News Summary.

BOMBS.

—A twelve year old son of Capt. J. G. Maynes, Hampton, N. B., while piling pavement blocks, caught his left arm in the saw, completely cutting off one bone and almost severing the other. The arm was also slashed open from about an inch below the elbow to the wrist. The doctors cannot yet say whether amputation will be necessary.

—It is estimated that the area undercrop in the Northwest next season will be thirty per cent greater than this year.

—Nova Scotia at the present time has 1400 post offices, 150 money order offices, and 23 post office saving banks, being more post offices than the whole province of Quebec—and does a money order business of nearly fifty per cent. more than that province.

—The report of the Winnipeg board of trade places the total yield of wheat this year in Manitoba at eleven million bushels, leaving a surplus of seven million bushels for export. The average yield is between twenty five and thirty bushels to the acre.

—Upwards of ninety millions of young fish of every variety, taken from the Dominion hatcheries, have been placed in the lakes and streams during the past season.

—A Winnipeg paper says that Robert Gann of Springfield, Manitoba, has threshed 1,185 bushels of wheat from 30 acres showing a yield of 39 1/2 bushels to the acre. Richard Trapp of Virden threshed 775 bushels from 16 acres, being 51 bushels to the acre.

—It is rumored in legal circles in Toronto that the heirs of the late Justice McMaster will contest his will. It is claimed that his donation of \$800,000 to McMaster university is void, owing to the fact that McMaster university does not legally exist until November 1. Another point is that the old law of mortmain makes it imperative that such bequests shall be made at least six months before the death of the donor. As the act incorporating McMaster university assented to on April 23rd last does not come into effect until November 1st, the special powers setting aside the statutes of mortmain make it not yet come into force and will, therefore, be declared null and void.

—In a letter to the president of the Dominion Safety Fund Life Association, St. John, N. B., Mr. Wm. T. Standen, the eminent insurance expert, says: "Having examined your system fully and carefully, and finding it deserves entire approval, and having searched for weak spots in it, and finding none, I heartily recommend it to those who seek indemnity against premature death, at the least possible cost, consistent with its greatest degree of security and safety."

—George W. Burbridge, of St. John, minister of justice, has been gazetted judge of the exchequer court.

—Two very fine Percheron horses have been brought from Calgary, N. W. T., to Halifax for breeding purposes. They weighed respectively 1,900, and 1,530.

—At the Stipendiary Magistrate's Court in Charlottetown on Friday, seven St. Act cases were brought up. One defendant was fined \$100, and the other six cases were adjourned.

—The latest scheme to swindle the farmers of Nova Scotia is being perpetrated under the guise of a so-called society to prevent the killing of birds. A man invades the rural home, talks glibly about the good being done the farmer by the birds, and ends by asking him to sign a pledge not to kill a bird in twelve months. The pledge, with a little more manipulation, turns up in the way of a promissory note, and makes trouble.

—A judge in Quebec has decided that the Salvation Army, being an association of peaceable citizens with a good object in view, is worthy of the protection of the law, and has imposed a large fine upon an assailant.

—The Atlantic Cable Company, which now has its terminal station at Tor Bay, Guysboro County, N. S., proposes to bring its cable direct to Halifax. The cable house was erected at Halifax some fifteen years since, but has never been in use.

—An order in council has been passed providing that speckled trout, lake trout and land locked salmon shall not be fished for in any Nova Scotia or New Brunswick waters between the first of October and the first of April. A change has also been made in the order in council in reference to salmon, which removes doubts as to the illegality of Sunday fishing. The order now stipulates that from the time of low water on Saturday evening till low water Monday morning no one shall fish for, catch or kill salmon in tidal waters of any river or harbor frequented by salmon, and during the same period no person permitted to fish at all catch or kill any fish in prohibited waters.

—The telephone line between Truro and Halifax has been completed and works satisfactorily between the two places.

—Moodly, the evangelist, was to have opened in Montreal on Monday.

—The *Kentville Chronicle* states that D. Costley, of New Ross, the champion bear slayer, trapped his 46 bear on the night of the 18th inst. The same paper says that Richmond Alders and Caleb Saleman, of New Ross, while camping on the wild meadows for the purpose of making hay, were attacked by a ferocious she bear. They had nothing but a pitchfork to defend themselves with, and after a long battle the bear ran off and escaped.

BRITISH AND FOREIGN

—The Pope's jubilee reception has begun. The Roman police have seized the "Papa Leo XIII, Pontifex et Rex." It is expected that the Vatican will protest against the seizure and point out that the law of guarantees recognizes the Pope's right to the title of sovereign. Mr. Galliberi has remonstrated with the Russian government on behalf of the holy see against the treatment which Catholics are subject in Poland.

—Emperor Francis Joseph in opening the Hungarian diet, last week, said the relations of the empire with foreign powers were friendly and satisfactory; but the general situation necessitated strengthening as a military power. The government would seasonably endeavor to maintain peace. A well founded hope of future peace was assured. The financial affairs of the empire were economically administered. The public revenue was increased without overburdening the nation.

Basque-McDonnell—At Newcastle, N. B. Sept. 27, by Rev. S. J. Archibald, Mr. Basque to Mrs. McDonnell, of Newcastle. WASSON-HOSKINS—At the Baptist parsonage, Fortstown, N. B., on the 1st inst., by Rev. W. J. Stewart, Charles D. Wasson, of Newcastle, Queens Co., N. B., to Janet A. R. Hanson, of the same place.

Deaths.

BROWN—At Amherst, N. S., Sept. 24, Arthur, only son of Albert and Elizabeth Brown, aged 3 years. May God sustain the bereaved.

HARDING—At Amherst, N. S., Sept. 23, Charles Royal, aged 3 months, infant son of Thomas and Nettie Harding. In the parents' hearts is a vacancy which God alone can fill.

MATHEWS—At Mill Village on the 19th ult., Lydia Jane, third daughter of George and Eliza Mathews, in the 21st year of her age. She was baptized by Rev. J. W. Weeks on the 31st of May, 1885, and joined the Baptist church. Her sister, Hannah, passed on to the fairer clime only two months before her, when Jesus wiped away all tears forever. May the sorrowing ones who are left be sustained by the dear Saviour who was so precious to those dear ones.

SPENCE—At Springfield, Sept. 20, Mary E. Spence, aged 16 years.

RYHOE—At Margaret's Bay, Halifax Co., N. S., Sept. 16, Lottie Rhyno, in the 12th year of her age. To her death was a happy release, for she was a great sufferer, although she was not a member of any church, yet she was trusting in Jesus, and in her long illness she leaned upon His promises.

HARDY—At East Ragged Islands, Aug. 31, Dea. David Hardy, aged 56 years. Dea. Hardy was converted under the ministry of the late Rev. Wm. Hobbs, and by him baptized and received into the fellowship of the Lewis Head church. At the organization of the Second Ragged Island church, Bro. Hardy, with a number of others, withdrew from the Lewis Head church and connected themselves with the church now in existence at that time. Bro. Hardy, with Bro. W. A. Page, were chosen deacons and ordained by Rev. W. A. Baras and the writer of this article. Bro. Hardy was a faithful christian, making religion the standard of every day life. Whether upon the sea or land, he was faithful in his attention to the duties of his office as deacon. He bore his affliction, which was long and severe, with christian patience. He has left a wife and 8 children to mourn their loss. A sermon was preached by the writer from Heb. 4:9 and part of the 11th verse, to a large and sympathizing congregation. E. P. McK.

YOUNG—At St. George, N. B., Sept. 24th, Fanny Young, aged 35 years, wife of Capt. C. S. Young. Deceased was sustained by a strong faith in God through a long and very severe sickness. She will be much missed in her home, in the church and in the community.

HOWARD—At Middleboro, Cum. Co., N. S., Sept. 24th, Mr. George Howard, aged 25 years. Only a few weeks ago he came from California with his wife, to visit his people, expecting to return again; but God had ordered otherwise. He was suddenly stricken down with fever and died. Last Tuesday was the day he had arranged for leaving home again, but that day, we carried him to his grave. He was not a professor of religion, but left evidence that his heart was right in the sight of God. He was son of our esteemed Deacon Howard, of Wallace River, Cum.

RICKETSON—At Springfield, Kings Co., Sept. 25th, Annie, child of J. S. and Annie Ricketson, aged 3 years.

NOLAN—At Springfield, K. Co., Sept. 15th, Sarah A. Nolan, aged 63 years. Deceased was a member of the 1st Springfield Baptist church, and lived a consistent Christian life.

SMITH—At Smith Town, Hampton, Kings Co., on Sept. 10, Isaiah Smith, aged 82 years. In early life, he gave his heart to Christ, and from that time, until the day of his death, he was ever willing to bear witness to the truth, as it is in Christ Jesus. For some time before his death, he was unable to attend public worship and unite his songs of praise with his brethren and sisters, yet he was not without his Saviour's presence, for even in the most distressing hour, he rejoiced in the hope he had found in Christ, when he fled for refuge. He leaves a widow and six children to mourn their loss. They have the consolation, however, that he has gone to be with Jesus, which is far better. May God bless them in their affliction and bring each one of them to a saving knowledge of the truth, so that when the angel of death shall call them, they may be prepared to meet him in glory.

GANONG—At Springfield, K. Co., Sept. 26th, of paralysis, Frank D. Ganong, aged 69 years. Deceased was widely known and highly respected. In his death society loses a useful member, and the church of God an ardent supporter.

THE ATTORNEY GENERAL OF KENNEBEC COUNTY, Maine, has been enforcing the liquor law in vigorous style lately. In a recent interview he made the following statement: "Between \$5,000 and \$6,000 paid in fines and costs at this term alone, \$5,000 in two terms, and the instances denoted to be for delay that will bring in more than \$5,000 more before the year closes, making at least \$15,000 during the year, are some of the results of the enforcement of the prohibitory law in Kennebec county, besides nearly a dozen dealers have been sent to jail, and nearly as many months have been served and money returned. One dealer in Gardiner has given bonds to sell no liquors for two years. Owners of buildings peremptorily turning out their tenants, and a general awakening along the line are some of the results also. I am not entitled to the credit of it all. It has simply been the state and dare not detract from the state and dare not detract from the sheriff, his deputies and the police officers who have furnished us with the evidence to work with. A county attorney can do nothing unless the officers do their duty. This warfare is to be carried on right along, and I think the officers are of the same mind. We have closed all the rum shops outside of three or four places, and these places are selling on the sly."

—The growth of industrial interests in the south during the first nine months of 1887, surpasses anything ever before known. From January 1st to September 30th there were 2,594 new manufacturing and mining enterprises reported, against 1,176 for the corresponding time of 1886, covering almost the whole range of human industry. The capital invested for the first three quarters of 1887 was \$214,455,000, against \$183,834,000 for the first nine months of 1886. The Record sums up the south's growing since 1879. It shows that there has been an increase of 15,000 new industries, 15,000 miles of rail road, costing, with improvements to old roads, over six hundred million dollars; an increase of \$1,000,000 in the value of property while the iron production increased from 397,000 tons to 876,000 tons. The amount of coal mined has grown from 6,000,000 tons in 1880 to nearly 14,000,000 tons; cotton-mills increased from 150 to 370; cotton seed oil mills from 40 to 150 during the period. The cotton crop alone sold for \$2,500,000,000, an average of \$300,000,000 a year, while the total value of southern agricultural products was \$700,000,000 a year.

—The president has invited Hon. Wm. L. Putnam, of Portland, and President James B. Angell, of Michigan University, to serve on the Advisory Commission, and both gentlemen have accepted. Secretary of State Bayard is the third member.

—A college for the training of domestic servants is to be started immediately in New York.

FOR RICKETS, MALARIA, AND ALL WASTING DISORDERS OF CHILDREN, Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, is unequalled. The rapidity with which children gain flesh and strength upon it is very wonderful. "I have used Scott's Emulsion in cases of Rickets and Malaria of long standing. In every case the improvement was marked."—J. M. Main, M. D., New York. Put up in 50c and \$1 size.

—HONEY CLEANING.—The best thing ever produced for this and all kindred purposes is James Fyle's Pearline. It makes the housekeeper do the work more satisfactorily in a less than half the usual time without the aid of soap, or anything else, and its great value in the kitchen or laundry is attracting widespread attention. Sold by Grocers everywhere, but beware of vile imitations with names that sound like Pearline.
