WOUNDED ONCE, BUT

LITTLE HOPE THAT TAX RATE WILL BE BELOW 321-2 MILLS

Controllers Are Unable To Do Much Reducing.

SOME SALARIES RAISED

But Heads of Departments Not Likely To Get Any Increase.

The glimpse the controllers have had at the estimates does not shed much \$1,600 light on the tax rate as yet, but there is no question now but that the citizens will have to pay about the same rate as last year, namely 321/2 mills. How it can be brought lower than and hat is hard to conceive. Most of the nembers of the board have come to the conclusion that it is well nigh impossible. During the two days the controlers have worked on them, there have been some very small reductions. The whole slashing would not yield anything like half a mill, and a careful perusal of the other figures shows no sign of getting as much more. That will not be sufficient to get the rate or whole slashing would not yield nything like half a mill, and a careliperusal of the other figures shows sign of getting as much more. That all not be sufficient to get the rate representation of general purposes any lower than mills at least.

Sign of getting as much more. That claimed by the plaintiff as the amount due on an agreement of sale entered into by plaintiff and defendant on May 4, 1912.

he provincial Government, and another um of \$68,000 for insuring London's soldiers. Last year this cost London \$12,500, so there is an increase of over \$55,000. This will make a mill and a half, so that the patriotic tax will be fore the general rate, of course. Some slashing has been done, but as pointed out before it is rather small in amount, and store, appeared in police court today charged with selling cigarettes to a minor. He pleaded not guilty to the charge, but said his daughter might have made the sale. The case was adjourned until Friday next to summon the daughter as a witness.

IN TORONTO TODAY. — W. W. Nobbs, of the McClary Company. is in the general rate, of course. Some slashing has been done, but as pointed out before it is rather small in amount, and not sufficient to make much difference.

May Let Some Stand.

There seems to be a disposition to let some of the estimates of dependent bodies, responsible to the people, stand. For instance, Victoria Hospital is asking for \$100 from the citizens. Some

footies, responsible to the people, stand. For instance, Victoria Hospital is asking for \$101,000 from the citizens. Some minor items have been reduced, the reduction amounting to something like \$500, but this hardly worth counting when thousands, not bundreds of delivery and the standard of the stand ars are wanted to provide for a re-

creases to the fire department and police department. The men are asking of 15 cents will be given to both. The teamsters may get an in-crease of 25 cents a day, although they are asking for 60 cents a day. The asking for 60 cents a day. The age employees have been advanced 15 to 25 cents a day. The salaries heads of the departments will not touched, it is understood. There is one ray of hope in the grant for soldiers' insurance. It will amount to \$68,000 this year, but if it is not used, it will come back to the city, to reduce the rate at a later data.

Object to Reductions. Object to Reductions.

There will be some objection made of the reduction of the estimates of the parks board and the board of health. The reduction of the salary of the assistant officer of health is not popular with the members of the board, and hey may object to that. However, an djustment will probably be made. The

ging accounts.

the library board figures will hardly disturbed as they are well under figure the board has a right to ask,

The rate will be close to 32½ mills, slightly less than in 1916 which is considered rather a heavy load to carry. If the utilities owned and operated by the city could turn their surpluses into the city coffers, there could be a reduction in the rates, but that is quite impossible at this time.

TO ISSUE DEBENTURES TO BUY PAVING PLANT

Controllers Give Up Idea of Financing by Loans.

The board of control will abandon The board of control will abandon the attempt to finance the purchase of the paving plant by loans, and will issue debentures for the amount, \$17,500.

That the Ontario Railway and Municipal Board can authorize the issue is not certain, but that point will be cleared up. If it can, this will be done. Efforts are being made to settle the deal, so that possession can be obtained in time to commence the paving work for the year.

IS READY FOR MORE STRICKEN

Completely Restored to Health By "Fruit-a-tives."

382 St. Valler Street, Montreal.

"In 1912, I was taken suddenly ill with Acute Stomach Troutle and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 160 pounds. Then several of my friends advised me to try 'Fruit-a-tives.' I began to Improve almost with the first passenger vessel carrying the American flag to cross the Atlantic since Germany's declaration of unrestricted submarine destruction, and the first armed American liner to enter a European port since the war began, arrived this morning. She carried a number of passengers—33 all told—but her holds were filled to capacity with non-contraband freight.

The St. Louis came through without linerruption. No submarines were sighted nor were there at any time any gan to improve almost with the first dose, and by using them. I recovered gan to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Troubles were after the big liner. If any of them saw the steamer they made no attempt and all pain and Co: tipation were to destroy her.

to destroy her.

Signs of Sub War.

But signs of war were not lacking, and the last three days aboard were anxious ones for passengers and crew alike. On Friday and again on Saturday, after the St. Louis entered the forbidden zone, driftwood was passed, apparently parts of destroyed lifeboats. Yesterday a great field of oil was encountered. Vague rumors of the sinking of ships either ahead of or near the St. Louis increased the nervous tension. size, 25c. At all dealers, or sent post-paid by Fruit-a-tives, Limited, Ottawa.

TWO LIEUTENANTS GIVE UP

COMMISSIONS, ENTER RANKS

COMMISSIONS, ENTER RANKS

Now on We to Join Their Battalion at Eastern Point.

Lieuts. M. Wilson and P. Turnbull of the 186th Battalion, have obtained permission to resign their commissions and to go overseas with their battalion as privates. When the battalion, last week, left Chatham, where it had been quartered during the winter, they applied for permission to go as privates. The permission has since been granted and they are on their way to overtake the hervous tension. At Top Speed.

For three days and nights the captain did not leave the bridge, and never in her twenty-two years of existence has the liner been driven so furiously as she was from the time she passed into the zone until she was picked up by a pilot. The journey was virtually without incident until the war zone was reached. Unusual precautions were taken as soon as the liner passed the Arroy Speed.

The journey was virtually without incident until the war zone was reached. Unusual precautions were taken as soon as the liner passed the Arroy Speed. before proceeding overseas. Two other officers, Lieuts T. C. Odelle and G. S. Wright also applied, but were refused permission owing to physical unfitness.

BETTER HOTELS SINCE

The management of Victoria Hospital will have quite a place in civic affairs this year, according to rumors afloat at the city hall.

The aldermen, for the most part, are willing to pay the amount asked for by the trust and put the issue straight up to the people. Notices of motion are in preparation to be presented at the next council, first to take a vote of fire ratepayers in January to give the council power to manage the hospital, and second, to pay off \$15,000 borrowed from the county of Middlesex and cancel the agreement with the county.

These matters are being discussed, and will be brought up. What disposition will be made of them cannot be learned, but it is certain that there will be quite a lot of conversation relative to the hospital this year.

The majority of the delegates for the thirtieth annual meeting of the Huron Diocesan branch of the Woman's Auxiliary arrived in the city in time to attend the holy communion service in St. Paul's Cathedral at 11 or clock this forenoon, when the preacher willing to pay the amount asked for by the trust and put the issue straight to the hospital this year.

DOCTOR SIGNED

"I cannot state positively whethe entered sales by others or not, but I hay have entered some," replied wit-Fred M. Corey, provincial license inspector, testified that he had made an examination of the record book kept by E. B. Smith.

by E. B. Smith.

Over Nine a Day.

From February 16 to 28, inclusive, the defendant doctor had given in a total of eleven business days 102 orders, an average of over nine orders a day.

From March 1 to 17 a total of 118 orders had been filled on the doctor's prescriptions in fifteen days.

Covering a period from September 18. Covering a period from September 18, 1916, to March 17, witness said that the physicians had issued 718 prescriptions. Orders had been issued to persons residing in the city, Denfield, Arva, Lucan, Bryanston, Woodstock, Hyde Park, Granton, Lobo and Middlesex villages. STANDARD STOCK AND MINING EXCHANGE.

lages,
"How many doctors gave over 100 orders from September 18 to February 28
last?" asked Crown Attorney McKillop,
"Five doctors gave over 100 orders to
E. B. Smith," replied witness. Quart General Amount. The usual quantity prescribed he found from the records to be one quart

corroborated in every detail the evident given by him.

The physician put in the witness-box in his own defence, testified that he had given a number of prescriptions for patients to procure liquor. He used liquor in his practice very extensively in preference to strychnine as a heart stimulant. He used it in preference to the drug because in his practice throughout the county there was less trouble with it and no need of a nurse to attend to the patient and observe the pulse, as was necessary with a drug.

Only Glyen When Needed.

"Were these prescriptions at any time given to persons for any other rea-sons than strictly medicinal purposes; in other words, was evasion attempted by "I did not furnish prescriptions to any

the evidence submitted was by no means sufficient to justify the magistrates in

ing.

The case against the second doctor, whose practice is limited almost entirely to the city, was called at 12:33

o'clock.

A greater portion of the evidence submitted in the case of the first doctor was submitted in the second case.

sufficient to justify the magistrates in convicting.

Claims No Violation.

As the doctor had prescribed the liquor when, and only when, needed he maintained that under those circumstances he had not violated the act.

Crown Attorney McKillop, in arguing for a conviction, claimed that in view of the number of prescriptions issued, 718 in all, since September 18th last, the practice if followed by all physicians would make a "joke" of the Ontario temperance act.

The lieve that your worships can readily see that an evasion has been practiced in the furnishing of the prescriptions and under the circumstances and upon the evidence I would ask your worships to convict," said Mr. McKillop. December ...18.34 18.35 18.04 18.04
