Bourassa, Mr. Henri (Labelle)

Address in reply, 234. Indications of prosperity; immigration; necessity for review of our economic system, 235; Quebec not bound to a policy of high protection; immigration and the population difficulty; equal facilities for Canadians as for Europeans, 236; repatriation of Canadians; British immigration, 237; success of small settlements rather than wholesale immigration; settlements at Gravelbourg and St. Paul de Metis, 238; equality of status; making peace permanent; the League of Nations; appointment of foreign ministers, 239; minister to France, 240

Budget, Amdt. (Mr. Cahan) 1094. Progressives and labour groups; Liberal party and Conservative principles, 1094; effect of budget on social and economic life; taxation

Bourassa, Mr. Henri—Con.

Budget—Con.

system; the tariff; unsoundness of protection; objection to taxation of families; large families and indirect taxation; effect of protection on quality and efficiency of manufactures; comparison of Canadian and foreign standards of living; artificial industries and the tariff, 1095; the cotton and rubber industries; woollens, sugar and pulp and paper industries; need of markets for by-products of wood; encouragement to small industries; protection of industry, 1096; over-capitalization; economic absorption of Canada by the United States; condition of the labouring people; changed conditions since twelfth and thirteenth centuries, 1097; specialization of labour in industries; population problem; higher tariffs would not remedy emigration; fiscal policy must be adapted to Canadian conditions, attention to rural problems and maintenance of farm population; Progressive party and British preference, 1098; proportion of empire labour content and British preference; Geneva economic conference and the tariff question; imperial or national preference and the world tariff reductions; income tax, and invalid dependents, 1100

Main motion, 1328, 1331. Right of every member to express his views on motion for committee of ways and means; consequences of the rules of debate established by the house; enforcement of the forty-minute rule, 1331; limitation of all but leaders of the two "historical" parties to forty minutes; the Prime Minister and party evolution; the province of Quebec and the elections of 1925 and 1926, 1332; inconvenience of group representation; principle of free representation of all classes and groups; the two-party system; vindication of the recognition of the needs of all classes; evolution of representative government, in Great Britain; British system of government, 1333; rise of the Tories and Whigs in England; services rendered to modern England by newly-risen parties; the labour party, 1334; tumbling down party system of gov-
