

a quarter of an hour late and I wish members would bear this in mind and get here on time, so that we can get started punctually and have plenty of time to discuss the papers.

I regret that the President cannot be here to-night. He has had to go to Schenectady and wrote me asking if I would take his place.

I would ask the members if in filling out their cards they will kindly put on their addresses. The Secretary tells me that he has had some of the monthly books returned, through members changing their addresses and failing to notify him.

The first order of business is the reading of the minutes of the previous meeting. I would ask that these be taken as read, as the printed proceedings have been distributed to the members.

Moved by Mr. Baldwin, seconded by Mr. Fletcher, that the minutes of the previous meeting be taken as read.

Chairman,—

The next order of business is the announcement of new members.

NEW MEMBERS.

Mr. E. A. Wilkinson, General Manager, Lukenheimer Co., Cincinnati.

Mr. D. Richardson, Foreman, Canada Foundry.

Mr. W. Cureton, Superintendent Moulding Shop, Canada Foundry.

Mr. W. S. Cowan, Foreman Driller, Canada Foundry.

Mr. Geo. Ellis, Machine Shop Foreman, Canada Foundry.

Mr. A. B. Walker, Manager Machine & Tool Department, Canadian Fairbanks Co., Toronto.

Mr. H. Hitchen, Engine Inspector, G.T.R., Stratford.

Mr. Jno. Lusk, Engineer G.T.R., Sarnia Tunnel.

Mr. C. F. Neild, Coal Merchant, Stratford.

Mr. Jno. E. Goldring, Cashier, Canada Foundry Co.

Mr. J. Mauldey, General Foreman, Dominion Bridge Co., Toronto.

Mr. J. C. Grant, Manager B. F. Sturtevant Co.

Mr. T. E. Hicks, Assistant Foreman Bridge Department, Canada Foundry.

Mr. Samuel Woods, Steamfitter, Bennett & Wright.

Chairman,—

That is a new membership of fourteen, which I think is a very good start for the year. If we can keep this pace up we will do very well.
