

My!
Aren't they
Lovely?

That's just what you will say, too, when you see these new "Liberty Line" Promotion Certificates.

Everyone who has seen them has been delighted with their beauty—beauty of design and production in soft, rich tints, on finest grade art stock.

The illustrations used in each are reproductions of famous paintings on the life of the Master. These make this new line of Promotion Certificates particularly strong as conveyors of a spiritual message as well as acting as a most beautiful memento of graduation to a higher Grade or Department.

This superior series of new Certificates has never before been equalled at the price—40 cents per dozen, postpaid.

You may return them if you are not entirely satisfied.
