ASSOCIATION

The Annual Meeting Held at Ottawa.

Encouraging Outlook-The Governor-General Speaks on Shooting.

[C. P. R. Special to The Advertiser.] Ottawa, April 5 .- At the annual meeting of the Dominion Rifle Association today there was a large attendance. Col. Gibson presided, and there were present Lord Minto, Sir Louis Davies, Sir Charles Tupper and Hon. Mr. Dobell. Among the military men were Gen. Hutton, Col. Aylmer, Col. Powell, and a large number of others. There were a good many members and senators present. Col. Gibson, in his remarks, spoke of how gratifying it was to have a governor-general who was also a militiaman. He did not know that the progress of the association could be made as rapidly as was outlined, and expected by General Eutton, but the proposals were in the right direction. Competitions so far have been largely individual, with few team matches. The general wanted larger marches, and innovations with respect to the disappearing targets. The providing of adequate range facilities for new and more powerful arms would be a matter of slow progress. Although the Canadian team did not get the Kolapore cup at Bisley, its shooting was very satisfactory, and a Canadian headed the field in the contest. Col. Gibson spoke of the new Dominion range at Rockcliffe as being first-class. He paid a tribute to the late Col. Gzowski, the first president of the association. He referred to the interest Gen. Hutton was taking in the association. On

motion of Major Masson, Hamilton, the annual report was adopted.

Lord Minto, replying to a vote of thanks for the interest he was taking in the association, spoke at length on the subject of rifle-shooting. He was opposed to pot-shooting, and said that he would like to be consulted as to the prizes he gave. High average shooting for corps, and not individuals, was, in his opinion, a step in the right direction. The value of individual shots in war had gone down, and recent campaigns had shown that efficiency de-Motion Made Before Judge Street pended not on individual shooting, but on control of fire, and massed fire competitions should include equipment, marching and general efficiency, as

well as shooting. Sir Louis Davies, replying to a vote of thanks to the Dominion Parliament, said that as far as the association was concerned, there was no politics in it. No matter what party in power, the association had always got what it wanted. He regretted the absence of Dr. Borden, minister of militia, who was out of the city on business. Dr. Borden, he said, was considering placing new ranges at Brockville and Mon-

treal. Sir Charles Tupper agreed with Mr Davies that party politics had nothing to do with the affairs of the association. He complimented Gen. Hutton on the propositions contained in his report, and hoped they would be carried into effect. If we would command the respect of the country, we would have to do right things by the militia and defenses of the country.

General Hutton outlined his scheme for the improvement of the militia, as clerk of the court, when already published, and promised to give a cup for competition at 500 yards and disappearing targets.

President Lieut.-Col. Gibson was reelected. The vice-presidents were all re-elected, except that Hon, R. R. Dobell takes the place of Robert Hamilton, Quebec, and Lieut.-Col. John Langworth takes the place of Hon. Mr. Mac-Donald, Prince Edward Island. Col. Smith, Seventh Battalion, was added to Ontario's representation on the council, Mr. Dobell to Quebec, Capt. Walters, Forty-third, to New Brunswick, and Mr. Rutherford, M.P., to Manitoba.
