**The Eastern Trust Company.**

A few reasons why an estate can be better administered by the Eastern Trust Company than by a personal executor or administrator:—

1. The Company affords the estate absolute security; it has a paid-up capital of \$331,000.00, and a reserve fund of \$223,300.00.

2. It has a long experience in the work of administering estates; it is incorporated for this business of acting as a trustee, and, unlike many other trust companies, it does no other.

3. Its existence is perpetual. Your estate, in the event of the death of a personal executor or administrator, must look around for a substitute, and the work of administration is impeded during that time, and the new executor is unfamiliar with the policy of his predecessor, and confusion results. This company's existence is perpetual, and there is a continuity of policy in its administration that the death of its officers does not break.

4. It possesses the confidence of governments, universities and prominent charities, and administers their funds.

5. A number of other advantages which will appear in due course.

**Have You Given Your  
Stenographer a  
LINE-A-TIME?**

WE have sold a number of them in the last month or two, and the testimonials we have received show the greatest enthusiasm over this little Machine that saves so much for the employer and the stenographer.

Were it not for the LINE-A-TIME hundreds of thousands of typists would have no prospect of relief from the nerve racking and health breaking practice of twisting their necks and shoulders, and straining their eyes a thousand times a day, over note books and record sheets.

Hundreds of thousands of employers would have to go on wrestling with the problem of how to increase the output of their typewriters without requiring more "work" from the operators.

The LINE-A-TIME has become widely popular with employers and office managers, not only as a money making, labor saving invention, but as a humane device that increases output by removing a condition detrimental to the welfare of the operator.

THE PRICE IS \$8.50.

We will gladly put in a LINE-A-TIME for a week or a month so that your stenographer can give it a trial. If at any time she does not like it, or you think it does not do all we claim for it, we will take it back and there will be no charge for the time you have had it.

**EVER-LAS-TIC  
READY ROOFING.**

EVER-LAS-TIC, because it's made to stand the extremes of heat and cold of the Newfoundland climate. It's all wool, asphalted wool, no rubber in it. Rubber rots and is not suited for roofing.

READY ROOFING, because each roll is sold to you complete with nails and cement.

All you require is a sharp knife and a hammer.

— REMEMBER —

EVER-LAS-TIC READY ROOFING, IT'S ALL WOOL AND A YARD WIDE.

THERE'S NO RUBBER IN IT.
