THREE ARE WOUNDED

Associated Press Despatch Minneapolis, Minn., Dec. 14.-Four escaped convicts, who were cornered after leaving the Minneapolis postoffice tonight, shot and wounded a policeman and two bystanders. One of the gunmen was captured and taken to police headquarters, where he gave the name of "Red" Ryan.

All four of the men were alleged to have escaped from the penitentiary sailing for the United States, to at Kingston, Ont., by setting fire to the prison barn and climbing over the walls. Later they are alleged to have robbed banks at Detroit and Chicago.

Those shot were: Patrolman Norman L. Schaef, seriously wounded; Gustaf Erickson, Minneanolis, slightly wounded: Carl Erickson, son of Gustaf, slightly wounded.

The four were followed to Minneapolis about a week ago, and were seen to collect mail regularly at the general delivery window. Tonight when they called they were followed by eight patrolmen, detectives and secret service operatives.

When they got to the sidewalk two of the detectives closed in on the quartet. Ryan drew a gun and shot at one of the detectives, the bullet missing its mark and striking Gustaf

Then, a moment later, Ryan's companions whipped out their guns and started firing as they ran. Police returned the fire and one of the bulets wounded Ryan in the shoulder.
The bandit ran into the front en-

trance of a clothing store and started through it to the alley. Ryan stumbled over a box as he entered the rear entrance and was overpowered. The other three escaped.

Toronto, Dec. 14.-Norman ("Red") Ryan, who is said to have been captured in Minneapolis today after a battle with the police, is one of five convicts who escaped from Portsmouth penitentiary on the morning of Sept. 10 last by scaling the wall with an improvised ladder after firing the penitentiary stable in order to provide a smoke screen. One of the party, Edward McMullen, was younded in the arm by guards dur-ing the pursuit, and he was captured a few hours later, hiding under a fence. The other four got clear. Following is the description given of them by the penitentiary authori-
