The Winners Crossed the Finish. ing Line Leading By a Boat's Length

Henley, July 5 .- To the disappointment of all the Americans at Henley the Le-ander Rowing Club crew this morning defeated the crew of the University of Pennsylvania in the final heat for the Grand Challenge Cup.

There was bright sunshine and puffy cross winds blew from the Bucks shore, slightly favoring the Leanders. The followers of the British crew evinced the greatest confidence and Leander money was everywhere available, but this confidence never exceeded anything beyond even money. A Philadelphia occupant of a boathouse is said to have invested £500 in favor of his crew. The following are the names of

Leander—C. A. Wills, bow; H. J. Duvallon, W. Dudley Ward, G. Maitland, C. D. Burnell, J. E. Payne, C. J. D. Goldie, R. Betherington, stroke; C. S.

The Pennsylvanians reached their boat

ouse at 11 o'clock, apparently as fit as possible, while many of the followers of the red and blue showed marks of the intense strain of the final minutes. The crew stripped, chatted and laughed as oolly as though going out for practice. Citizens of Port Simpson Thank Mr. Charleson and His Staff

For the Excellent Work in Connection With Building of the Line.

Port Simpson, B. C., July 5 .-- At a meeting convened at the Great Northern hotel on June 20th, a most hearty vote of thanks was proposed by J. M. Lind-say Alexander and seconded by the Rev. Wm. Hogan to J. B. Charleson, the superintendent of the public works in the Yukon district:

"For the very able way in which he had carried out the construction of the telegraph line from Port Simpson to Hazelton within the prescribed time, and by so doing has placed us in communication with the outside world.

"The community at large feel deeply grateful to the government, Mr. J. B. Charleston and his splendid staff, from the highest in command to the lowest, who have nobly done their duty to Canada and the Empire, and at the same time won the respect of the northern coast by their obliging disposition, friendly bearing and good conduct.

Mr. Charleson replied to the vote of thanks as follows:

"Gentlemen:—When I came out here my instructions were to build the Yukon line and to shove it through as quickly as possible. My instructions also were that the line was to be a humane line, after that as near as possible a commercial, but at no time was it to be a political line. When I came here I knew very little about the country, but the government wanted connections made as quickly as possible, and I was told to rush the work, and we rushed it. I am glad that I have met with the appreciation of the citizens of Port Simpson."
