## They have a Piano Why not you?

LONG'S NO-INTEREST PLAN AND EASY METHOD OF PAYMENT enables you to get any of the artistic swee-toned Karn-Morris-Karn-Evans Pianos or Players in a way that will not inconvenience you.

There is a difference between the Long way of selling Pianos and that of any other piano house in the city. LONG GIVES YOU THE EASY TERMS WITHOUT INTEREST. This means that you are not "taxed" so much extra. per year just because you do not happen to be able to pay cash down for your Piano.

Long's method is really so simple and reasonable that it hardly pays a Plano buyer to pay spot cash. Even if you had the cash you could invest it otherwise and still save money over other Piano houses' terms and prices by buying from Long. This is a positive fact-come and let us prove it-or ask one of the 2000 customers we have in Toronto.
