe. I have also prescribed your remedy in my practice, I can and do, most conscientiously commend its use to all suffering from Organic or Functional Cardiac Derangements.

Very truly yours,
WILLIAM H. BURNHAM, M. D.
Late Collegiate Professor of Anatomy

Local Agents Wanted.

An Agent wanted for each Town and County in the United States.

Parties desiring to act as agents, must accompany their application by a letter of recommendation as to character and responsibility, from and signed by the Editor of a newspaper published in the town or county for which agent proposes to act. The agent is to sell the bonds of the *Industrial Exhibition Co.*

Whole Bonds	$20 each.
Half "	10 "
Quarter "	5 "

The Industrial Exhibition Company will furnish agents with Circulars, etc., etc.

Each newspaper published in the town where agent is located, will as soon as agency is established, be given an advertisement, advertising such agency and the Company, and fully explaining the plans, purposes and objects of the Company. Such advertisement will continue in such papers, as long as agency is successfully conducted.

The Industrial Exhibition Company is the first to adopt the plan so long in use by the European governments, of issuing bonds when the principal is made secure and not risked, but where there is a chance for a large premium, an investment of $20 is sure to return to the investor $21—one dollar more than cost—and the holder of a $20 Bond, may obtain a premium, either of $30, $100, $200, $5 00, $1,000, $3 000, $10 00, $10,000, $50 000 or $100,000. The interest, which is ordinarily distributed to all the bond-holders pro rata, in this loan distributed by chance. The purchaser of a bond knows he will receive back his investment, with a small rate of interest added, and in consideration of taking this small rate of interest, he has a chance in the above named premiums, which are simply the distribution of interest on the whole loan.

Each bond participates in four drawings each year until it has drawn a premium, when it is surrendered, the premium paid, and the bond cancelled.

The Industrial Exhibition Company, under a special charter, granted by the State of New York, is given authority to issue these bonds. The Legislature of the State, recognising the great benefits which will arise from the success of this enterprise, have exempted all the real estate and property of the Company from taxation and assessments for five years, and has also conferred other great privileges.

Every American who understands the purposes of this Company will, of a necessity, feel a pride in aiding it to a successful termination.

Each individual who buys a bond becomes an owner and an interested party, and when he views the structure erected with his money, can say, "I aided to erect in our country, the most magnificent building the world has ever seen, a palace which, in truth, represents the industry, energy and mechanical genius of the American people."

The manufacturers and the inventors of America are peculiarly interested in the success of this enterprise, for the reason that it is to be their home, where all their inventions and manufactures can be exhibited and sold.

The building will contain 5,320,000 square feet space.

Purchasers desiring Bonds before an agency is established where they reside, will communicate direct with this office, from where they can be supplied.

Parties desiring to act as agents, or to purchase bonds will address,

THE GREAT

ENGLISH REMEDY

DR. WILLIAM GRAY'S

Before Taking. After Taking.

SPECIFIC MEDICINE

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc. which, in many cases, are produced by over indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhea, Impotency, and all diseases that follow as a sequence of Self Abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other diseases that lead to Insanity or Consumption and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating those special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine is sold by all Druggists at $1 per package, or six packages for $5, or will be sent by mail on receipt of the money, by addressing WILLIAM GRAY & CO.,
Windsor, Ont.
