WELL-MERITED PRAISE. The Chatham Banner on Friday gave an extended account of the dedication of the new I. O. O. F. Temple there. A handsome illustrated supplement contains a portrait of Dr. Cl. T. Campbell, of this city, past grand sire and chairman of the committee on Oddfellows' home for Ontario, and an ac-companying biographical sketch con-cludes with the following: "Dr. Campbell is a genial, warm-hearted gentleman, one of the most fluent orators in the order, and deserves all the popularity he has attained. The Order of Oddfellowship owes much to him for the proud position it now occupies in

A NEW ZEALANDER'S TRIBUTE. In writing to the New Zealand Times member of the Australian contingent says: "As far as physique is concerned, the Canadians take an easy lead. They are the finest body of men that has yet come here except her Majesty's Guards. They have as a rule a light, springy, devil-may-care sort of a swagger. They had all a £5 note handed to each of them on landing here, and the night they were in this town several typical groups could be met with. One trio I met was composed of a blue jacket, belonging to her Majesty's ship Powerful, who had on his right a Canadian and on his left a Victorian Rifleman. They were rolling along as happy as sand-boys, with no thought of the morrow. Other groups would consist of soldiers and Canadians intermixed with Cape Town Highlanders, but all happy and sociable. Most of the Canadians speak with an American ac-

KEEP IT HOLY

The Preservation of the Sabbath Earnestly Advocated by Rev. J. K. Shearer-A Mass-Meeting.

Upon the conclusion of the regular services at St. Andrew's Church last night, a mass meeting was held of those to whom it is a matter of interest that there be preserved to Canada a Sabbath such as it was intended that day should be-a day set apart for the Lord, 1 : spiritual and physical good. After an introductory service of song and prayer, led by Rev. W. J. Clark, the president of the local branch of the Lord's Day Alliance, Rev. Thomas Wilson, who presided, introduced Rev. J. G. Shearer, the newly-appointed traveling secretary. The latter's appointment has been due, in large mea sure, to the recognition of the necessity for more active operations for the overthrow of certain existing conditions, and for the prevention of en-On account of the invidious inroads

of worldly pleasures and unnecessary worldly toil, Mr. Shearer believed that there was urgent need of an upheaval of public opinion in order that the great privilege of the Sabbath might remain intact. Illustrating by the present war, the forecasting rumbles of which had been heard in England for many years, and which now is the endeavor to preserve the honor of the Queen and the integrity of the empire. presented the opinion that as the subjects of the King of Kings, whose empire was greater than all earthly ones, it was our duty and privilege to maintain its glory, to guard against all that would tend to lessen it. Such comparatively minor evils as the deri-sion of religion and all connected with It, and the teaching of Seventh-Day Adventism, were to be warded off, but the real danger was caused by two evils, the greed of gold and the desire for pleasure-evils which co-operated because of each seeing in the other the satiation of its own lusts. These were making serious inroads upon the precious heritage of the people. If one of the pleas commonly used, that of convenience, were allowed in one instance, as in Sunday street cars, might not that entail the abolition of reother conveniences, strictions upon such as mail deliveries, newspapers, open shops and saloons? If allowed once, why not always? The danger was apparent, and if provisions were not made so that it might be set aside, then there would be the possibility of a Canadian Sabbath similar to the European and the United States. Commercial necessity was another excuse advanced to justify the desecration of the Sabbath, and because of a present interpretation of existing laws, would be possible for all pursuits under the control of corporations to infringe upon the sanctity of the Sabbath. "The liberty of each to rest demands the law of rest for all," and on that account the alliance was entering into a campaign to create a public and to arouse the public interest in this most important matter. The organization was growing; it had now some 70 branches. Its work had been effective; it should be more effective. He hoped that there would be a recognition of the fact that all such work was of provincial and national importance: i could not be considered as of only local interest.

Rev. Principal Caven, president of the Provincial Alliance, spoke briefly. He believed that if we were to have a Sabbath such as had Europe, the right arm of the Christian Church would be paralyzed. The people should be aroused to the peril. He emphasized the fact that it was not wished to force anyone to pursue a certain line of action. The desire was to educate the

people along this line.

When the service was over the names of a large number of those present were enrolled upon the list of members of the local branch.

Western Ontario Cheese and Butter Association Arrangements for the Season.

At a meeting of the directors of the Western Ontario Cheese and Butter Association held on Friday in Brantford, arrangements were completed for the work of the association during the coming season. There were present: Messrs. R. M. Ballantyne, Stratford, president; A. Wenger, Ayton; James Connolly, Porter Hill; J. H. Paget, Candoro; H. Eagle, Attercliffe Station; Robt. Johnston, Bright; Geo. H. Barr, Sebringville; Geo. C. Goodhand, Mil-

verton; Murdoch Morrison, Hamilton. Mr. Goodhand placed his Milverton cheese factory, free of charge, at the disposal of the directors for illustration and experimental purposes during the coming season, and Mr. A. Smith, superintendent Western Dairy School, was appointed officer in charge of the station. He will conduct ex-periments in fermentation and curd tests, and illustrate the latest and most improved methods of cheese fac-tory operation. Mr. Smith begins his duties at the experimental station in April, and is to be in attendance there every alternate week until the middle of October.

The president and Messrs, Goodhand and Barr were appointed a committee to advise with Mr. Smith as to illustrations and experiments.

The following were appointed instructors at factories and creameries:

Jas. Morrison, Brantford, for cheese
factories in the counties of Oxford,
Norfolk, Haldimand, Welland, Lincolin, Wentworth, Brant, Halton, Peel and Waterloo; A. Smith, Dairy School, Strathroy, at cheese factories in the counties of Perth and Wellington, and also at all the summer creameries in Western Ontario; C. O. Luton, London, at cheese factories in the counties of Essex, Kent, Elgin, and the portions of Middlesex and Lambton ying south of the Grand Trunk Railway, running from Stratford via London to Sarnia; George McDonald, Bluevale, at all the cheese factories, not situated in any of the foregoing. The instructors' duties will include the making of fermentation tests at facapplied for by the managers.

WEAKNESS OF HOSPITALS

Said To Be Incapable of Curing One of

Montreal, March 12.-Mr. Wm. Brownley tells an alarming story of utter failure of the hospitals to cure him of Bright's Disease. He was treated in the best hospitals both in Canada and the United States. They gave him up as incurable. Medical science had failed; the hospitals were powerless to help him. Nevertheless Mr. Brownley is cured. Dodd's Kid-ney pills cured him, and he is a well

man today.
Says Mr. Brownley himself: "I have been subject to Bright's Disease of the Kidneys for many years. I have been in all the best hospitals in Canada and the United States. I could get no relief. I have just finished eleven doses of Dodd's Kidney Pills, and am completely cured. I am a locomotive engineer, and well-known, so many can vouch for this statement."

The Federal Life.

At the annual meeting of the Federal Life Assurance Company of Canada, an extended report of which is given in other columns of today's issue, it was shown that the increasing prosperity of the country during the past year had extended its influence to this company in a marked degree. There was a gratifying increase in the gross income over previous years, enabling the addition of \$194,377 39 to the assets, making the total assets of the company \$1,060,660 80, exclusive of a guarantee capital of \$609,000. The results from investments are eloquent evidence of the care with which the business of the company is conducted, and the amount of new business is ample proof of effective energy on the part of the company's representatives. It is interesting to note, also, that the death rate for the year was the lowest experienced by the company in the past ten years. The meeing was held in Hamilton last week, and we would again direct our readers to the report.

Penn's Treaty

William Penn bought lands from King Charles, for his colony, then traded with the Indians for the same grounds. He paid a double price-very much like the man who buys tailor-made clothing.

The tailor is busy only about ten to twelve weeks each season, the balance of the time he is practically doing nothing. He must of necessity charge such prices as will allow for the long period of his idleness. His clothing cannot be better than ours, neither can it be better made. Our garments are equal to the tailor's in every detail except price. Fit-Reform Clothing Company make them.

Suits or Overcoats-\$10, \$12, \$15, \$18, \$20.

Smallpox Epidemic in the French Capital-Theater Francais To Be Rebuilt.

According to private letters just received from Paris, smallpox is epidemic in the French capital, and the writers advise those who contemplate a trip there this summer to be first vaccinated.

London, March 12 .- The lord mayor, Mr. A. J. Newton, has directed that the Irish flag be hoisted over the Mansion House on St. Patrick's Day, in recognition of the bravery of the Irish troops in South Africa.

THE THEATER FRANCAIS. Paris, March 12.-Paris, which has been vainly yearning for a sensation, found ample excitement in the de-struction of the Theater Francais, which overshadows every other topic of interest. Little damage is noticeable from the outside of the building, as the main wall of the theater, surrounded by galleries, in which are situated the offices and dressing-rooms, is still standing, and it is hoped to reconstruct the interior without rebuilding this wall. The government has decided that the work of reconstruction shall proceed immediately, for which a credit of 3,000,000 francs will be asked.

THE WAR LOAN. London, March 12.-It is estimated that the war loan was over-subscribed within two hours on Saturday. The new war loan, which the Stock Exchange has christened "Khaki's," has been already thrice covered, exclusive of applications from the provinces the colonies and the continent Dealings took place at 21/4 to 21/2 per cent premium

NOTES.

Some of the Paris Exposition buildings cannot be ready before the date set for the installation of exhibits, and some departments will be incomplete for weeks after that date, but the exposition will be formally opened as The cargo of the United States auxil-

iary cruiser Prairie is arriving in Paris at the rate of twenty carloads daily They are unloaded as fast as they arrive, and there is no congestion such as occurred at the Chicago exposition. The French newspapers publish a statement of the American losses in the Philippines furnished by Agoncillo, the Philippine agent, which even the papers publishing it describe as fan-tastic. According to Agoncillo 6,989 American soldiers have been killed and November, 1899, without reckoning the losses by disease.

Lawyer Bright, of Superior City, Wis., who was appointed receiver of the Stinson Bank, Hamilton, by the courts, has failed to make his appearance since his appointment, and the 700 odd depositors have become tired waiting to hear the condition of the estate. On Thursday might a committee was appointed to take steps toward obtaining a full and correct record of all properties held by Stinson, and to look into all mortgages.

THERE IS NO SENSE

In Feeling Miserable When You Can Be So Easily Cured.

Dr. Ward's Blood and Nerve Pills have been a great boon to my daughter Maggie. Prior to taking them she had been suffering from excessive nervousness for a long time, and her nerves were in a terribly shattered condition. The action of the heart was so weak that it did not have strength to perform its functions causing violent palpitation and smothering after retiring. Frequently on account of this smothering sensation she was afraid to go to bed. Slight exertion exhausted her and caused shortness 17,349 wounded between February and of breath. Her blood was improverished and lost vitality, and she had no appetite. She was wasting away and was very hypochondriacal, feeling dejected all the time. Last December she began taking Dr. Ward's Blood and Nerve Pills, and she improved at once. Her blood became healthy and strong, and in six weeks her paired nervous system was res to its normal healthy condition. Her heart responded to the healthy condition of her blood and nerves, and resumed its strong and healthy funcmer American minister to England, tions. She now sleeps without any took place at Yale. ering and choking spells, her appetite is good and she has gained in flesh. Healthy color has replaced pallor, and she is now well and errong, thanks to Dr. Ward's Blood and Nerve Pills. I thank you, gentlemen, for the remedy that has restored new daughter to health.
