BASKETBALL

Junior B. B. League

A game played in the Junior Business
Boys' basketball league in the Y. M. C.
A. last evening resulted in a victory for
a team captained by Britain over a
quartet captained by Kincaid, by a
score of 4 to 3. The line-up of the
teams follows:

| Forwards | Kincaid |
|--------------|------------|
| Thomas | Stokolsky |
| Brittain | McLaughlin |
| Christiansen | Defense |

BASEBALL

Matty Invents "Warm-Up Ball"

Christy Mathewson, close student of
pitching that he is, has invented some-
thing which he believes to be absolutely
new in baseball.The innovation is known as a "warm-
up ball," which complies with the spec-
ifications under which the regulation ball
is made, except that it is about two
ounces heavier. "Matty" has had one
made up especially for him, and the
Cincinnati pitchers will give it a trial
this spring.The idea is that the pitcher, who will
use the ball in warming-up preparatory
to taking his turn in the box, will get
used to the "feel" of it, and that the
regulation ball, which he will take upon
entering the box will feel comparatively
light to him and perhaps enable him
to put more speed on it. The theory is
the same as that on which is based the
practice of a batter swinging three bats
before stepping up to the plate.

Negro is a Great Pitcher

Kansas City, Mo., March 12.—John
Donaldson, who probably is the greatest
negro pitcher in the country, has turned
down an offer to play ball on the coast.The southpaw has been a member of
the all-nation team for the last two
years, and now he has refused to quit
the men who have treated him as well. Ac-
cording to John McGraw, Donaldson
would be worth \$50,000 to a major lea-
gue club if he wasn't a "skillet-blondie."

Larry Doyle's Ankle Weak

A disturbing note comes early from
the camp of the Chicago Cubs. It is
that Larry Doyle's ankle breaks last
fall, still bothers him and that he is
inclined to favor it. He is said to limper-
ceptibly, though the advance informa-
tion was that his injury had entirely
healed.

Fans Want Archer

Chicago, Ill., March 12.—Catcher Jim-
my Archer is still popular with Chicago
fans, judging from a petition circulated
and signed by more than 100 of them,
asking President Weegman of the Cubs
to retain the veteran on the team.Archer has refused the contract that
was offered him and has been told he no
longer is considered a member of the
team.

Grays to be Sold

New York, March 12.—Edward Bar-
row, president of the International Le-
ague, said today that some business men
would meet at Providence tomorrow for
the purpose of forming a stock company,
which will purchase the franchise and
players of the Providence club from W.
H. Draper. The meeting will be held at
the mayor's office.The name of Geo. M. Cohan, a noted
actor-playwright, has been prominently
mentioned in connection with the pur-
chase of the club.

A Good Rule

The National League recently passed
a rule that should help baseball. No
player can be sold or traded by one Na-
tional League club to another after Aug-
ust 20 without first asking for waivers. This
rule is aimed at the practice of strength-
ening pennant factors at the expense of
second division clubs. It was prompted
by several deals last year, notably the
purchase of Salce by the Giants from the
Cardinals; the transfer of Herzog to the
Giants, in exchange for Matty, Broush
and McKee; the transaction which
brought Zimmerman to the Giants in
exchange for Larry Doyle, Hunter
and Jacobson and the swapping of Fred
Merkle for Lew McCarty. As the Giants
were identified with all of these deals, it
might be said that in passing the rule
the other National League clubs have in-
deed a broadside at McGraw.

Diamond Sparkles

Marlin, Texas, March 14.—Benny
Kauff decided to continue baseball to-
day. He pried off a house run and con-tributed to the Giants' 15 to 2 victory
over Dallas at Marlin.Macon, Ga., March 14.—Bill Pierce,
rookie pitcher with the Yankees, is be-
ing picked as one of the new men that
Bill Donovan will take back to New
York as a regular.Hot Springs, Ark., March 14.—Duffy
Lewis and Harry Hooper are today en-
route here. President France received
wires to this effect.

RING

Kilbane May be Champion

Keep your eye on Johnnie Kilbane,
for he is going to be the next lightweight
champion of the world, or Bill Roche,
noted New York referee, has missed his
guess, and he is not in the habit of do-
ing that.Kilbane can lick any of them that
will stick around in the legitimate light-
weight ranks," said Roche. "I don't
know of a boy in the country who can
come into the ring at 138 pounds and
beat Kilbane. The weight would be
easy for Kilbane, who can still make 122
pounds if he is called upon to defend
his featherweight title. There isn't a
soul in that class who can make him
extend himself.""Back in New York they seem to be
afraid of him. Jimmy Dunn ran around
until his tongue was out trying to get
some of the lightweight contenders—or
perhaps I should say pretenders—to look
up with him, and they all turned him
down flat. Kilbane against any of the
crop of lightweight would draw a big
house, too, but somehow they all want
to pass him up. It wouldn't be a man's
size job to guess why, either."

HOCKEY

Seattle Player Injured

Seattle, Wash., March 14.—Seattle's
chances for the world's hockey cham-
pionship were dealt a severe blow yester-
day when Bobby Rowe, the veteran
defence man of the Metropolitans, suf-
fered a bad injury to his shoulder in a
collision with Cully Wilson.The accident happened while the
teams were going through a stiff work-
out in preparation for Saturday's game.
An X-ray of the injured shoulder was
taken last night by Dr. Kelton, and it
was found that two bones were broken.

ATHLETICS

Probe Lack of Interest

Cambridge, Mass., March 13.—An in-
vestigation committee has been appointed
at the instigation of the Harvard
Crimson to investigate track athletics and
report what the trouble is with the sport
Harvard and to make recommendations
for placing it on a winning basis.On this committee are Captain (Teacher,
Harry Minot, Westmore Wilcox, Ted
Clark, track manager; William H. McKee,
president of the Crimson, and Rob-
ert C. Kelley, representing the news-
papermen. The Crimson's editorial,
which started the inquiry, read in part:
"These are facts, and facts that point
to one conclusion: Something is rotten
in the state of Denmark.""Without doubt there is a wealth of
possible point-winners in College, if
proper pressure could be applied to force
them to come out. There are coacheson the field ready to aid men in every
possible way. A track management and
a graduate track committee exist for the
supervision and development of track
teams at Harvard. In other words, Har-
vard has raw material, an adequate plant
and skilled workers, but cannot turn out
the finished product. What is the matter
with the track team?"

Turf

Offered \$50,000 for Peter Volo

At the recent harness-horse sale at
New York Tommy Murphy tried to pur-
chase Peter Volo (2:02) and offered W.
E. D. Stokes \$50,000 for the crack stall-
ion. This was turned down by Stokes.It is understood that Murphy was
seeking the purchase of Peter Volo for
a western breeder, who wished to place
this great stallion at the head of his
stud.

BROOKLYN CLUB

HANDICAPPED BY

ABSENCE OF PLAYERS

Hot Springs, Ark., Mar. 13.—The
adoption of a new schedule calling for
work-outs only during the afternoon
cost Manager Robinson's brigade nearly
all its practice today. The players had
hardly arrived at White Sulphur this
afternoon when a typical spring show-
er set in and continued for an hour.
Robbie, however, kept his athletes at work
for twenty minutes, when he called it a
day, and sent his men back to the hotel.With only twenty-one players on hand,
Robinson decided this morning to cut
out the full nine-inning game each after-
noon and play an abbreviated contest of
six or seven innings, along with the usual
practice stunts. The absence of the vet-
erans Wheat, Stengel, Pfeffer, and Deu-
bert has handicapped the team greatly,
and in what games they have played it
has been necessary to use pitchers for
outfielders. On this account the twen-
ties have not had sufficient work, espe-
cially the youngsters. Daubert is expect-
ed tomorrow morning along with Catch-
er Snyder, who was called to his home
in Pittsburgh on account of the death
of his mother.Umpire Hank O'Day of the National
League staff arrived here this morning.
President Ebbets is likely to have Hank
do the umpiring in the Brooklyn-Red
Sox series here and on the road, along
with O'Loughlin. With the arrival of
Daubert the military drills by the play-
ers will be begun.Apartment buildings exclusively for
unmarried women engaged in business
or professions are to be built in Ger-
many after the war. Plans for the first
series of these buildings were discus-
sed at a recent meeting of the Women's
Co-operative Dwelling Association of
Frankfurt-on-Main. It is expected that
each of the buildings will contain six-
teen apartments of one or two rooms,
with bath, and kitchen or kitchenette.
The plan is to provide comfortable ac-
commodations for women with incomes
ranging from \$408 to \$714 yearly, and to
this end the rentals are to be fixed at
from \$143 to \$190 a year. The apart-
ment houses are to be put up in an at-
tractive residence section of Frankfurt.
