81 Colborne Street, Toronto

JAMES EDDY, of Flint, Mich., has established a wheel-barrow factory, which promises to consume 500,000 feet of hardwood a year.

By next summer square timber can be shipped from the forks of the Clyde River to Kingston by rail. A track, six and a half miles long, will be built.

J. T. ALLEN, a dealer in Boston, recently had one of the finest ash burls ever seen in that market. It cut over 7,000 feet of veneers, the largest sheets being five feet long by two and a half feet wide.

W. L. CHIMMELL scaled one of the largest pine trees ever cut in Saginaw county, recently, in his camp on Klacking creek. The tree cut 16 feet long. The butt log measured 800 feet, and the top or smallest log 600 feet, making a total of 8,000 feet of lumber in the tree.

THE Seattle, W. T., Chronicle is stirring up San Francisco capitalists with a view to the erection of a wood pulp factory on Puget Sound. Cottonwood is being shipped from Skagit to San Francisco for the purpose of testing it for pulp.

THAT plebeian of the forests—hemlock—is gradually coming to the front for recognition. In New Brunswick lumbermen are becoming fully awake to its value. An operator at St. Stephens recently stated that last season he received \$5 for stumpage on 2,000,000 feet, board measure, of hemlock logs.

THOMAS C. WATSON'S circular, just issued from Pensacola, Florida, says there is a pressing demand for vessels to hewn timber, sawn timber and deals or board cargoes, to ports in the United Kingdom, continent between Bordeaux and Hamburg, and Mediterranean, and full and satisfactory rates can be obtained for almost any size of vessel.

It is the purpose of the Sturgeon Bay Lumber Company to purchase another tug during the winter, if a suitable one can be obtained. In case a large one is bought, it will be employed in towing lumber scows to Chicago, and the Lawrence will be kept for local work. Otherwise the Lawrence will run to Chicago, and a smaller tug will do her business at this port. The company is looking around Detroit for a new tug, but has not yet found just what it wants.

TRABERRY whitens the teeth like chastened pearls. A five cent sample settles it.

The classic moralist bids "Festina Lente," but when you want a good pen you cannot get one of Esterbrook's too quickly. The stationers have them. Wholesale by Toronto stationers.

STATISTICS OF LUNATIC ASYLUMS show that nine-tenths of their patients are brought to their condition by abuses of the generative organs. A great Brain and Nerve food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

TENDERS.

CANADIAN PACIFIC RAILWAY.

Bridge over Fraser River, B. Columbia

TENDERS addressed to the undersigned will be received on or before the 10th day of FEBRUARY, 1882, for furnishing and erecting a Bridge of Steel or Iron over the Fraser River on Contract 61, C. P. R. Specifications and particulars together with plan of site may be seen at the office of the Chief Engineer, at Ottawa, on or after the 10th of January, instant. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms. An accepted bank cheque for the sum of \$300.00 must accompany the tender, which sum shall be forfeited if the party tendering declines to enter into contract for the work, at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted. For the full fulfillment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract, of which the sum sent in with the tender will be considered a part. This department does not, however, bind itself to accept the lowest or any tender. By order, (Signed,) F. BRAUN, Secretary. Department of Railways and Canals, Ottawa, January 5, 1882. 588-1aw

HYDROLEINE

(HYDRATED OIL.)
 An artificially digested
 Cod Liver Oil.

For Consumption, Winter Cough, Affections of the Chest and all Wasting Diseases.

Prescribed by the leading physicians of England, the United States and the Dominion of Canada.

A WONDERFUL FACT. HYDROLEINE mixes perfectly with water, showing a complete artificial digestion of the oil, and just as the HYDROLEINE mixes with the

water, so does it mix with the liquid contents of the stomach, and enters immediately into the system to nourish and build it up. The efficacy of HYDROLEINE is NOT CONFINED to cases of Consumption, as from its valuable tonic effect on the nervous system in addition to its special stimulating action on the organs concerned in the production of Fat in the body, it causes marked increase in weight in persons of naturally thin habit, who do not present any evidence of disease. Unlike ordinary preparations of Cod Liver Oil, it produces no unpleasant eructation or sense of nausea, and should be taken in such very much smaller doses, according to the directions, as will ensure its complete assimilation; this, at the same time, renders its use economical in the highest degree.

For sale by all Druggists.

If you are a man of business, weakened by the strain of your duties, and stimulants and use HOP BITTERS.

If you are a young and discreet, or a single, old or poor health or languish now, rely on HOP BITTERS.

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody. NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminster, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the thin season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminster, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked Tender for C. P. R.

Dept. of Railways and Canals, Ottawa, Oct. 24th, 1881. F. BRAUN, Secretary. 112102
