EAT MORE FISH AND SAVE MONEY

Two Good Reasons Why You Should Encourage One of Canada's Greatest Industries

Two good economical reasons why you should eat more fish: It is cheap and nutritious, and provides a thirty meal.

One of Canada's greatest sources of wealth is her fisheries, and you help develop the industry by eating fish, and also help to put Canada in a better financial position.

Probably you are not aware how little fish Canadian people use.

Great Britain is one of the greatest fish consuming countries in the world. During 1918 she had a per capita consumption of 58 pounds, and in 1919, it is believed, this was increased to 60 pounds. This means that each individual consumed at the rate of more than one pound per week.

In the United States last year it is estimated by officials at Washington the per capita consumption was 19 pounds. Although little reliance can be placed in this estimate, there is no doubt but that the local consumption in the United States has increased greatly in recent years.

A few years ago the per capita consumption in Canada per annum was a matter of ounces. Through the combined efforts of the Canada Food Board and the Fisheries Branch it is estimated that the local consumption at one time reached a point equal to 45 pounds per capita. During 1919 it is estimated the per capita consumption was somewhere between 23 and 25 pounds per annum. Canada is one of the greatest, if not the greatest, fish producing countries of the world. Why have our people so little faith in fish?

Sheer Proved Merit, proving all the time ever since the first machine appeared, Remington Typewriter.

\$1465 GRAY-DORT

F.O.B. CHATHAM
WAR TAX EXTRA

Where Can You Match This Value?

The Gray-Dort has gained new comfort, new convenience, new style. Ten major improvements and a dozen refinements make it easier to drive, easier to ride in—add to its already superlative VALUE.

Among features usually found only in much higher-priced cars, to-day's Gray-Dort offers—gasoline tank in the rear; husky rear axle and cantilever springs, both Chatham built; Westinghouse starting and lighting; hand-tailored Rayntite top; side-curtains which open with the doors.

In spite of doubled production, dealers report that the demand for Gray-Dorts far exceeds the supply. It would be wise to see your Gray-Dort dealer at once.

The Gray-Dort touring car is \$1465 f.o.b. Chatham (war tax extra). The two-passenger roadster is the same. The Gray-Dort Special, with extra equipment and beautifully finished, is \$150 extra on the standard. The Gray-Dort Ace, the most beautiful light car of to-day, is \$255 extra on the standard.
