Ottawa Team Won Creditable Victory Despite Hap-

Ottawa, Feb. 16.—Tommy Gorman, writing in the Citizen this morning of the Canadien game says:

"Never before in the history of hockey has a team won a more creditable victory than that registered here by the Ottawas Saturday night, Petie Green and his senators invaded the Metropolis minus the services of Capt. Gerard and within five minutes of the beginning of the match they lost through disgraceful work on the part of Corbeau, the services of Harry Broadbent, their regular right wing man and leading goal getter. Play had hardly started when Corbeau made a vicious lunge at Broadbent. He missed the Ottawa boy on his initial attempt; but two minutes later Broadbent rushed again and Corbeau met him with a cross-check that sent him head over heels into the boards on the south side of the arena. As Broadbent lay on the Ice, Corbeau deliberately brought his stick down across his forehead in brutal fashion. Broadbent staggered up with a fearful gash in his forehead and another across his nose, while his left eye was cut and almost closed. He had to be assisted off the ice and Gorbeau was given by Referee Marsh a fifteenminute penalty and a fine of \$15."

In a special note, Gorman writes:
"Corbeau's victims in the Ottawa camp are now numerous. He gave Jack Darragh a wicked blow in the play-off last year and put Frank Nighbor out of the game which Ottawa played at Montreal on the first half of the schedule. Frank Nighbor and others of the Ottawa party said that Corbeau, for his cowardly attack on Broadbent ought to be expelled from the National Hockey League.

"The interests of the United States in the league will be amply protected by the provision, which England and her dominions are quite willing to indorse, that no member of the British Empire shall vote in any dispute in which the Empire or any of its members is a party. On other matters the colonies are as likely to vote with the United States as against her; or if a battle of votes were attempted we can rally to our support the votes of Cuba. Haitl, Honduras, Nicaragua and Panama. Which we can control as easily as England can control the votes of Canada, Australia, New Zealand, South Africa and India.

LLOYD GEORGE'S OPINION.
Ottawa, Feb. 16. — (By Canadian Press).—An interesting sidelight on the attitude of Great Britain toward Canada's rights to a vote in the league of nations is furnished in a letter written on September 1, 1919, by David Lloyd George, premier of Great Britain, and made available for publication today, in view of its particular interest at the present time. The letter in question, which was written to a Canadian correspondent, reads in part as follows:

ollows:
"We have much to learn from one another, and much to learn to do in common. Especially is this so now that Canada, with the other dominions, has been accorded national status at the peace conference."

Worst Drifts of Season Reported On Country Roads Potatoes Easier Saturday.

Only the wind stirred on the local market this morning. The country roads are reported to be drifted worse than at any time so far this winter, and that coupled with the cold weather, discussed any attempt to reach the market on the part of the farmers.

Not a load of hay had been offered up to a late hour. There was not a great demand for it, however, as the city was well supplied last week.

On Saturday the price of dairy butter eased a little as the supply was large. Retail, it is selling for 65 cents a pound. Eggs sold at 70 to 75 cents retail and at 67 to 68 cents wholesale.

Potatoes are a trifle easier.

As a result of cebility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons. Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood, drive out impurities and fill it with nutriment and strong building material.

Ulcers, boils and sores heal up. Likewise all weakness due to impoverished blood is cured by these famous pills, and anaemia, erysipelas and rheumatism go before it as chaff before fire.

The skin grows smooth, complexion clears, health, vigor and strength are evident on all sides.

Rheumatism is no respecter of age, sex color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink

Rheumatism is caused by uric acid tion of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a class of water and drink before breaklast each morning for a week. This s said to eliminate uric acid by stimulating the kidneys to normal action. thus ridding the blood of these impur-

Jad Salts is inexpensive, harmless and s made from the acid of grapes and emon juice, combined with lithia and s used with excellent results by thousands of folks who are subject to rheumatism.
