Labradorite

Always we have prided ourselves on the quality of our Labradorite and refused to place on sale stones that did not do credit to the popular beauty that is its chief charm. We have now received the first samples of our new stock and they fulfil in every way our ideas of what Labradorite should really be like when made into jewellery.

Specially selected and extra well polished stones made into an assortment of Pendants—Bean, Oval and Square shape are the chief items in our new selection.

A REQUEST TO MOTORISTS
FOR KIND CONSIDERATION.

It has been brought to the attention of the Newfoundland Motor Association that there are several thousand people in the city who do not own motor cars and who walk to Bowring Park on Sunday and holiday afternoons.

It is a well-known fact that these citizens are deluged with dust in the fine weather and often spattered with mud in wet weather, as however careful a driver may be, it is usually impossible not to raise dust and sometimes it is impossible to prevent splashing when driving through the mud.

The Association has therefore decided to issue a personal request to Motorists generally not to use the Southside Road on Sunday, Holiday and Half Holiday afternoons, thereby affording the many people in the city who do not own cars an opportunity to walk to the Park in some degree of comfort on Sundays and holidays. (This request, of course, does not apply to motorists living on the Southside nor motorists wishing to call at houses on the Southside on these afternoons). This is an appeal to Motorists, not an order nor a demand. A little consideration is all that is asked and the Association believes that Motorists, generally, are considerate.

Issued by the Executive and Road Committee.
THE NEWFOUNDLAND MOTOR ASSOCIATION,
P. E. OUTERBRIDGE, Sec'y-Treas.
