SOME THINGS WE HAVE ACCOMPLISHED

The TEACHERS MONTHLY and HOME STUDY QUARTERLY enter, with the New Year, on their 13th volume. All our publications, with the exception of the new INTERMEDIATE QUARTERLY and INTERMEDIATE LEAFLET, have been sufficiently long before the church and public to have become thoroughly well known.

We have developed a complete series of Sabbath School Lesson Helps and Illustrated Papers.

We have secured a large staff of Canadian lesson and story writers and other contributors, whose work has stamped our periodicals with the mark of distinct excellence.

The TEACHERS MONTHLY is a veritable *multum in parvo* for busy teachers. Its Exposition, the Question on Missions, and the Question from the Shorter Catechism are unique.

Through the TEACHERS MONTHLY, was developed the General Assembly's Teacher Training Course, with its five Handbooks, which have been adopted by many provincial and state associations, as well as by churches abroad.

Our QUARTERLIES and LEAFLETS were the first to adopt the Question for Written Answers—a feature of great educational value.

The Mission Question with its answer, each Sabbath, is a feature peculiar to our teachers' and scholars' Lesson Helps, and stands for a thorough study of our own missions by our own children and young people.

EAST AND WEST stands for original work by Canadian writers and artists. It gives Canada and the Empire the first place.

The original mission article in EAST AND WEST each week, fresh from the field, and usually illustrated, is a unique feature.

Y. P. S. C. E. Societies turn to EAST AND WEST for the material for their weekly meetings, and the special monthly topic of the Plan of Study is nowhere else discussed so fully.

The boys and girls look eagerly for THE KING'S OWN, with its stories, travel and nature articles, puzzles, and entertaining Letter Bag.

JEWELS has become a household word. The little ones love it.

Our Publishing House has come to be looked to as the most convenient medium for obtaining whatever Sabbath School supplies may be required.

What we have done, is the best guarantee of what we will do.

For some things for which we have planned, see page 499.
