TWENTY-SEVENTH YEAR

SEVEN ROASTED IN FIRE

CORNELL CHAPTER HOUSE DESTROYED

FOUR OF DEAD STUDENTS

Splendid Heroism of Football
Men in Attempting Rescue of
Comrades Will Long Be Re-
membered in Annals of
University.

Ithaca, N.Y., Dec. 7.—All day smoke
has drifted across the Cornell campus
from the ruins of the Chi Psi fratern-
ity house, the burning of which at an
early hour this morning was attend-
ed with a loss of life that has thrown
not only the university, but the whole
city into mourning.

To-night the dead numbered seven.
Of these four were students, and the
others prominent townsmen, who had
responded to the alarm as volunteer
firemen.

Among the students who escaped
death in the flames, seven were in-
jured, and of these C. J. Pope of East
Orange, N.J., it is feared, will not long
survive. He was removed to the City
Hospital after having been badly
burned, and to-night his condition has
not perceptibly improved.

The bodies of the dead, with the
exception of those of W. H. Nichols
of Chicago, and F. W. Grellie of East
Orange, N.J., were recovered. To-
night it was decided to dynamite the
ruins to facilitate the search for the
missing bodies.

The Death Roll.
ATTORNEY ALFRED S. ROBIN-
SON, hook and ladder company No. 3.
JOHN C. RUMSEY, hardware mer-
chant, Hose Company No. 1.
E. J. LANDON, salesman, Hose
Company No. 4.
F. W. GRELLIE, East Orange, N.J.
O. L. SCHMUCK, Hanover, Pa.
W. H. NICHOLS, Chicago.
JAMES MCCUTCHEON, Jr., Pitts-
burg.

Injured: H. S. Decamp, New York;
Henry M. Curry, Pittsburgh; R. R.
Powers, Atlanta; W. W. Goetz, Mil-
waukee; H. A. Uhlen, Milwaukee;
C. R. Sallor, Pittsburgh; C. J. Pope,
East Orange, N.J.

The heroism of the volunteer fire-
men who died at the fire was matched
by the heroism of Schmuck, who re-
entered the flames in a futile effort to
save Nichols, his roommate, and who
died later from his injuries, and by
the courage of McCutcheon, who re-
mained in the flames until fatally
burned to assist his comrades to es-
cape. Pope, who is a freshman, re-
ceived his injuries while seeking to
rescue other members of the fratern-
ity.

Among those who were on the scene
and who contributed most of the work
of rescue from the flames which had
engulfed the building were:

Thousands Held in Italian Ports
in Critical Condition and All
Sailings Are Canceled.

Naples, Dec. 7.—The strike on the
trans-Atlantic steamers has resulted
in a serious congestion of emigrants
here. All sailing dates for America
have been canceled.

Thousands of the emigrants held in
Naples are in a most critical con-
dition. Having sold all they possessed
and are losing opportunities previous-
ly secured to go to work in America.
The emigration bureau of the govern-
ment has ordered that the con-
centration of emigrants in Italian
ports be discontinued, as disorders are
feared.

WANT SHARE OF PROFITS.
Genoa, Dec. 7.—The managers of the
Italian steamship companies
whose vessels call here have decided
to suspend all sailing dates for De-
cember.

The strikers have issued a state-
ment setting forth that the expenses
incurred by a company for the round
trip of an ordinary steamer like the
Lombardia are \$35,000. The gross re-
turns amount to \$42,000, and the net
profit is consequently \$7,000. The
strikers ask that \$2,000 of this net pro-
fit be devoted to meeting their de-
mands.

DISCUSS COLD STORAGE

M.P.'S FAVOR PROPOSAL TO PAY PORTION OF COST

Mr. Fisher's Resolution to Appro-
priate \$10,000 for Work Passes
— Little Progress With Tariff
Till After Christmas Holidays.

Ottawa, Dec. 7.—(Special.)—Mr.
Fielding was in Montreal to-day, so
nothing was done with the tariff, but
the hour put on a fair day's work,
discussing Mr. Fisher's resolution to
establish cold storage warehouses. The
resolution was carried without division,
and a bill introduced, appropriating
\$100,000.

As already explained, the govern-
ment will repay 30 per cent. of the cost
of cold storage warehouses, retaining
control of their location, management
and rates to be charged.

Mr. Taylor (Leeds) created some
merriment by reading from the Lib-
eral campaign book of 1900. That ve-
racious document gave Mr. Fisher credit
for having in force at that time a
complete and sufficient cold storage
service.

Dr. Sproule favored the scheme, but
suggested several safeguards.

Mr. Smith (Wentworth) made an ex-
cellent address, urging the necessity of
cold storage from the farmer to the
consumer. He criticized the cold stor-
age on vessels.

Dr. Chisholm (East Huron), who had
already presented his views on this
subject in the debate on the address,
contemplated the government on its
sagacity in responding so quickly to
public opinion.

Mr. Schell (Oxford) favored the re-
solution.

Hon. John Haggart feared that the
government might abuse its authority
to fix the location of these warehouses
so as to get some political benefit.

Trade After Christmas.
It seems certain now that little pro-
gress will be made with the tariff be-
fore the holiday adjournment. The
Christmas recess will extend, it is said,
from Dec. 20 to Jan. 9.

The contract for the erection of an
extension to the house of commons
side of the parliament buildings has
been awarded to Messrs. McMillan
& Labelle of Ottawa at \$235,000. It
will run westward from the quarters
at present occupied by the speaker
of the commons, and will join an exten-
sion from room 8, which has been oc-
cupied for many years by the parlia-
mentary press galleries.

The architectural design to the old three-
storey in height, and with a flat roof
that can be used, for the new wing
is being put up to afford mem-
bers of the house of commons more
office room.

To Depart Hindoos.
The immigration department has
despatched an official to British Col-
umbia to carry out the clause of the
Immigration Act which authorizes the
deportation of recent arrivals who
have been unable to support them-
selves and are becoming a burden on
the rest of the community. Among
those who will be deported will be
those who will be deported with un-
derstandings that they will be im-
ported into the United States.

One of the hardware men wishes the
old restored on sheet lead. Another
wishes the old order of things estab-
lished, whereby silk could be imported
at a nominal rate of duty, when in-
tended for use in the manufacture of
ties. Woolen manufacturers are also
seeking more protection. It is
expected that next week will see an
even greater influx of those seeking
tariff changes or modifications.

with Scotch or Rye Whiskey. Radnor
should be thoroughly chilled before be-

Steamers Lake Michigan and
Sidney C. McLouth May Be
Lost on Lake Huron.

Detroit, Dec. 7.—Grave fears are en-
tertained regarding the steamer Lake
Michigan on the wooden steamer Sid-
ney C. McLouth.

The Lake Michigan, with a crew of
12, mostly from Sarnia, Ont., has not
been reported since she cast away the
barge Wawanosh in Thursday's storm,
the barge being wrecked later near Os-
ceola.

The McLouth, formerly known as the
Rochester, of the Union Line, carries a
crew of 20 men, most of whom reside
at Marine City, Mich. The McLouth
left Port William Monday night for
Buffalo. Capt. J. M. Shackett com-
mands the McLouth and Capt. Charles
Millard is master and part owner of
the Lake Michigan.

New York, Dec. 7.—A theatre train

to-night plowed thru a gang of work-

other. The workmen were installing an
signal system on the third rail system
for the Central Electric trains.

The man killed was John Kaiser,

MAKES GIFT TO HOBART

William Smith of Geneva, N.Y.,
Gives Half Million Dollars.

Geneva, N. Y., Dec. 7.—William
Smith of this city has offered the
trustees of Hobart College a sum of
money, announced as somewhat more
than half a million dollars, on con-
dition that the money be used to estab-
lish a woman's institution that shall
be named in honor of Mrs. William
Smith and Harvard University.

The offer will be considered by the
trustees of Hobart College. The
four years ago Mr. Smith arranged
to found an independent college for
women, and had made contracts for
the buildings, when he decided to
abandon the plan.

**How to Conserve the Fine Flavor of
a Good Cigar.**
More important in a country with
severe winters and overheated houses
than in the southern countries is the
retention of an equitable moisture and
temperature for cigars of delicate
flavor. Gentlemen often wonder at
the apparent deterioration in the last
half of a box of good cigars. G. W. Mul-
ler's exquisitely finished Humidor
cabinets solve the problem and save
the rarest flavor of the cigar. The
smallest cabinets will hold a box con-
taining 50 cigars. Some modest yet
handsome Humidors are sold for seven

FIELDING PEACEMAKER IN STEEL-COAL DISPUTE

TEMPORARY PACT SIGNED

Special Contract to Purchase All
Coal Required for Two Years
and to Pay \$1.50 More Than
Under Old Arrangement.

Montreal, Dec. 7.—(Special.)—The
conflict carried on for several weeks
past between the Dominion Coal and
the Dominion Iron and Steel companies
has come to an end, and while some
call it an armistice others designate it
as a lasting peace.

There will, however, unless contrary
counsel prevail, be an appeal to the
courts for the purpose of establishing
the validity of the contract between the
two corporations, and this means that
the cause celebre will be carried to the
privy council, loitering, no doubt, a
couple of years on route.

In the meantime a special contract
has been entered into by the Steel Com-
pany to purchase all the coal they may
require from the Coal Company, and
the kind they may require for a period
of two years. They agree to pay to the
Coal Company an average of \$1.50 per
ton more than under the famous con-
tract which is to be modified in 1909.

It will be seen, therefore, that the
Dominion Coal Company will be better
off by over \$1,000,000 a year than when
they were working under the old con-
tract.

Fielding Peacemaker

A gentleman of influence on the coal
side said to-day that if a settlement
had been reached it was due to the in-
tervention of Hon. W. S. Fielding. The
minister of finance is credited with say-
ing: "Gentlemen, it is not within my
province to interfere in your business
troubles, but I feel that I owe to the
miners and steel workers of Cape Bre-
ton and to the shareholders of the two
companies to urge with all the power
at my command some kind of an hon-
orable settlement."

It is not probable that the public will
ever know all that took place at the al-
l-day conference at the Windsor, particu-
larly by J. H. Plummer and Elias
Rogers on the one side, and James Reid
Wilson and F. L. G. Gault on the other,
or at the all-night battle royal at
the St. James' Club.

Risk All in Courts.

It is learned, however, that Mr. Ross
made several offers, one of which was
to sell the Steel Company all the coal
they required at an advance of 50c a
ton, or \$1.75, if they would give up
a new contract. The Steel Company,
however, believing their case a good
one, preferred to risk all in the courts.
If the courts decide that the contract is
unbroken then the Coal Company will
have to pay back to the Steel Com-
pany the sum of money embraced in the
difference between \$1.25 and \$2.25 a
ton during the time the litigation lasts.
If the coal people win, then Mr. James
Ross will declare "What I have held,"
and a new contract will be forthcoming.
