

College. The President and Secretary were appointed to co-operate with the students and faculty in the matter.

On motion of the Secretary, Messrs. Davis and Fisher were appointed a Committee to report at a future meeting on the relations of the School of Dentistry to the Board.

The Secretary reported that, in accordance with the resolution adopted at the last meeting, he had forwarded to the Secretary of the National Association of Dental Faculties an official application for the admission of the Royal College of Dental Surgeons to membership in the Association. The required documentary information was also furnished. These were promptly acknowledged by Dr. Cravens, the Secretary, and also by Dr. Abbott, Chairman of the Executive Committee, to whom they were sent by Dr. Cravens. No information whatever has been received as to the action of the Association in the matter. The Board, while feeling that it had not been treated courteously by the Association, directed the Secretary to correspond with Dr. Marshall, the present Secretary of the Association, as to the fate of the application, and if it had not been finally refused to allow it to remain for further action.

The names of those who passed the final examination will be found in report of the closing exercises in another column.
