

MILLION DOLLARS FOR NEW SEWERS

New Scheme Proposed for Runnymede and Swansea Divisions.

A preliminary report on a comprehensive sewer scheme for the Runnymede and Swansea divisions of York township, has been prepared by Engineer R. O. Wynne-Roberts, and will be submitted to council at any early date. The scheme as outlined would cost something over a million and a quarter dollars.

The district to be sewered lies between the city and the coast, running along the shore of Lake Ontario, and includes the area bounded by the city limits, the city of Toronto, and the city of Scarborough. The area is about 320 acres between the city limits and the city of Scarborough, and is about 100 acres between the city of Scarborough and the city of Toronto. The area is divided into two parts, the city of Toronto and the city of Scarborough. The city of Toronto is the larger part, and the city of Scarborough is the smaller part. IDA AT THE PRESS DINNER

BY IDA L. WEBSTER.

Well, after several weeks of anticipation, and also of "press-agenting," the dinner given by the municipal reporters was pulled off on Saturday night at the Carls-Rite Hotel.

Being a returned soldier the president of the gang is a stickler for promptness, so that the dinner was merely 20 minutes late in getting under way. Right here we might mention that his worship the mayor was on time, but alas and alack, John O'Neill was not, therefore the other guests kicked their heels and those of their neighbors, while they waited for the tardy warrior to appear.

He arrived. The dinner, led by the president (he is again, in fact, he was "all in" almost all the evening), trailed in groups of tens and dozens to the dining-room, which was a sight for the gods. The Honorable Mister George Webb, with his best big overgrown sofa. It just invites one to rest and relax. Now a word to those inquiring—Mrs. "Essex" asks if I think a Chesterfield would take away the dreary look of a room as this great big overgrown sofa. It just invites one to rest and relax.

The popularity of the Chesterfield is not to be wondered at, for no piece of furniture gives such an air of coziness and solid comfort to a room as this great big overgrown sofa. It just invites one to rest and relax. Now a word to those inquiring—Mrs. "Essex" asks if I think a Chesterfield would take away the dreary look of a room as this great big overgrown sofa. REAL ESTATE NEWS

A start was made this week on the construction of an addition to the market branch of the Canadian Bank of Commerce, corner of King and Jarvis streets. The addition will be at the rear of the present building extending back 23 feet on Jarvis with a width of 33 feet, and three storeys high, the same as the present building. Construction will be of reinforced concrete with some stone and terra cotta. The banking hall will be remodelled to take up the full depth of the building, and a mezzanine floor will be put in to afford the required accommodation. All the space in the two upper floors of the enlarged building will be occupied by the offices of York Township. The township has been greatly hampered for office space for some time.

The bank site, fronting 45 feet, on King, and extending 87 feet on Jarvis, is leasehold property. The lot adjoining the bank at the north on Jarvis street has also been purchased by the Canadian Bank of Commerce in order to assure light for the building, and as a site for a possible future extension.

The Canadian Bank of Commerce is erecting a new building on the Lake Shore road at the corner of 7th avenue, and has just opened a new branch at the corner of Danforth and Greenwood avenues.

Willis-Overland, Limited, Acquires New Premises. Toronto branch of Willis-Overland, Limited, just closed with the Charter Bank and the Executor Company for a five-year lease effective February 1, of 32,000 sq. ft. of floor space in the Conboy carriage factory at Queen street and Don Mills road. As part of the transaction the automobile company acquires also an adjacent lot which runs out to Queen street.

It is the intention of Willis-Overland, Limited, to fit up these premises as an automobile service station. The modern equipment will be installed with the idea of carrying out every detail in connection with the repairing and overhauling of automobiles. When interviewed by The World to-day, an official of Willis-Overland, Limited, stated that they would announce their plans for expansion in this city at an early date.

WILLS AND BEQUESTS. Wilton C. Eddis, C. A., president of the Chartered Accountants' Association, who died at his home at 20 Binscarth road on Nov. 1, left an estate valued at \$29,330. To his sons, John Wyndham and Chas. Sheppard, the deceased left the good will of his business, charging them to care and provide for their mother and unmarried sisters and the remainder of his property to his wife, Mrs. Florence Eddis.

ROSE HENDERSON DEPRECATES FORCE

Believes Labor Can Gain Its Ends Thru Direct Political Action.

India, Ireland and other suzerain peoples were clamoring for home rule, said Mrs. Rose Henderson yesterday afternoon to a large audience at the Labor Temple, and tremendous issues were today facing the country. How best to marshal the forces so that the women and children, the weak and oppressed peoples and the smaller and defenceless nations might receive such rights and impetus as would spell true progress for the world at large, this was the burning question of the moment.

Revolution had shown itself against aggression in the past in sporadic attempts, but the day was not far distant when a great change would come over the nations and the world. Men and women throughout the world had reached that plane where they no longer thought in watertight compartments, but internationally, where they realized that when one nation was bruised, when one race was ill-used, all nations, all races, were affected. The speaker, who advocated direct political action by labor, referred to an editorial in The Sunday World, which pointed to the need of an inquest as to the location of the world, which pointed to the need of an inquest as to the location of the world, which pointed to the need of an inquest as to the location of the world.

THRU THE SUFFRAGE

Thru the channels of the suffrage, thru the channels of a broadened industrial organization, comprising not only craftsmen, but also those workers of every calibre, the advance of evolution and the progress of real civilization would be properly effected. Time was when the workers were helpless against the political machine of those in power; today there was no stopping the tide of creative thought among the masses. The new forward movement could no longer be kept back than the stars could be hindered in their movement, or the sun in its revolutions. In the great process of social and economic evolution, the production and its control, the production, formed basic principles. In the past, humanitarian laws had been placed upon the books of the legislature only thru the sacrifice and the depositions of men. From now on, more and more humanitarian laws would find their way on to the books thru the initiative of the legislative representatives gathered into the Dominion and provincial houses by dint of the intelligent use of the ballot.

General expressions of sympathy were given by the meeting to Mr. James Richardson, who died of his wife by death, and to Mrs. MacGregor upon the loss of her husband. Mrs. W. F. Singer tendered the speaker of the day a vote of thanks which was heartily seconded by the large audience present.

DRUGHTSMEN ELECT OFFICERS. The following officers have been elected for the ensuing year by the Draughtsmen's Association: President, R. Goodman; vice-president, C. Perkins; recording secretary, C. Borrett; minutes secretary, R. Ames; financial secretary, E. Radcliffe; treasurer, N. Seymour; sergeant-at-arms, J. Johnston, and warden, John Robertson. The association now has a membership of more than 60, and organization may proceed at a rapid rate within the next few weeks.

CONDOLENCES TO MR. RICHARDS. Many friends in labor and other circles have learned with deep regret of the death of Mrs. James Richards, whose funeral is to be held this afternoon. Mrs. Richards was the wife of one of the most respected men in the labor movement in Toronto. It will be recalled that only a few weeks ago the name of Mr. Richards was proposed for the candidature of Ward Four. He was one of the original members of the Independent Labor party in Ontario, and long held the chair. He also officiated as the president of the Toronto Trades Council many years ago.

MRS. MACGREGOR BEREAVED. The bereavement which has befallen Mrs. MacGregor, a remarkably able and popular organizer, has caused a great deal of interest in the labor movement. In the death of her husband, who is to be buried today, will be shared by many friends in the movement who have known the devotion to which she has given her work in behalf of the working women in Toronto. Mrs. MacGregor will be best remembered as the president of the Women's Labor League, and as

EDWIN UTLEY DEAD. Well-known Toronto Accountant Dies. Aged Nearly Eighty Years.

Another aged and highly respected resident of Toronto died last night in the person of the late Edwin Utley, 382 Spadina avenue, who was nearly eighty years of age. General decline was responsible for Mr. Utley's death. He leaves a widow and eight children: Arthur, Reginald, Mildred, Nellie, Grace, Winifred, Max and Richard. Mr. Utley was educated at 1914, with the Princess Patricia's, was killed in 1916.

Edwin Utley, M.P.A., was an Englishman, a member of the Sons of St. George, resident in Toronto 45 years, having arrived direct from London, a fellow of the College of Public Accounting in the old country. He practised his profession until six years ago, when he became general manager in Canada for the Neaves Food Company. An enthusiastic photographer, he was long a member of the Toronto Camera Club, gaining a number of prizes at various exhibitions.

The funeral will be held tomorrow at 2 o'clock from the A. W. Miles' Chapel, 128 College street, to St. James' Cemetery.

Old motor cars if at all fashionable are bringing big prices in Paris. A 1913 model the other day brought \$25,000—considerably more than its original price when turned out of the showroom.
