

PREFACE.

THE design of the Compiler of this Book is to place in the hands of Merchants, Clerks, Mechanics, Farmers, and all Men in the private walks of life, a Book of Legal Forms, to ease the burden of those who labor under the disadvantages of a want of legal information; also, to comply with the very numerous inquiries made him for a work of this description, which the Compiler will spare no pains to make a work worthy of support, and to be of a great benefit to the public generally.

This Book of Forms will enable those who may think proper to do their own business, and avoid unnecessary waste of money and time at law, as it will be the means of preventing many a law-suit. By this assistance we are not compelled to neglect our business for that which can be avoided by procuring this Book of Legal Forms.

This work will also contain Profit and Discount Tables; Interest Tables at 6 and 7 per cent.; Tables of Exchange on England, at rates varying from 9 to 16 per cent. premium; Currency converted into Sterling, and Sterling Money into Dollars and Cents.

With these considerations before him, together with the low price at which this work is offered, he is induced to publish, and most respectfully solicits the patronage of this great and growing portion of our community for the same.

N.B.—This Book will be published as soon as there is a sufficient number of Subscribers to warrant the undertaking. It will be printed on good paper, in a convenient form, and neatly bound in Fancy Leather. Price, 6s. 3d., payable on delivery of the Books.

Montreal, November 5, 1849.
