

LUNG TROUBLE

Was never cured by dosing the stomach. The two organs are not connected. If they were, food swallowed would choke you. For lung and bronchial troubles you must breathe the cure; and you can't breathe cough syrups, tonics and syrupy compounds. Peps is the rational treatment for coughs, colds, bronchitis and lung troubles. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapor. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not alluring.

On the face of it, now, does this not sound more reasonable than dosing the stomach? Try one box of Peps. A trial will cost you only 50c., and the good you will reap—well, health cannot be expressed in money terms. Be sure of the article when ordering from a druggist or store. Just four letters

Peps

IS HUGHES READY TO TURN ON HIS PARTY LEADER?

Promise to Tell Constituents All Seems Like It.

WILL SPEAK IN LINDSAY

Is To Give Folk There "Insight Into Past and Future," He Announces.

LINDSAY, Nov. 27.—"I feel it is a duty I owe to my constituents to give them an insight into the past and my purposes as to the future," said Mr. Hughes today in a speech here today, according to an interview with the Daily Warrier.

Continuing, Mr. Hughes said: "I intended taking a trip to the south, possibly to Virginia, and will be absent a week or two, but on my return I will address a public meeting in Lindsay." "What are you, Mr. Hughes, chances of success in this election to the position of minister of militia?" was asked. General Hughes—"I wish success. Mr. Kemp will be unopposed in his election—that is, as far as I am concerned."

WARNS BANKERS AGAINST THE LONG TERM LOANS

[Canadian Press.]
Washington, D. C., Nov. 28.—Bankers today received a warning from the federal reserve board against investing in long term loans. A statement issued by the board was interpreted informally by some officials as indicating that the board is opposed to the long term loans of the J. P. Morgan & Co. financial representatives, that American bankers make loans on British treasury bills of indefinite term in Ottawa, secured by gold reserves held in Ottawa. These loans would be for 50 days, with privilege of five renewals for 90-day periods. The board also said that further extension of gold imports that would be dangerous only if followed by great loan expansion and inflation.

EXCHANGE UNAFFECTED.
New York, N. Y., Nov. 28.—The warning of the federal reserve board in the matter of British treasury bills was interpreted as indicating that the board is opposed to the long term loans of the J. P. Morgan & Co. financial representatives, that American bankers make loans on British treasury bills of indefinite term in Ottawa, secured by gold reserves held in Ottawa. These loans would be for 50 days, with privilege of five renewals for 90-day periods. The board also said that further extension of gold imports that would be dangerous only if followed by great loan expansion and inflation.

The Giants of Lilliputania

CUT THIS OUT.

OLD ENGLISH RECIPE FOR CATARRH, DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrh of the Ears, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrh of the Ears, head noises, etc., were the direct cause of the catarrh of the Ears, and that salve, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by noted specialists in perfecting a pure, yet effective tonic that would quickly dispel all traces of the catarrh from the system. The effective tonic, which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. of "Double Deafness" salve. Take this home and add to it a pint of hot water and 1 oz. of granulated sugar, stir until dissolved. Take one tablespoonful four times a day. The first dose should be taken to relieve the distressing head noises, dizziness, giddiness, cloudy thinking, etc., while the hearing rapidly improves. The second dose, given by the tonic action of the treatment. Loss of smell and incoherent speech, which are often entirely overlooked by this affliction, are people who are directly caused by catarrh of the Ears. There must be many people whose hearing can be restored by this simple home remedy. Every person who is troubled with head noises, catarrh of the Ears, or catarrh in their throat, should give this prescription a trial. Important Note: In ordering "Double Deafness" salve, be sure you get the genuine. Your druggist has it or he can easily get it for you. If not send to the International Laboratories, 714 St. Antoine street, Montreal, Que., Can., and they will supply you. Postal note or money order.

LITTLE PROGRESS IN SETTLEMENT OF STRIKE OF MINERS

Conference Still Proceeding, However, at Ottawa.

MEN MAY QUIT AGAIN

Are Frank in Admitting This—Compromise Possible Today.

FERNIE, B.C., Nov. 28.—Latest reports reaching here regarding the condition of the strike throughout District 18, indicate that it is general, and cessations have been complete. Bankhead and Cammore are now reported out to a man, and in addition to the miners at Coleman, this morning, Fernie and Michell coke men will probably follow to-night or tomorrow.

[Special to The Advertiser.]

OTTAWA, Nov. 27.—The conference today between representatives of the Fernie coke miners and two members of the government, Hon. T. W. Crothers and Hon. Robert Rogers, did not result in any progress towards an agreement, and the conference will be continued tomorrow. The men demand a 25 per cent increase in wages, or an investigation into the increase in the cost of living, and a rise in wages based upon the cost of living.

Mr. Crothers has hopes that an agreement will be reached tomorrow, and believes that it will be upon the acceptance by the operators of the alternative proposal, that is, the increase based upon the cost of living. The miners secured an increase last August, although this agreement does not expire until April next, and they are quite frank today in saying that although they might come to an agreement today, they would break it before the first of January if the new agreement did not please them as time went on. The difficulty of the situation is that the operators have entered into contracts with their customers, based upon the wages agreed upon by the miners. They are thus in a serious position.

VILLA IS MOVING TOWARD FRONTIER; JUAREZ PREPARES

Bandits Unofficially Reported in Possession of City of Chihuahua.

[Canadian Press.]

El Paso, Nov. 28.—Francisco Villa's bandit army after its reported capture of Chihuahua City, is proceeding northward, according to meagre information obtainable here today. Carranza military officers at Juarez would not confirm the report that Villa's forces were moving toward the border, and steps were being taken to defend Juarez against a possible bandit attack. This action was in accordance with orders said to have been received last night from General Jacinto Trevino, Carranza's military commander at Chihuahua. General Trevino, one report stated, was moving southward with his forces to join the reinforcements under General Murguía, reported marching toward the state capital.

Direct word from Chihuahua City last night told of fighting Sunday, and the defeat of Villa's forces. Villa's forces were withdrawn to the north. The message added that General Trevino's troops were on the border, and that repair trains had been sent out to restore communication with Juarez. Today telegraph lines were working north of the state capital.

Coalition Rule Says Conservative

Leading Winnipeg Party Man Favors Non-Political Administration.

[Special to The Advertiser.]
WINNIPEG, Nov. 27.—R. T. Riley, leading Conservative, and prominent in financial and trust companies, came out tonight in favor of a coalition administration to manage the war and to take recruiting from the politicians. He favors compulsory military service. His son, Con Riley, the noted carman, is at the front with a battery.

U. S. MILITARY ATTACHE WILL LEAVE BERLIN

Lieut.-Col. Kuhn Has Received Orders of Recall.

[Canadian Press.]
Berlin, Nov. 28.—Lieut.-Col. Joseph E. Kuhn, military attaché to the American embassy, has received orders of recall, and will leave at an early date for New York. No successor has been named. No reasons for Lieut.-Col. Kuhn's recall are given, but it is noted that the activity of the American attachés since January has been confined to studying the war at Berlin. It is considered probable that there will be little change in the situation so long as Germany is without attaches at Washington.

PROVINCIAL BUILDINGS ONLY INTEREST DUKE

GUELPH, Nov. 27.—Apparently the visit of the Duke of Devonshire, here on Wednesday last, or nothing to do with the city. The party is to arrive at the college and spend some time there, where luncheon will be served. From there a visit to the Ontario Reformatory will be made, and the special train will leave there for Toronto about the middle of the afternoon. Prof. George Day is acting president of the college during the absence of President Creelman, and he is completing arrangements for the entertainment of the party. Civic officers are varying in their opinion, though that this little trip is stealing their entertainment, when it comes the turn of Guelph to receive an official visit, is a trip to the college and the "farm" are the most attractive cards that this city has to play in such an event.

Did Lapland Hit and Sink Sub?

Passengers Believe Liner Finished Undersea Craft Off U. S. Coast.

NEW YORK, Nov. 27.—Passengers who arrived here today on the White Star Line steamship Lapland from Liverpool, said they were awakened in the middle of the night by a shock such as might be produced by a ship striking some submerged object. The impact was so severe, some of the passengers said, that they were thrown from their berths.

Wireless advices received the day previous giving warning that belligerent submarines were suspected of presence in the travelled sea lanes, caused some of the passengers to believe the Lapland had rammed one of the U-boats. H. R. Young, an attaché of the American State Department, returning from an official trip to England and France, said he was positive the liner struck either a derelict or a submarine. Captain John Bradshaw, master of the Lapland, was reticent on the subject. Other officers of the steamship said the shock, if any, might have been caused by a heavy wave hitting the vessel.

CANADIANS CAPTURED MORE HUN PRISONERS THAN OWN NUMBERS

Palmer Brings Cannon Roar to Stratford.

GERMAN LINE MUST BREAK

Allies' Mastery in Gunner Has Turned Casualty Tables.

[Special to The Advertiser.]

STRATFORD, Nov. 27.—"The British army will reach the maximum of its great power, the maximum of efficiency, some time during next summer. The battle of the Somme will last as long as the war lasts. The British will go on hammering and hammering the German line until it breaks." Such was the heartening message which Frederick Palmer, the noted correspondent with the British forces, brought to a large audience tonight. In simple language he told of the mighty offensive of the Somme, launched on July 1, and in which the Allies have been pounding away at the German lines ever since. Just ten days from the battlefront, Palmer's story of conditions carried with it the roar of the guns and the smell of the powder.

Canadians' "Bit." "Canada has had its part in this great offensive," said Palmer, "and it should be a source of pride to know that Canadians were a part in striking the blow that has done more to put the great military machine on the defensive." The complete, methodical preparations for the offensive were recounted, and then the attack, the myriads of guns with their continuous roar, the fighting on the Somme as most sanguinary, and admitting that Germany's losses there have been very heavy.

"We must be prepared for other attacks even more serious than those resisted heretofore," said Palmer. "It is always an error to underestimate your enemy. I have no means of knowing how long these attacks will continue, but you may rest assured that the British army will not again be taken by surprise." As regarding the importance of the retreats the Germans have made, the prince quoted von Hindenburg, who said: "The French are excellent soldiers, but they are not German. As a German general, when asked the same question, said: 'You surely have in your kitchen a dried sausage, and in that pan, in the same way, we have had our front dentured.'"

Called British Heroes. Asked as to how the trench was so full of British soldiers, and for such long periods, Prince Rupprecht replied: "The French are excellent soldiers, but they are not German. As a German general, when asked the same question, said: 'You surely have in your kitchen a dried sausage, and in that pan, in the same way, we have had our front dentured.'"

Another Story of New Drive. BERLIN, Nov. 27.—Indications are accumulating, according to military opinion, that the German offensive is a complete one at some new place of the western front, either as a diversion to assist the campaign of the Somme, or as a transfer of the principal attack to another point. British cannon on Saturday concentrated on German positions near Arras in a manner usually regarded as preliminary to an attack. The French have displayed similar activity in the south of Verdun. Both the Entente Allies and the Germans are carrying out reconnaissance forces, while the modern trench warfare takes the form of sudden movements against the opposing lines with the object of bagging prisoners and thereby ascertaining the dispositions and plans of the opposing commands.

A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time. A mother who is weary and languid should take Scott's Emulsion of cod liver oil as a strengthening food and bracing tonic to purify her blood and build up her nerves before it is too late. Start Scott's Emulsion today—it is free from harmful drugs.

NUXATED IRON

Increases strength of delicate, nervous, rundown people 200 per cent in ten days. In many instances, \$100 forfeit if it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. Standard Drug Company, Limited, always carry it in stock.

RUMANIANS ESCAPE TRAPS OF TEUTONS. IS LONDON BELIEF

Enveloping Movement Appears To Have Failed.

THE RETREAT IS ORDERLY

Progress Beyond the Alt Delayed by Condition of Roads.

NEW YORK, Nov. 27.—A news agency dispatch from London today says: News from German sources caused a renewal of hope here today that Rumania may, after all, extricate herself from the precarious position in which her Wallachian forces have been placed by von Falkenhayn's concededly brilliant strategic campaign.

Of prime basis for this hope was the utter lack, in all the German official reports, of any claims of large quantities of prisoners or war munitions. It is known here that the Rumanians succeeded in removing their artillery from Craiova before that city fell into the hands of the enemy.

Retreat Was Orderly. One other source of hope was the report from German correspondents at von Falkenhayn's headquarters that further progress beyond the Alt was delayed because of the condition of the roads.

Both these bits of news led military experts here to reconstruct a story of an orderly retreat of the Rumanian forces from the angle on which two arms of the Teutonic forces were pressing. There was no disposition, however, to dispute the fact that Rumania is still perilously placed.

GERMANS CHANGE THEIR TUNE NOW ON SOMME FIGHT

Predicting More Serious Attacks Than Ever.

NEW RECORD TURNED ON

"Heroic British" Takes Place of "Contemptible Little Army."

ZURICH, Nov. 27.—Crown Prince Rupprecht of Bavaria is quoted in the Muenchener Neueste Nachrichten as predicting that the fighting on the Somme was most sanguinary, and admitting that Germany's losses there have been very heavy. "We must be prepared for other attacks even more serious than those resisted heretofore," said the prince. "It is always an error to underestimate your enemy. I have no means of knowing how long these attacks will continue, but you may rest assured that the British army will not again be taken by surprise."

Called British Heroes. Asked as to how the trench was so full of British soldiers, and for such long periods, Prince Rupprecht replied: "The French are excellent soldiers, but they are not German. As a German general, when asked the same question, said: 'You surely have in your kitchen a dried sausage, and in that pan, in the same way, we have had our front dentured.'"

Another Story of New Drive. BERLIN, Nov. 27.—Indications are accumulating, according to military opinion, that the German offensive is a complete one at some new place of the western front, either as a diversion to assist the campaign of the Somme, or as a transfer of the principal attack to another point.

Enemy Dispersed. LONDON, Nov. 27.—The official communication from general headquarters in France issued this evening reads: "The enemy's artillery concentrated northeast of Prades, and bombarded enemy trenches in the Ypres area."

DEVONSHIRE PARDONS ALL DESERTERS FROM THE CANADIAN FORCES

Governor-General's Decree Will Apply To All.

UNFAMILIARITY COUNTS

Canadian Lack of Military Knowledge Has Been Taken Into Consideration.

[Special to The Advertiser.]

OTTAWA, Nov. 27.—Canadians who enlisted for overseas service and who, for one reason or another deserted, are to be pardoned. It is announced that this is to be done as an act of grace, marking the arrival of Canada's new governor-general, the Duke of Devonshire. The pardon goes to all deserters at large who report for duty by Dec. 15 and to all in prison serving sentences or awaiting trial. The fact that Canadians were unfamiliar with military service led to desertion by a considerable number of men who found it inconvenient or uncomfortable to remain with the units to which they had attached themselves.

149TH ABSENTEE WILL RETURN TO HIS UNIT

[Special to The Advertiser.]
SARNIA, Nov. 27.—D. W. Finnan, a member of the 149th Battalion, who has been absent from the battalion without a pass since November 16, was brought to the station by the police yesterday afternoon, but stated that he intended to return to his unit in the morning, and was given his liberty.

DIETITIAN'S PARADISE

NEW YORK, Nov. 27.—Mrs. Alice Winslow, wife of Lawrence Winslow, third assistant secretary of the American embassy at Berlin, who arrived here today from Germany, by way of Copenhagen, was reluctant to talk of conditions in Germany, but said rigid diet rules were maintained. A piece of meat three inches in diameter and one egg were allowed once a day. For the rest, food consisted solely of potatoes and cereals, Mrs. Winslow said.

IT WAS CANUCKS WHO ORIGINATED TRENCH RAIDING

War Correspondent Says Our Soldiers Brought It Into Being.

NEW YORK, Nov. 28.—Philip H. Patchin, in a lengthy cablegram from London, published in the Sun this morning, credits the Canadians with being the originators of the trench raid in modern warfare. "When the war began," he says, "as far as the British front was concerned," says the correspondent, "and the monotony of trench warfare grew and palled, the Canadian troops invented the raid, which has become an important and effective institution of trench warfare." Concluding a description of this mode of attack, Mr. Patchin says: "Trench raiding takes great daring, skillful preparation and much ingenuity, which the Canadians possess to a marked degree."

BRICK AND TILE ARE ADVANCED IN ELGIN

[Special to The Advertiser.]
ST. THOMAS, Nov. 27.—The brick and tile manufacturers of Elgin and adjoining counties have announced a new list of prices on their products, which includes advances along the cost of raw material and labor. Brick run of kiln is quoted at \$2 per thousand and veneer at \$18. Three-inch tiles will now cost \$14 per thousand and five-inch \$20.

ST. THOMAS PROPRIETOR AND SON ARE CHARGED WITH ILLEGAL SELLING

ST. THOMAS, Nov. 27.—Norman Walker, Port Stanley, was charged before County Magistrate Hunt on Monday with being drunk and incapable on the streets of that village early Sunday morning. Walker pleaded guilty.

When questioned by County Crown Attorney McCrimmon as to where he obtained the liquor, the accused stated he got it at a St. Thomas hotel, where he had been getting it for two months back, by paying \$2 a bottle.

He further stated that on Saturday night the hotel mentioned ran out of supply, and that he met a bootlegger who supplied him with a bottle. As a result of Walker's statement, a charge of illegally selling liquor has been laid by Chief Constable Armstrong against R. H. McLean and his son, Harvey McLean, proprietors of the Duke House. The case will be heard on Tuesday. Walker will come up for sentence on Thursday.
