

OUR EXPORT TRADE GROWING

AND THE INCREASE IS IN THE PRODUCE OF CANADA.

Produce of the Mines Increases Little the Fisheries Run Up Into Millions, Cheese and Butter Exports Make a Good Showing - Lumber is Stationary and Agricultural Products Decrease.

OTTAWA, Ont., Dec. 23.—The statement of exports for November shows that the volume of shipments, which kept steadily up through the season, continued unabated to the close of the month, and that large as were the exports of last year the current fiscal year promises to surpass them.

The exports for November were \$14,964,002, of which \$12,000,000 was the produce of Canada and \$2,964,002 the produce of other countries.

Compared with the same month last year this shows an increase of \$3,134,675, of which \$2,775,624 is in the produce of Canada and \$359,051 in the produce of other countries.

Taking the first five months of the fiscal year the total exports amount to \$97,708,006, as compared with \$85,000,487 for the same period last year, an increase of \$12,707,519, of which \$11,222,387 was in the produce of Canada and \$1,485,132 in goods of other countries.

These figures will not prove very interesting to those who have been following the decline of the trade of Canada as it declines.

In goods the produce of Canada, some of the increases and decreases are specially noticeable; thus the produce of the mine shows an increase of less than \$200,000, while the produce of the fisheries show an increase of over \$2,000,000.

The difference in the figures for the two periods of five months each being less than \$100,000, which, however, is an increase.

Animals and their produce show a decrease of a little more than a million, which is surprising considering the damage done to the cattle trade by the continuance of shearing in Great Britain, and indicates a very material increase in the exports of cheese and butter.

Agricultural products show a decrease of about a million and a quarter, or a little over ten per cent., which shows that the quantity of grain exported must have been largely in excess of last year, as the price ruling for wheat and other grains has been considerably less than last season.

Manufacturers show a gratifying increase of about \$300,000, and other items are about the same as last year.

In goods not the produce of Canada the whole increase is in agricultural products.

Statement of goods entered for consumption for November: Dutiable, \$4,629,855; free, \$4,469,451; coin and bullion, \$47,846. Total, \$9,147,152; duty, \$1,580,872. This shows a reduction in imports from November of last year of \$383,847, and in duty collected of \$61,830.

For the five months of the fiscal year the imports are \$23,207,374, a decrease of \$1,149,992 over the same period last year, but the duty collected is \$11,501,154 less than last year, which shows that the increase is in free goods entering into manufacturing.

A new feature is introduced this month in the manner of making the returns of goods entered for consumption, which will prove very useful in future.

Hereafter all the free goods have been put in one line, but now they are divided into 33 classes, which pretty well covers all the imported.

Some of the items are very interesting. For instance, sugar to the value of \$917,019, tea to the value of \$306,415 and coffee to the value of \$88,809 were entered for consumption free of duty last month.

Under the free trade Cartwright tariff these three articles would have been taxed nearly \$1,000,000. Amongst the other large items of free goods are: Raw cotton, \$480,547; wool, \$498,000; hides, \$153,000; steel, including steel rails, \$411,832; steel articles, \$279,918; wool, \$117,769.

Notes: The appointment of Judge Fraser as Lieutenant-Governor of New Brunswick will appear in tomorrow's Gazette.

The deposits in the Postoffice Savings Bank during November were \$618,568 and the withdrawals \$614,832.

WILSON, M.P., PAYS UP. Have His Seat and the Bankruptcy Proceedings Are Stayed.

LONDON, Dec. 23.—The case of Joseph Havelock Wilson, Member of the House of Commons for Middleborough, came up in the Bankruptcy Court Friday.

Mr. Wilson, who is a prominent labor leader, was some time ago indicted on charges of libel against the All-England Steamship Company. Subsequently he brought an action for libel against the Daily News, which had passed strictures upon his management of the funds of the National Seaman's Union, of which he is secretary.

The Daily News, which had passed strictures upon his management of the funds of the National Seaman's Union, of which he is secretary, was upheld by the Court of Appeal, and subsequently nothing remained for Mr. Wilson to do but pay or be adjudged a bankrupt. Should he have to be declared a bankrupt he would have had to resign his seat in Parliament.

It is generally believed that his friends have seen to it that the judgments against him were settled.

SENATOR MILLS IN DANGER. A Crank Wants His Life Because of His Opinions on Silver Repeal.

WASHINGTON, Dec. 23.—As the result of an investigation by the police authorities of a report that an attempt was likely to be made to kill Senator Roger O. Mills, the Senator's son, and Secretary Charles N. Mills have been licensed to carry a pistol for 30 days.

The trouble grew out of Senator Mills' position on the silver repeal bill. When that question was under discussion a man living somewhere in New Jersey addressed the Senator threatening letters, and the language was such as to induce an examination. The New Jersey authorities were communicated with and their replies only confirmed the Senator's reasons for apprehending danger. It was reported that the man had been indulging in some threatening language in New Jersey and had left his home early this week.

Upon receipt of this news it was decided to take some step toward protecting the Senator's life against the supposed crank should be taken.

ANGERS V. PNCAUD. The Minister of Agriculture Sues L'Electeur for Libel.

QUEBEC, Dec. 23.—The Hon. A. R. Angers, Minister of Agriculture, has taken out a suit for libel to the amount of \$25,000 against Ernest Pncaud, proprietor of L'Electeur. The action is returnable on Jan. 16. Messrs. Bellen, Stafford & Bellen represent plaintiff.
