

ROYAL BAKING POWDER Absolutely Pure.

THE REVOLUTION IN BRAZIL.

LIHA, Peru, November 17.—The latest advices from Rio Janeiro, dated November 15, 9.55 p.m., are that the provinces of Bahia is opposed to the revolution. Viscount Oltro-Franco, ex-Minister of the Interior, an Senator Marquês, have been arrested.

The corvette Bartholomæus Diaz has been ordered to Brazil. OROBRO, November 17.—A despatch from Rio Janeiro says: "The former Prime Minister of Brazil has been ordered to leave the country, and he will sail immediately on the Kibla.

A PEACFUL REVOLUTION. NEW YORK, November 18.—A special cable to the Times from Rio Janeiro says that the united states of Brazil, constituting a federated republic of the different provinces of the empire.

DOM PEDRO'S SUBMISSION. Dom Pedro submitted to the terms imposed on him by the new Government, and agreed to leave the country within twenty-four hours after he received the notice at his summer palace at Petropolis.

BRAZIL'S NEW FLAG. The new flag of the united states of Brazil, which takes the place of the imperial emblem with its crown and coffee leaf, is composed of green and gold stripes, with a blue field, on which are emblemized thirteen stars, is hoisted every where and is recognized in every province.

EVERYTHING TRANQUIL. LONDON, November 18.—Despatches received this afternoon from Rio Janeiro reiterate the statement that the proclamation of the Republic met with no opposition. The latest intelligence received at Rio Janeiro indicated that Bahia and Pernambuco were in a state of tranquillity. People everywhere are so much absorbed in the new order of things politically that business is at a stand still.

The British mail steamer Atropo, from Montevideo for Southampton, is due at Rio tomorrow, and it is believed the Imperial party will take passage upon the steamer for Europe.

Commercial despatches are forwarded from Brazil to foreign countries without scrutiny or delay. All despatches, however, relating to the political situation or giving any information in regard to the new Government have to be submitted to the censor.

A MESSAGE TO THE QUEEN. The Duke of No-mours, father of Count D'Eux, ex-law of Dom Pedro, has telegraphed to the Queen at Balmoral that the Emperor and his family embarked at Rio Janeiro without being subjected to any disagreeable experiences.

It is said Dom Pedro has no private fortune. One-half of the money he received from the British Government every month he devoted to establishing schools and providing for the poor. This he has done for years and consequently he has no fortune to fall back on.

BRIN'S GREETING.

At the reception at Baltimore Monday evening the following letter from the archbishops and bishops of Ireland to Cardinal Gibbons and the American hierarchy was read:

Most eminent cardinal and venerable brethren: It would be strange indeed did not the great thinking that now goes on up to heaven in the hearts of the American hierarchy find an echo from our Irish shores.

Next to the mother of all churches, Rome, herself, what about Church in Christendom can claim a better right to share your century celebration than the Church of Ireland? At her breast we were nursed. From her bosom we have children come to you. Prelates, pastors, people have brought forth to make them your inheritance.

We enter your, thank you for your Te Deum, you would yourselves, we feel, deplore the loss, and the world would justly wonder at her fall. We hasten, therefore, to congratulate you, the venerable hierarchy of America, on the splendid progress your hundred years have given of the eternal youth of the Catholic Church.

While, therefore, the Catholic church of America cries out in the words of the Psalmist—"Who is God, but our God? God, who hath made my strength, and malmey way blameworthy; who hath made my feet like the feet of harts"—we, too, venerable brethren, lift up voices of thanksgiving for that He has wrought in you, and for the share He has permitted Ireland to have in the grace and glory of your 100 years.

It has been your lot, alas, to see our flock diminished under the civil and political institutions of this land, and more than once during the century of your happy progress have you heard from across the ocean the voice of Ireland asking for bread for her perishing children. But we recall these sorrows now, only that we may record our people's gratitude to America. May God reward with blessings richer than any yet received the Bishops, priests and people of the American church and all their fellow citizens who, though outside her pale, have yet shared her feelings and rivalled her loyalty towards the children of Ireland.

Accept, your eminence and venerable brothers, these words of loving congratulation. We had hoped that some members of our body would be able in person to bear to you, but heavy cares and imperative duties at home have prevented them. Alas, our time of weariness and struggle is not yet passed; you know, however, that our hearts are around you, that millions of our children are around you, and that in their love and loyalty you have a pledge of our devoted attachment.

Signed on behalf of all the Irish prelates: MICHAEL LOGG, Archbishop of Armagh and Primate of All Ireland. WILLIAM J. WALSH, Archbishop of Dublin and Primate of Ireland.

JOHN MACDEVILLY, Archbishop of Tuam and Metropolitan of Connaught.

Mrs. Parnell's Sad Condition. NEW YORK, November 16.—A despatch to the Herald from Bordentown, N.J., says: Mrs. Parnell is alone, penniless and actually destitute of the necessities of life.

Young Campbell Caught. NEW YORK, November 15.—David Campbell, son of the Montreal tailor, has been caught here charged with forging bills to the amount of \$16,000. He will be sent back to Montreal.

Mistake of Words. It is probable that more errors are made in the use of the word "only" than in using any other word in the English language.

Over Two Million Killed. How many people have been killed in the wars of the last forty years? A German Statistician, Professor Engel, says the London University has counted them and given us some very ghastly figures. The Crimean war, he tells us, cost the lives of three-quarters of a million people. There were doubtless a great many soldiers killed at Kalafat and Silistria while Turkey was of 1861 comes in for 500,000 combatants, and all on the Alma, at Sebastopol and on the Tchernaya, not to speak of the "noble six hundred" of Balaclava; but three-quarters of a million is really a very big figure.

COMMERCIAL. MONTREAL MARKET QUOTATIONS. FLOUR, GRAIN, &c. FLOUR.—Receipts during the week were 9,891 bbls against 29,935 bbls the week previous. The market is quiet, although a fair business has been done prior to ending up the marketing season. Shipments have left this week and two are on loading for Gulf ports, principally with flour and mill feed, a good portion of these shipments being from local mills. Spring grain has been placed at \$1.75 to \$1.85, and Manitoba strong at from \$1.50 to \$1.60 per bbl. Straight rollers are quiet, with last sales made at \$4.50 to \$4.65, a few choice brands being quoted \$4.70 to \$4.80. A fair local demand is experienced at within range of quotations. The export demand is very slow, and prices in Liverpool and London have declined 1/2 to 2/8 on the week. Prices here are quoted as follows: Patent winter, \$5.00 to \$5.25; Patent spring \$4.75 to \$5.10; Straight roller, \$4.40 to \$4.65; Extra, \$4.05 to \$4.35; Superior, \$3.10 to \$3.75; Very Strong Bakers, \$4.50 to \$4.75; Strong Bakers, \$4.00 to \$4.60; Ontario bags, extra, \$1.90 to \$2.05.

ATLANTIC.—The market is steady under a fair business. We quote: Standard in bbls \$3.85 to \$4.10, and granulated \$4.10 to \$4.30. Rolled oats \$4.50 to \$4.75, and Moulton \$22 to \$23.

WHEAT.—Receipts during the week 101,548 bushels, against 344,060 the week previous. In the absence of business here to any extent prices here are nominal and irregular, with buyers and sellers wide apart in their views, the former quoting 91c to 92c and the latter 94c to 95c for No. 1 hard, but 92c is said to be a fair average price. Sales, however, were made yesterday at stations along the line of the Grand Trunk Railway of No. 1 Manitoba hard wheat at 91c, the freight being the same as that to Montreal. The Chicago market is firmer and higher, being up to 82 1/2c Dec. at noon to-day. Many local dealers manifest a great deal of confidence in the future of the week 109,254 bushels, against 39,804 bushels for the week previous. The market here is firmer in sympathy with the stronger feelings in the West, and prices here are quoted at 42c to 43c in bond.

OATS.—Receipts during the week were 15,169 bushels, against 9,170 bushels the week previous. The market rules quiet, with a few car lots of Ontario selling at 31 1/2 to 32c. Lower Canada oats having sold at 30c to 31c at 30c to 31c at 30c.

BARLEY.—Receipts for the past week were 22,108 bushels, against 16,047 bushels for the week previous. The market is very quiet, and dealers do not feel much inclined to buy. Some car lots of matting barley have been disposed of at from 50c to 55c per bushel. Feed barley is quoted at 45c to 46c. It is hoped that the low prices of Barley in Canada may induce English buyers to take hold, and a number of samples have already been sent over to see if any business can be done. There is a very poor outlet in the United States.

MALTS.—A few sales have been made for shipment East at 80c to 85c, and we quote 75c to 80c as to quality and quantity. SALES.—The market is very quiet, but it is expected there will soon be a little interest manifested in the English market for red clover. A few inquiries have already been made, but in a little more than a week ago we quoted 8 to 9c per lb. Canadian timothy \$1.08 and American \$1.60 to \$1.65 per bushel.

RECEIPTS.—Receipts during the past week were 36,448 bushels, against 37,035 the week previous. Sales have been made at 70c in store per 60 lbs. BUCKWHEAT.—The supply of buckwheat is large and the demand good, although a little less at present. A car lot was offered at 35c per 48 lbs in the country, but at that figure it is claimed cannot be used here. We quote 35c to 40c as to quantity and quality.

PROVISIONS. DRESSED HOGS.—Receipts during the past week were 501 carcasses against 240 carcasses for the week previous. Car lots of nice bright hogs, of light average specially suited for butchers, and received in refrigerator cars have been sold at \$6.50, but for the ordinary packing lots at \$6 to \$6.25 per 100 lbs are fair prices.

The exports last week were 1,888 pkgs. against 2,418 pkgs. for the corresponding period last year. The total shipments for the season to November 9th were 40,539 pkgs. against 15,460 pkgs. for the corresponding period in 1888.

CHEESE.—Receipts during last past week were 30,608 boxes, against 23,181 boxes the week previous. The total shipments for the commencement of the season to November 9th were 1,079,419 boxes against 1,042,451 boxes for the same period in 1888.

EGGS.—Receipts for the past week were 834 pkgs. against 238 pkgs. the week previous. A fair demand has been experienced for Montreal laid, which have sold at 17c to 18c, but the receipts of Western are increasing, the quality of which is poor, with sales reported at 16c to 16 1/2c. Held fairs are quoted at 18c to 20c and new laid at 21c to 23c.

DRESSED POULTRY.—The mild open weather has mitigated against the sale of dressed poultry, and lower prices have been accepted, sales of turkeys in cases having been made at 8c to 9c, the latter price for choice fresh dry picked birds. Chickens and geese have sold at 6c to 7c and ducks at 8c per lb. Considerable sales have been made in the country for the American market at good prices.

GAME.—Sales of No. 1 wild geese have been made at 45c to 47c per brace. A lot of 50 brace of mallards selling as low as 25c, smaller lots bringing 30c. The supply of venison so far has been small, which has sold fairly well at 12c to 15c for saddles as to quality. A few carcasses have sold at 3c to 10c per lb.

HAY.—Considerable quantities of Bohemian hays are being offered on this market just now at 14c to 15c duty paid. About 100 tons of Canadian hays have been disposed of at 10c, a few choice bales selling at 11c per lb. We quote Canadian 8c to 12c for good to choice, and old at from 6c to 6c.

FRUITS, &c. APPLES.—The market has ruled quiet during the week, with a few round lots are selling at \$3.00 per bbl. for good to fancy. Cables advices from England report a decline of 1c to 2c per bbl. The shipments last week ending Nov. 9th were 32,781 bushels from Montreal, of which 17,632 bushels went to Liverpool, 4,225 bushels to London, 9,205 bushels to Glasgow and 1,758 bushels to Bristol. The shipments from New York were 8,044 bushels to Liverpool, 1,850 bushels to Liverpool, 1,803 bushels to Glasgow, 260 bushels to London and 1,146 bushels to Hull. From Boston to Liverpool the shipments were 14,292 bushels. From Halifax to London 5,286 bushels, and from Annapolis to London and Hull 17,000 bushels, making a total of 72,868 bushels. Latest cable advices sales on Montreal account netting shippers \$3.10 per bbl. here. A sale has just been made for Glasgow at 13s 1/2 c o. b. here.

ORANGES.—Jamaica oranges \$7.00 to \$8.00 per bbl. and \$5.00 to \$5.50 in boxes. LEMONS.—The market is dull at \$1.00 to \$3.00 per box. GRAPES.—Malaga grapes have sold at \$4.75 to \$5.00 per cask; Bibe at 4 1/2c to 5c per lb. and seed and green at 10c to 12c per lb.

Health Before All. EXAMINATION AND CONSULTATION FREE. Office Hours Weekly (Except Sunday) From 9 a.m. to 5 p.m. We hereby certify that we have the best Purgative for the lungs, guaranteed to purge at any time of the year. CERTIFICATE. JUNE, 1887.

I am happy to be able to allow Madam Desmarais-Lacroix to publish the following Certificate: I had a son, eight years of age, who had been ill from birth of consumption, caused by worms and poverty of the blood, and after having been attended by many doctors, always without success, for they all gave him up, I found myself compelled to appeal to Madam Desmarais-Lacroix, 1263, Mignonne street. Upon seeing him they diagnosed his case and expressed his being able to cure him. At the end of a week, under their treatment, the child suffered so much under the action of their remedies that I was on the point of discontinuing them; but, under the encouragement that they gave me, I felt more easy, and I was justified in doing so, for it had a very good result in the end. After three weeks he was perfectly cured. If any one desires further information, I will be very much pleased to give it to them, for indeed I owe them eternal gratitude for having saved my child, whom I esteemed so much and whom all doctors condemned. M. NICOLAS ORFÈVRE, 1263 Mignonne St., City.
