POOR DOCUMENT

MC 2033

summer months with the Misses Stewart, at "Glen Cottage," viz.: Mrs. and Master Harold Courtney, Miss Christie, Mr. Milne, of Ottawa; Miss Leonard, Miss Page, New York; Dr. F. M. Morris, Miss Dilley, Miss Conant, Miss Stowell, Miss Vaughn, of Boston.

"Rockcliffe," the home of Mr. and Mrs. R. Y. Blackall, was the scene of gay festivities on Tuesday afternoon. The occasion being a birthday party of their little daughter, Marion. The grounds and tables were decorated with the national colors. She was the recipient of many pretty gifts. Games were indulged in until 5.30, then tea was served on the lawn. The rest of the afternoon being filled in with songs and recitations in English, French and German, also dancing. The young folks left at an early hour after having had a delightful afternoon. The juvenile guests were: Miss Marion Crockett, Minnie Crocket (Fredericton); Murial Bate, Marion Bate, Mollie Doherty (Campbellton); Maud Fiott (Caraquet); Alma LaBillois, Elsie Mitchell, Jean Mitchell, Agnes Montgomery (St. John); Minnie Powell, Nina Leck, Heloise Leck, Jean Leck, Jean Simpson, Bessie Jameison, Hazel Jameison, Greta Jameison, Eliza Wallace, Margaret Wallace, Jessie Wallace, Ursula Potts, Emma Almony, Marie LeBlanc, Alma Blackall, Roxie McIntyre (St. John.)

Miss Gertrude McKay is home from the States to spend a few days.

Mr. W. S. Montgomery and his brother Harry are spending a few days on the Labrador coast. The latter left from Newcastle.

Miss M. Jolicoeur and Miss Mina Genoie, of Quebec, are visiting Mrs. Louis Allain.

Mrs. Drysdale, of Spokane, Washington (U. S.), is spending a few weeks with her mother, Mrs. Wm. Blundell.

Professor Hubert, of Yale College, is spending a few days with Mr. Charles Stewart, at Bellevue Cottage.

Dalhousie, N. B., Aug. 11—James Reid, M. P., accompanied by J. Stead, government engineer of Chatham, was here on Tuesday and in company with Chief Commissioner LaBillois, W. S. Smith, harbor master; Thomas Murphy, the Messrs. Hilyard, managers of the Dalhousie Lumber Company, and others, made a thorough examination of the Dalhousie harbor for the rebuilding of a ferry wharf to suit local traffic between Dalhousie and several Quebec points opposite.

The people of Dalhousie have petitioned for improved wharfing accommodation at this point sufficient to permit of the unloading of coal, etc., instead of having to handle the heavier traffic at the I. C. R. wharf. The present ferry wharf was built by the provincial government a few years ago, but has been seriously damaged by ice, and now our dominion representatives has been able to secure a promise at Ottawa that a new wharf will be erected instead. It is probable that the local government will transfer any right it may have in this wharf in order that the dominion government will be able to provide for a wharfinger and carry out the usual regulations about wharves built in tidal waters.

Willis Chipman, civil engineer of Toronto, arrived here a few days ago, having been engaged by the board of commissioners of the town to make a new survey for water, sewerage and electric light purposes. In company with the commissioners of the town he visited the McNeish shipyard and Stewart brooks and during three or four days made a complete study of the situation for water system by artesian wells. Mr. Chipman was fortunate in finding a geogolist here with whom he was able to consult and determine whether a sufficient source of water could be secured by the latter system. While Mr. Chipman has not yet made his report it is pretty well understood that he does not find the brooks sufficiently strong under ordinary circumstances and he is hopeful that a proper test will show that the wells that have been drilled by the town will furnish sufficient supply.

Mr. Chipman left for Toronto this week, and will make enquiries as to the proper apparatus required to pump the two wells in such a manner as will leave no doubt as to their capacity. If a sufficient supply of water can be secured Mr. Chipman is well satisfied with the general prospects of placing a complete water system with sewerage and electric light. All these improvements will depend upon the test that will be made for water, which will not be ascertained for some weeks.

Considerable interest is already being taken in municipal politics in this section of the county. Several names are mentioned in connection with municipal honors for the parish of Dalhousie, namely, Hon. J. C. Barberie, Peter James, Golden (present councillors), ex-Sheriff James E. Stewart, Robert St. Onge and R. Y. Blackall.

The dominion government dredge St. Lawrence is now at work here for the new ballast wharf to be built by Contractor McManus, of Memramcook.

ROTHESAY.

Rothesay, Aug. 10—An interesting event late last week was a fancy dress party which was gotten up by the guests at Hillhurst Hotel in honor of the birthday anniversary of one of their number, and to which friends in the neighborhood were invited. Great interest was shown in preparing costumes, some of which were quite original. Dancing was engaged in, and a pleasant evening spent by all.

Dr. Currie, of Halifax, arrived here on Friday and returned home on Monday accompanied by Mrs. Currie, Miss Bessie and Master Jimmie, who have been spending a few weeks, guests of Mrs. Currie's father, Mr. James F. Robertson.

Rev. Mr. Cody gave a very interesting lecture in St. Paul's church school house on Monday evening, his subject being Mission Work on Indian Reserve in the Youkon.

Mrs. George Coster and Miss Hazen spent part of Tuesday here.

Mrs. Moornan, who has been visiting Mrs. Robert Thomson, returned to her home in Truro at the end of last week.

Mr. and Mrs. Willard Mitchell, Miss Baird, Miss Gladys and Mr. Stewart Mitchell are off on the "Winnogene" cruising about the St. John river.

Mr. and Mrs. Rupert Turnbull are receiving congratulations on the arrival of a little son.

Mr. Henry Gilbert and family, who have been camping on the island, returned home on Monday.

Mr. W. Malcolm Mackay and family, and Mrs. Alfred Morrisey left on the yacht Dahinda on Wednesday morning for a trip up river.

A party of ladies including Mrs. Percy Thomson and Misses Mabel and Mona Thomson, Gertrude Davidson, Bob Warner and Nora O'Brien went to Fredericton on the Scionda, leaving Rothesay on Tuesday last week and returning on Friday.

Miss M. J. Perkins spent a day this week with Mrs. Thomson at "Rothiemay."

Mrs. H. A. Austin, Miss Austin and Miss Roma King spent yesterday here guests of Mrs. Allan Crookshank and enjoyed a drive to Gondola Point.

Rev. Dr. J. H. Morrison and Mrs. Morrison were here on Friday last. Driving to Millidgeville they crossed the river on the ferry boat and drove up along the Kennebeccasis river to Reed's Point, lunching at the Willows, after which they crossed to Gondola Point, driving to Rothesay where they had tea with friends.

The friends of Mr. H. F. Puddington are sorry to hear of his indisposition.

Mrs. Ross, of Halifax, who has been spending a few weeks here the guest of Mr. and Mrs. J. F. Robertson, returned home on Monday.

Misses Carrie and Grace Fairweather, of St. John, spent Tuesday with friends in Rothesay.

Mrs. John Calhoun, of Savannah, who has been the guest here of her sister, Mrs. Trites, left this week to visit friends at Westfield.

Miss Nora O'Brien, who has been visiting Miss Mabel Thomson, left on Friday to visit her sister, Mrs. Charles Randolph, Fredericton.

Mr. and Mrs. and Miss Cole, of New York, who have spent some weeks at the Belle View Hotel, left for home today.

Mr. and Mrs. Guy Bostwick are guests at the Belle View Hotel.

Mrs. Ludlow Robinson, who is summering at Moss Glen, sailed over to Rothesay on Saturday and spent Sunday with friends here, returning home on Monday.

Commodore Robert Thomson left yesterday on the Scionda for Fredericton. Among the party on board are Messrs. Moorman, of Truro, Alfred Porter, St. John, and A. C. Fairweather, Rothesay.

St. Paul's church Sunday school held its annual picnic yesterday to Gondola Point, being driven there and back in hay carts and had a delightful day.

An informal and very delightful dance was given our young people last evening at Belle View Hotel. Mrs. Vassie was the hostess, and the dance was in honor of Miss Edith Fielding, of Ottawa, who is visiting Miss Vassie. The pavilion was beautifully trimmed with bunting and Japanese lanterns and never looked prettier.

Mr. and Mrs. J. R. Robertson left today for Digby and Annapolis, expecting to return on Monday.

Mr. and Mrs. Starr are home from their cruise of the St. John river.

Mrs. Grower entertained a few friends at whist on Tuesday evening.

Miss Armstrong, of Boston, is visiting at the home of her uncle, Mr. E. J. Armstrong.

Miss Mabel Thomson went to Fredericton on Monday to spend a week with her friend, Miss Randolph, at Rose Hall.

Misses Domville and Fairweather were in charge of the tennis tea last Saturday.

Rothesay base ball team played the Renforths on Tuesday on Rothesay club grounds, and came out victorious.

Rothesay, Aug. 10—The annual picnic of the Sunday school in connection with St. Paul's church, Rothesay, was held yesterday at Gondola Point. Some hay racks were used for conveying the young folk and they had a jolly journey from the village to the picnic grounds where, with the assistance of the rector and the teachers, a pleasant day was enjoyed. Many carriages and one or two automobiles found their way to the scene of the young folks' rejoicing during the day and in addition to the games, etc., provided, Capt. Pitt with his big scow gave as many as wished a sail upon the broad Kennebeccasis.

The broad Kennebeccasis seems to have no terrors for some of the forest kings—or queens rather—for last Sunday a big cow moose appeared on one of the hills upon the eastern bank of the river and made her way in the heat of the mid-afternoon to the cool shallows of the shore near Dr. Parker's residence. She enjoyed her bath and waded out until only her head and back were out of water when, alarmed by the shouts of some boys, Mrs. Moose plunged into the deep channel and swam for the Clifton shore. Keen interest was taken in the passage of the animal and she was escorted by two boats to the other shore, an experience seldom enjoyed by those summer residents who expect no excitement at Gondola Point upon the Sabbath day. The moose could not climb the Clifton rocks and was forced to wade and swim until it reached a suitable landing place, when it was not long disappearing.

The usual reports of mowing machine accidents are now heard. A young man named Kierstead, living near Kingston Creek, was thrown from his machine and alighted with one hand upon the cutter bar. He lost the fleshy part of three fingers. James Scribner was also thrown from the seat of his machine but fortunately the cause of his fall also threw the machine out of gear to which he owes his life. He was unconscious for some time and his clothing was badly tangled with the guards and knives.

Automobiles manage to cross the river upon the scows and tour away through Kingston toward the head of Belleisle. They find it a difficult matter when they return to get their heavy machines through the sand on Gondola Point. The need of a hard road to low water mark is more apparent every year.

The government has concluded to have a road built from the main highway to Roberts' wharf and, it is understood, instructions have been issued to that effect.

The Willows is a favorite resort with many people this season. Mr. and Mrs. Glyn, of New York; Mrs. Louis Doane, Charles Reynolds and George Lawrence, of St. John, and several others are enjoying the good cheer of Host McCormick at present, while there are many transient guests every day.

The guests at Hillhurst House vary but slightly in number for the very good reason that Mr. Roberts has all he can accommodate. They and some others enjoyed a pleasant evening as the guests of Mr. and Mrs. Frank Roberts Tuesday of this week.

Miss Lizzie Roberts is spending a short vacation with her parents, Mr. and Mrs. T. B. Roberts.

Mrs. and Miss Fenety, of Fredericton, are the guests of Mrs. E. S. Carter.

Rothesay base ballists have recovered their spirits since the defeat of Renforth Tuesday evening. Their view of the championship title is somewhat clearer and the promises of good things beyond question, made by the fair rooters, should they win out, no doubt accounts for the air of determination they carry with them.

Mrs. John Dobbin is visiting her daughter, Mrs. Bert Roberts, at Mah Pu Mineral Springs, Upham.

Rothesay, Aug. 12.—The needs of Rothesay station should be presented to the Intercolonial railway management. The fact that the need of a new freight shed was mentioned in The Telegraph seems to have awakened the people to the fact that for a place which gives so much business to the railway this station is provided with very poor accommodations.

Station Master Peters says that more than 10.000 tickets are sold from Rothesay in a year and the fact must be borne in mind that all of the season tickets are bought in St. John. There are nearly a hundred of these for six months in the year and about forty for the winter season. Allowing each commuter makes half the passage allowed by his ticket—and that is a very low estimate—this would mean nearly 22,000 more passengers in the twelve months. There are no modern accomodations for these people. Although the enterprise of the people has provided a water system, complete and reliable, the railway management has not introduced it to the station. The station is low, sits on posts, and so cold in winter that last season three car loads of coal were required to heat it.

Hmapton station was in the same plight some years ago but now there is a substantial wall under it, modern closets have been introduced, the water supply is ample for all purposes and the people are satisfied. Rothesay deserves the same attention and the business will surely warrant a considerable expenditure.

When Conductor Broad and his train crew are running the suburban for a full month the time they make is somewhat in excess of forty days. To do this they start from Hampton at 7 a. m. and after making three round trips to St. John during the day are through with their work about midnight. No one will say but what they earn all the time that is coming to them at the end of the month. But lately the management has decided that they make too much time and the 23 of each month lay this crew off and introduce a new set of men from Moncton to fill their places for a week. There is no change in the engine driver but this new train crew struggle for a week with all the difficulties of season tickets and the parcel business. They do their duty as best they can but what is the need of a change at all?

The platform that approaches Armstrong's siding has rotted so that the planks are weak and unsafe for a team to venture upon. The repairs made by the section men are timely but the whole platform needs renewing.

Mr. Armstrong, of the mechanical department of the New York Central Railway, is visiting his brother, E. J. Armstrong. He is accompanied by his family and will remain a week or two.

Mr. Saville is visiting his friend, Mr. Johnson, at Hillhurst House.

Miss Lizzie Roberts, who has been visiting her parents, returned to Boston Saturday.

Sports are announced to be held upon the grounds used for ball playing on the evening of the 23rd. There will be several events, including a quarter mile run, 220 and 100 yard dashes, broad, running broad jumps and hop, step and jump, as well as three standing and high jumps and putting shot. Some prizes will be offered by the committee but unless others are donated there will be no rewards for the victors in the different events. The boys are trying to do their best in the sporting line. They had a hockey team last winter and are now in the lead in the base ball contest.

The trustees of the public school are alive to the fact that a comfortable building and pleasant grounds are part and parcel of the best school life and are preparing to have considerable work done with this end in view. Repairs are to be made to the school building and the grounds are to be graded and improved.
