SEWAGE SYSTEM**

orks Commissioner Harris
fers That Decision Be
Withheld for a Time.

HOMPSON, CANDIDATE

Former Fire Chief May Enter
Municipal Arena at Next
Election.

If an immediate decision is required
Works Commissioner Harris will re-
commend the Imhoff system of sew-
age disposal for the city, which will
cost approximately \$6,000,000. He
says, however, that he would rather
have the matter left in abeyance for
a time, as a new system is being tried
in Milwaukee and is giving excel-
lent results, showing 88 per cent sludge
solidification. This is only a small unit,
and the commissioner would like to
see a larger system in operation be-
fore he comes to a decision.

Tuesday, Nov. 3, will be tag day to
raise funds for the benefit of Toronto
battalions, and in this connection
Mayor Church appeals to the public
to contribute generously. He points
out that this is the first time the citi-
zens have been asked to assist the
Toronto soldiers particularly.

Purchase of a civic nursery will
again be discussed at the meeting of
the parks committee on Tuesday,
when Parks Commissioner Chambers
will report on the various projects
offered. He is still of the opinion,
however, that the farm near Oakville
would be the most suitable.

There is a rumor going the rounds
of the city hall to the effect that ex-
Fire Chief Thompson will be a can-
didate for civic honors. Some believe
that he will try for a seat on the
board of control, but it is generally
believed that he will seek election as
alderman for ward two.

Complaints are being sent to the
mayor regarding the housing of troops
in the stables at the Exhibition. He
said yesterday that he thought the
buildings were to be used for stabling
horses only, and that they would not
have been cleaned up had he known
that men were to be placed in them.

On Monday next, the appeal of the
city against the decision of the Ontario
Railway Board, allowing the Toronto
Railway Co. to operate cars with
running boards until a new type of car
is decided upon, will be heard at On-
tario Hall.

W. J. McCullum was yesterday
given a permit by the city architect's
department for the erection of a
dwelling on Kewatim avenue, at a
cost of \$3,000.

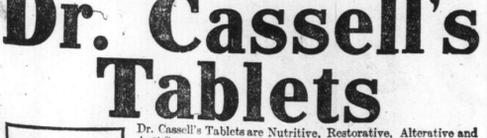

Land values on Walton street were
yesterday reduced by the court of re-
vision, from \$110 per foot to \$100. On
Edward street they were reduced from
\$175 to \$160, and on Elm street from \$200
to \$180.

A reduction of \$100 per foot was
made of J. J. Greey's land at 312-320
Longe street. The assessment was
for \$1600 per foot.

Controller O'Neill will make a one-
story addition to his laundry at 2
River street, costing \$4300.

**Saved from
the Asitania**

Steward Who was Picked Up Unconscious describes his experience.
So Nerve Shattered His Friends Hardly Knew Him.
Now, Restored to Vital Strength by Dr. Cassell's Tablets, He Sends
Letter of Thanks and Praise.

Mr. James Clarke, of 12, Kew-road,
Birkdale, Southport, Eng., a Steward of
the Lusitania, was picked up to his
duties below deck when the German
torpedo found its mark, and in sixteen
minutes sent the superb vessel to the
bottom. Then began his terrible struggle
for life. With many others he managed
to catch hold of a drifting box and
cling to it. Hour succeeded hour, and
one by one as their strength failed
his companions were carried away on
the surge of the sea. At length only he
and one other remained, then he was
alone. After that unconsciousness.
The last thing Mr. Clarke remembers
is a vision of smoke on the far horizon.
As it proved this was a rescuing ves-
sel, which picked him up just in time.
It will easily be understood that such
an experience must water the strongest
nerves; and so it was with Mr. Clarke.
But on recommendation he took a course
of Dr. Cassell's Tablets, and now he

**GENERAL HUGHES
COURTS INQUIRY**

Commission Will Investigate
Charges Made by J. A.
Westman.

"UP TO GOVERNMENT"

Westman Says He Believes
He Can Substantiate
Charges.

OTTAWA, Nov. 4.—Sir Charles
Davidson has been requested to in-
vestigate the charges and allegations
which have been made recently by
J. A. Westman, the Conservative can-
didate for Regina, during the contro-
versy which has been stirred between
the latter and the minister of militia.
The investigation has been requested
by General Sir Sam Hughes following
the interview attributed to Westman.
In which he declares he is ready to
substantiate the charges he has made
against the minister of militia.

"I have written to Sir Charles
Davidson enclosing a copy of the in-
terview attributed to Westman and
other letters and have asked him to
institute an enquiry," stated General
Hughes this morning.

WESTMAN HURLS DEFENCE.
REGINA, Sask., Nov. 4.—"It is up
to the government," J. A. Westman,
Conservative candidate here, has sum-
marized his reply when shown Sir

Sam Hughes' interview in yesterday's
papers. "Inasmuch as Sir Sam
Hughes evades the issue on every
charge I've made, makes lying state-
ments and fails to make any effort to
substantiate them, I want to put it
squarely up to the government to give
me an opportunity to substantiate my
charges. If I fail to do so, I will be
happy to resign my candidature and
retire from political life after apolo-
gizing to Sir Sam." said Mr. Justice
Hodgins.

"After the striking cases of ignor-
ance of osteopaths on diagnosis re-
sented yesterday I should like infor-
mation along that line," said Mr. Justice
Hodgins.

"At the conclusion of the hearing the
osteopaths offered to bring forward a
number of instances where the medi-
cal men had proved ignorant both in
diagnosis and anatomy."

**Acid Stomachs
Are Dangerous**

A famous physician said in the
course of a recent lecture that nearly
all intestinal troubles, as well as many
diseases of the vital organs, were di-
rectly traceable to a deranged condi-
tion of the stomach, which in turn
was due nine times out of ten to ex-
cessive acidity, commonly termed
sour stomach or heartburn, which not
only irritates and inflames the deli-
cate lining of the stomach, but also
sets up gastritis and stomach ulcers.
Remarkable results have been obtain-
ed by the use of ordinary bisulphate
magnesia, which, by neutralizing the
acidity of the food, removes the source
of the trouble. It is foolish to treat
the stomach itself, neutralize the acid
and the stomach troubles will dis-
appear. Irritating medicines and medi-
cal treatments are useless, so long as
the contents of the stomach remain
acid; remove the acidity, and there
will be no need for medicine.—The
inflamed lining of the stomach with
Real Relief. Sufferers from acidity,
sour stomach or heartburn should get
a small bottle of bisulphate magna-
sia from the druggist, and take a tea-
spoonful in a quart of a glass of
water after meals, repeating in 15
minutes, if necessary.

premiuns, interest on mortgages and
similar fixed obligations of men who

lected as the Canadian representative

LONDON, Nov. 4.—A Central News
despatch from Amsterdam quotes The
Cologne Gazette's Berlin correspondent
with regard to the progress of British
forces in Mesopotamia, the gist of his
comment being that with the aid of
gunboats on the Euphrates River the
British have been able to get close to
Bagdad with a relatively small display
of force.
The newspaper adds, however, that
it is too soon to say whether the British
will be able to occupy the city, as
they may be forestalled by Turkish
forces which are on the way to Bagdad.
The Gazette remarks, however, that
has been much mentioned in German
oriental politics. It advises Germans
not to take a British occupation of
Bagdad too seriously.

**VON BUELOW DENIES
MISSION OF PEACE**

He Says Germany is Determined
to Fight War to End.

BERNE, Switzerland, Nov. 4, via
Paris.—Prince Von Buelow, former
German chancellor, informed the As-
sociated Press today that he had not
come to Switzerland on a peace mis-
sion.
He declared Germany was resolved
to continue the war to its conclusion,
by arms.
The prince made it clear that he is
not going to Washington to see Pre-
sident Wilson, or to Madrid to see
King Alfonso in relation to terms on
which Germany might be willing to
discuss peace. Nor is the prince en-
gaged in such discussions with a pa-
pal delegate or anyone else.
