The extreme facts of the case, the law governing length of the decision makes its re- the same is taken up and dealt with production almost an impossibility and only the most salient features are given herewith. The nature of the action is set out as follows The plaintiffs sne the defendant to execute a note and mortgage in

syndicat for nayment of a promissory

note for \$92,500 and also on the covenants contained in two mortgages same debt, the note and mortgages hiewise gave evidence, though it was being made by the defendants to their co-defendant, Joseph Barrett, and by Joseph Barrett assigned to the plain-Various and very intricate defenses are raised. First, the defendants deny the making of the note and the mortgages, deny that the plaintiffs are holders of the same or that any consideration was given for the same, and set our various circum stances in proof of their defense which I will refer to in the history of the case as I consider the facts as well as the technical defense raised on the note and mortgages. A counterclaim is set up based upon fraud in which the allegation is made that in intent to deceive the plaintiffs made representations as to the value or the ground, its nature and the extent of William Thornburn dropped, the re the operations which had previously been carried on upon the properties The sale covered the following properties, namely: Creek claim No. 32 below upper discovery 12 above lower, discovery on Doabove lower discovery, Dominion discovery on Dominion creek, the lower halves of creek claim No. 2 on the big much to the Tanana and the decision is as follows -Caribou creek, an undivided interest ie creek claim No. 1 on Caribou creek, hillside claim opposite the upper half, left limit, No. 28 Eldorevidence, though not set out in the and swore by the great horned spoon conviction, but there was no evidence calve to be received from the ore ade creek; and it also appeared in pleadings, that there was included in that she would never pay it. A promthe sale some interest in a creek enade to the bastile was belown and me that he was a cabinet paker or of the disadvantages of mining in this known as Barlow creek. The con- after a three shours sojourn therein that he had skill in that trade I do country as compared to the condiknown as Barlow creek. The contest, however, centered aroud four of these claims, namely : Claim 32, Dominion, claim 12, Dominion, hillside 12. Dominion, and creek claim No.

Then follows by his lordship an extensive account of the investigations made by the representatives of the defendant company which led up to the purchase of the property at a cost of \$167,000, about the forma- Plan of the Claims Thrown Open tion of the company in France by Messrs. Paillard and Tarut after previous visit made to the Klondike. their first trip to the claims in April then in Lune, and the events that that the representatives of the conpany relied almost wholly upon the word of Mr. Barrett and made themselves only a cursory examination of the ground. In fact, a complete examination could not have been made at the time, in the summer, many of the shafts and drifts, particularly the old workings, being full of water
