ROLLER SKATING RACES.

Norman Anderson of the 13th York Rangers won the half-mile race Thursday night at the Riverdale Arena. He was immediately challenged by the soldier, Douglas Pratt, of the Army Service Corps, who ran second to a matched race. The two men ran a second race, and Pratt pulled out to win. The regular skating rink claimed that owing to so many starters, there being no less than twenty-seven entries, he had no chance of being held on the corner, and feels he has a first-class chance to beat Anderson with an even break.

ALLY SLOPER, Long Shot,
Wins Grand National

LONDON, March 26.—The Liverpool Grand National Steeplechase, the greatest racing race in the world, was run today for a stake of £20,000. The winner was Ally Sloper, a long shot, who won by a distance of four miles. The race was held at Liverpool, and was won by Ally Sloper, a long shot, who won by a distance of four miles.

THE KENTUCKY DERBY.

NEW YORK, March 26.—That the Kentucky Derby really means business this year is disclosed by the announcement of Schuyler L. Derby, who says that he will not race this year, but will be sent directly to the Churchill Downs track to be fitted for the big event on May 8.

Sharpshooter is the stable's first string and will be the colt's private trials. The slight lameness which showed up on the colt last night is being treated by the stable's veterinarian. Sharpshooter and it was a question of his possessing the ability which Sharpshooter displayed on several occasions.

Of the western candidates the work of Chalmers, Emerson Cochran, Pitt, Jr., and Lake and which undoubtedly cost him his first honor in that event, has entirely disappeared, and he must be seriously considered as a possible victor in the Kentucky chase.

As to Phosphor, Trainer Karpick always maintained that on that colt's private trials he had the best two-year-old in training last season. His speed was far superior to that of his stable companion, Sharpshooter, and it was impressive up to date, all of them showing exceptionally forward development over the Lexington track.

FIGHTERS TRAIN.

HAVANA, March 26.—Jack Johnson and Jess Willard put in several miles of road work this morning. The weather was threatening and the pugilists expected to work indoors during the afternoon. Both men expressed satisfaction with the selection of Welch as referee.

Battling Nelson's twenty-round fight last night with Jimmie Froyer is the talk of both camps. Johnson says that Nelson's victory was "a tip on the result of the big battle."

"OUT-OF-WORKS" MAY DELIVER LETTERS

It is expected that the unemployed question will be somewhat solved if the plans of several large firms in Toronto are carried out when the new year tax is put on letters April 1st. One firm has volunteered that as they have upward of 50,000 letters per month to deliver it would be an economy to make messengers (unemployed) to make delivery of their mail, and are at present arranging routes in districts in order to facilitate the scheme. The government will not reap the revenue expected, but some of the unemployed will get work, and the firms claim it will be more economical.
