made by Salvator on the Svarlight track at Monmouth park, N.J., August 28, 1890. Johnson rode in heavy black tights and two thick sweaters, which tended to impede the free play of his muscles. But even with these impediments Johnson never budged from his position at the rear of the quadruplet, and when he crossed the finish line his front wheel was lapped on the rear wheel of the big machine. As the record breakers and the pace making quartette crossed the tape the features of the men were shoolutely indistinguishable. All that could be heard and seen was a roar, a flash of variegated colors and a cloud of dust. Electrical timing arrangements were provided, and each quarter was checked at both start and finish, so that there can be no doubt of the accuracy of the performance. Johnson made his appearance on the course at about 5 o'clock and rode half a mile back of the starting MR. and Mrs. Noah Shakespeare were "at home" to their friends last syraing, and in response to the intimation to this serious are supported at their cosy residence on Hillide avenus. The Mayor and Mrs. Teague were amongst those present. Music had a prominent place in the entertainment furnished, Mr. Clement Rowlands and Mrs. Rowlands readering everal selections very acceptably.

There was no change in the programme announced in yesterday's Conorms as rendered by the factor of the St. Andrew's Prestyleterian church. Dr. Milne asted as chair man and in the course of his remarks plad a high compliment to Mr. Fred. Richardson's crokestra, which took part in the programme, and he heldsved would attract a crowd to every subsequent social at which they played. The vocal numbers on the programme by Mr. A. C. Martin, Mrs. A. Carmine by Mr. A. C. Martin, Mrs. A. Carmine by Mrs. Spring were also greatly appreciated, the extreme and of the city limits.

second and third quarters. The time for the three-quarters was 2 4 5 seconds slower than the three-quarters made by Dominio last fail. The pace in the stretch was wonderfully fast, and when the quad men orossed the line Johnson was a short foot behind the rest wheel, and riding as if he had been out for an exercise heat. The official time for the mile was 1:35 2 5 Several club riders made the time 1:35 flat. Johnson said after dismounting that he finished well within the limit of his powers and tell confident that he can do a mile in 1:30, and will make the effort over the same course to-morrow afternoon. Something About This Much Discussed Steamer-H M.S. "Champion's" Plans.

It is now a foregone conclusion in marine circles that Victorians are not to see, for some time at least, the new and elegant sidewheel steamer Prince Rupert, about whose building so much has been heard. Though she left Glasgow some time about September 1 with the announced purpose of coming here to give opposition to the C. P. N. Co.'s steamer on the Viccision and that the association must do the rest. The following is his letter on the be played at Brookton Point on Saturday between the Hornets, of Nanaimo, and the public has been still further intensified.

At the cosy residence of Mr. and Mrs. W. D. Kinnard, No. 22 Chatham street, last evening a pleasant "At Home" was held by the Y. P. S. C. E. of the First Presbyterian church. There was a good attendance, and the amusements provided were heartily participated in. An informal programme of music, sto., was also provided.

The police magistrate yesterday gave his decision in regard to John Robinson and John Roberson and John Roberson to the burglary of Drant's saleon last Sunday. Rooney was discharged, he having proved by three witnesses. Charles McGill, Alex. Campbell and A. Cavin, that he was in one of the city saleons from 10:30 on Saturday night till 2 o'clock on Sunday morning, the burglary taking place between 1 and 2 o'clock on Sunday morning. Robinson was committed for trial.

EDWARD BURKE is the name of an unfortunate inebriate taken to the police station yesterday afternoon. He was found in a helpless state of intoxication on Yates street, his misery being added to by the absence of one leg and the crippled state of the other. After sobering up Burke ex-

the world over, endorse it; babies and children like the taste of it. Weak mothers respond readily to its nourishing powers.

the Cream of Cod-liver Oil, is the life of the blood, the maker of sound flesh, solid bones and lung tissue, and the very essence of nourishment.

Mr. Peter Leech, provincial land surveyor, will accompany the party north tomorrow to point out the lands taken up and attend generally to the requirements of the settlers. They take with them provisions for the entire winter, and will employ ehemselves next season in clearing their land and laying out small gardens. Stock will not be taken in until sufficient land has been made available to support them.

All the colonists are enthusiastic and do not fear any of the difficulties which beset the path of pioneers. There is more than a probability that a party of Scotch farmers will be the next to take up land on similar terms to those offered the Norwegians.

When a doctor considers it necessary to prescribe sarsaparilla, he simply orders a bottle of Ayer's, knowing full well that he will obtain thereby a surer and purer preparation than any other which the drug store can furnish. Ayer's Sarsaparilla is the Superior Medicine.
