To Investors: This is the "Age of Oil." High grade orude may reach nearly four dollars per barrel by early spring. This Company is now drilling four wells on our big property in the cast extension of the great Cushing Oil Field. The hour this notice was written two of these Cushing wells were nearly com-pleted. Two more were 1600 and 1800 feet deep. Also the Company had a well one-fitth drilled in the heart of a 1200-acre lease on Ranch Creek in Pawnee County, Oklahoma, across the Arkansas. River from the rich Boston Oil Pool. The Company now controls about sight thousand acres of oil and gas heases located in the real oil belt. Also has about 1,500 acres by warranty deed. It has 127 producing wells: three re-tineries; Oil marketing stations over Kamsas, O'lahoma and Missourd; an es-tablished trade; is selling oils in about six hundred towns and cities. Its pipe line has been exempted by a recent de-dision of the United States Supreme Out. This exempted by a recent de-dision of our refineries in two states with the larger percentage of our oil ands, leases and oil wells. Merer years of determined work and over two millions in cash this Company has been built until the stockhoiders and would not approve a sale at less than twenty million dollars.
