30 University Fiscal Year closes.

Classes in Arts and Science are open to persons of either sex of good moral character who have attained at least the age of sixteen, and who have passed the Junior Matriculation or Second Class Examinations or an equivalent. Students who have not passed one of these examinations but have attained the age of eighteen and can give evidence of having taken a satisfactory course of instruction may be admitted as Partial Students.

Classes in Agriculture are open to men of good moral character who have attained at least the age of sixteen, have received at least a public school training sufficient to enable them to pursue their studies with profit, and who have spent at least two years immediately preceding entrance at work on a farm.

Fees

All fees are payable in advance. The following fees are required:

1. At Graduation.
For *ad eundem* diploma \$10.00
For B.A., B.Sc., B.S.A., M.A., or M. Sc. diploma 5.00
2. Tuition.
For Undergraduates in Arts, each year 30.00
For Partial Students Registration 2.00
For Partial Students, each class 6.00
If three or more classes, each 5.00
For students in Agriculture, each year 15.00
3. Examination.
Supplemental Examination, each subject 2.00
4. Caution Money 2.00
5. Laboratories.

In addition to tuition fees mentioned above a fee of not less than \$2.00 will be charged. Particulars will be announced later.

Degree and Courses—At first the main emphasis will be laid upon the Three Years Course adapted to the requirements of the young man who purposes making farming his life work. As soon as the demand warrants it, a course leading to the B. S. A. degree will be established. The Three Years Course may be recognized as a portion of the B. S. A. course. Short courses of two or three weeks duration adapted to the special needs of farmers, threshermen and others will be given from time to time.
