

## ORIENTS TO PLAY ON WEDNESDAY

Meet St. Thomas At Home in  
First O. B. A. Game.

Orients, as winners of the local O. B. A. group, play St. Thomas in the next round, a home-and-home series, the first game of which will be played in the Railroad City Wednesday afternoon. The return game will be played here Saturday with Queen's Park as the scene of the struggle. Tecumseh Park was first considered, but the soccer people were ahead with their international game, England vs. Scotland. The locals are confident that they can set the Railroaders on their heads right at St. Thomas, reading at the same time that they'll be performing no mean feat if they accomplish their aim. The locals will play practically the same team as they've been using all season in the local group. Hank Downs will do the mound work, and it is felt that the big boy will be in good shape to go the full route against the St. Thomas nine.

A big crowd of fans will accompany the locals on their first invasion of foreign soil.

## SHRIVER BEATS FORMER MATES

Schreiber Gave Former  
Elongated Ace Hurler  
Good Argument.

SAGINAW, Mich., Aug. 21.—Brooklyn defeated Saginaw 3 to 1 here today in an exhibition game that developed into a pitching duel between Paul Schreiber of Saginaw and Harry Shriver and Dugout for Brooklyn.

Saginaw's only run was Elliott's homer over the right field fence in the second. Brooklyn scored three with two out in the fourth. Wheat doubled and Neiss scored from a double. Neiss stole third, Schmidt walked and the pair pulled off a double steal. Schmidt stole third and scored on High's scratch hit. High went out stealing.

The Aces played snappy ball behind Schreiber, two double plays cutting off Brooklyn scoring chances. The playing of Karpus, Mills and Miller was of high order.

## MANY FROM CITIES AT MILITARY CAMP

Lack of Employment in English  
Centers Given As  
Reason.

LONDON, Aug. 21.—(By Canadian Press Cable.)—In connection with the breaking up of territorial training camps, a feature generally commented on this year has been the manner in which the cities have given better support to territorial training than the country districts, partly because of the fact that the cities have been out of employment.

Unemployment possibly is responsible for the fact that the South Midland division, comprising the Birmingham area, went into camp 7,000 strong, and only 600 left after eight days, the remainder staying the full fifteen days. The unwillingness of some employers to grant their men leave to attend camp is noticeable, especially when there is no excuse of pressure of business.

The territorials, as a whole, are 30,000 below establishment, and unless employers and foremen grant facilities to the men to attend camp the effect on recruiting obviously will be serious.

BURGLARS TAKE 3  
CASES OF LIQUOR

Enter Home of Stratford Man  
While Family Is Away.

SPECIAL TO LONDON ADVERTISER.

STRATFORD, Aug. 21.—Burglars, Sunday night, broke into the home of M. Rohlfreich, Mowat street, and got away with three cases of liquor which were stored in the attic.

The thieves entered through the cellar window, taking advantage of the absence from home of the family.

Mrs. Cowan, wife of Scott Cowan of Palmerston who died following a fall from a telephone pole, resided here for some time, being employed as a seamstress.

George Sloan, while at work in the motive power department of the G. T. R. shops, this afternoon received bad bruises on the back and neck when a large bar struck him.

Capt. and Lieut. McGillivray of the Salvation Army are leaving for Glace Bay, N. S. They are being succeeded by Adjutant and Mrs. Fred White of Yorkville.

Nine handsome cups are on show in the office of M. C. McPhail, B.S.A., Perth County agricultural representative. They are to be awarded to the winners in the boys' junior contests at the Junior Farmers' Association field day at Mitchell next Thursday.

They were donated by F. W. Hay, Liberal leader, Hon. Peter Smith, provincial treasurer, Dr. J. P. Rankin, M.P., Whyte Packing Company and others.

ALLOWED FREEDOM AFTER  
MAKING FULL RESTITUTION

MONTREAL, Aug. 21.—Charles Kehler, alias Kling, who hails from Chicago, and Harry O'Connor of New York, pleaded guilty before Judge Enright this morning to securing by swindle from Thomas Cretton of Regina the sum of \$10,300. As they had made restitution in full of the money taken, by the consent of the crown the two were allowed their liberty on suspended sentence provided they get out of the city immediately.

Cretton was robbed by the pair in a fake oil stock deal.

BLAZE DESTROYS FARM

SPECIAL TO LONDON ADVERTISER.

His crops, including 1,600 bushels of grain, part of it being wheat from last year's crop, two calves, and all his machinery and implements were destroyed. There was considerable insurance on all but one building, but it will not cover Mr. Dunlop's loss. The origin of the fire is unknown.

## REMOVE WATER PERIL IN MINES OF CAPE BRETON

Pumps Operated by Protec-  
tion Men Save Situa-  
tion.

LONDONERS ARRIVE

Soldiers On Duty Believed To  
Have Averted Disturb-  
ances.

SYDNEY, N. S., Aug. 21.—With the pumps and protection men of the Cape Breton mines working to-night, and the peril of inflowing water removed, the final day of the first week of the Nova Scotia coal strike passed listlessly with attention focused on the scheduled opening tomorrow of wage negotiations between the United Mine Workers and British Empire Steel Corporation.

The day's chief developments were the announcement of the visit here tomorrow of Provincial Police Commissioner Lieut.-Col. Eric Macdonald D.S.O., and the arrival in Cape Breton from Halifax of Gen. Thacker, officer commanding Military District No. 6, and 700 troops to reinforce those already at Glace Bay.

The situation on the mainland remained quiet, with the pumps manned either by the miners or company officials. No disturbances were reported anywhere. Lieut.-Col. Macdonald will arrive in Sydney tomorrow from Halifax to make arrangements for the coming of his special force of 1,000 men, now being recruited for police service in the strike zone.

Veterans this afternoon made an offer to raise 1,000 men at once for police duty in the collieries. A Royal Canadian Regiment company from London, Ontario, reached Sydney at 11 o'clock this morning, but it was held here until this afternoon when the arrival of another R. C. R. company and a squadron of the Royal Canadian Dragoons brought the combined reinforcements up to the 700 mark.

At 2 o'clock this morning the troop train, numbering about fifteen cars, left Sydney for Glace Bay, where it arrived without incident.

TO HOLD CONFERENCE.

CALGARY, Aug. 21.—At the request of the miners of No. 10 District, United Miners of America, a conference will be held tomorrow between a committee of the Western Canada Coal Operators' Association and the executive of the miners to attempt a settlement of the strike in the coal fields in Eastern British Columbia and Alberta, which has been in progress since March 31 last.

As the miners have invited the operators to confer, there is a general expectation that the conference, may see the beginning of the end of the strike, which affects about 12,000 men.

INCREASE SHOWN  
IN BETTING TAXES

TORONTO, Aug. 21.—The Ontario government's race betting tax receipts from the Fort Erie Race Track last meet is about \$10,000 more than from the first meet this year, according to figures issued this morning. The total amount of money wagered by patrons of the track was some \$200,000 in excess of spring wagers.

The total funds wagered were \$2,780,780, and the total tax collected by the government is \$139,039. The attendance, however, was less, owing to the International Railway employees' strike.

## Use Scarifier To Put Highway Into Condition.

Special to London Advertiser.

CHATHAM, Aug. 21.—The Ontario Department of Highways is at present using a steam scarifier for the purpose of quickening up the work of preparing the highway for winter traffic. Owing to the hard surface of the road in some sections between London and Chatham, gravel will not distribute evenly and will not work with the clay to make a good driving surface. The "scarifier" is being drawn by a steam tractor, and will probably work as far west as Chatham before the cold weather sets in. At present it is working about half-way between London and Chatham.

from that place. One well, he said, is maintaining an output of one hundred barrels daily and a small refinery has been constructed.
