ELECTRICITY! THOMAS' ECLESOR ELECTRIC OIL.—WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical. J. Cullard of Sparta, Ontario, writes, "Send me 6 doz. Dr. Thomas' Electric Oil, have sold all I had from you and want more now; its cures are truly wonderful." Wm. Maguire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 doz. Thomas' Electric Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thanesville, writes—"Send at once a further supply of Electric Oil, I have only 1 bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodward, writes—"Send me some more Electric Oil. I have sold entirely out. Nothing takes like it." Miller & Reed, Ulverton, P. Q., writes—"The Electric Oil is getting a reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P. Q., writes—"Send us one gross Electric Oil. We find it to take well."

Sold by all medicine dealers. Price 25 cents.

PRESBYTERIAN Year Book & Almanac (FOR THE YEAR 1875).

And to be continued Yearly. Edited by REV. JAMES CAMERON, CHATSWORTH, ONT. NOW READY.

The YEAR BOOK is intended to be a handy book of reference on all important matters connected with the Presbyterian Churches of British North America; a manual further of spreading information among Presbyterian people, as to the history, work and prospects of Presbyterianism in this land and in other lands, as a beginning also in the work of collecting statistical, ecclesiastical and historical materials, for ascertaining the strength of the Presbyterian faith in this section of North America; and as an offering, lastly, from Canada to her sister Presbyterian Churches throughout the world, for the work, already begun, of ascertaining the strength of Presbyterianism in Christendom, of bringing its scattered branches to know each other better, and of uniting them in such work as may be common and possible to both.

The YEAR BOOK will, therefore, contain a calendar marked with days famous in Presbyterian Church history, the officers and members of the four Churches now negotiating regarding Union, the Presbyterian Colleges in the Dominion, with names of Professors and subjects of study; sketches of the origin and progress of some of our leading Presbyterian Congregations; a glimpse of the branches of the Presbyterian family in other parts of the world; obituaries of Presbyterian Ministers in Canada deceased during the past year; together with short articles on Presbyterian history of practical interest, such as Presbyterian Literature in the Dominion, Pastoral Sustentation Fund, Mission Work, and Ecumenical Council of Presbyterian Churches.

Correspondence has been opened up with leading men in various countries for obtaining official documents and personal information, and our reports have been prompt and cordial. Neatly Bound in Stiff Paper Wrapper, 25 cents. In Limp Cloth, 40 cents.

THE ALDINE.

THE ART JOURNAL of America. ISSUED MONTHLY. "A Magnificent Conception Wonderfully carried out."

The necessity of a popular medium for the representation of the productions of our great artists in all ways recognized, and many attempts have been made to do it. The success of these features which so invariably followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So soon as a proper appreciation of its value and beauty of art, the public at once rallied with its support, and the result was a great artistic and commercial triumph—THE ALDINE.

THE ALDINE, while issued with all the regularity of the temporary or timely interest characteristic of ordinary art journals, is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, its real value and beauty of art, the public at once rallied with its support, and the result was a great artistic and commercial triumph—THE ALDINE.

The national feature of THE ALDINE must be taken in no narrow sense. True art is cosmopolitan. While THE ALDINE is a strictly American institution, it does not confine itself entirely to the representation of the art of its own country. It is a broad and appreciative art taste, one that will discriminate only on grounds of intrinsic merit. Thus, while placing before the patrons of THE ALDINE, as its leading characteristic, the production of the most original and original art, attention will always be given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from home or foreign sources. The artistic illustration of American scenery, objects, and incidents, and the production of a series of beautiful plates are of a superior nature, and their value and beauty of art, the public at once rallied with its support, and the result was a great artistic and commercial triumph—THE ALDINE.

PREMIUM FOR 1875. Every subscriber for 1875 will receive a beautiful picture, in oil color, of a rare noble dog whose picture in a former issue attracted so much attention.

MAN'S UNSELFISH FRIEND will be welcome in every home. Everybody loves such a dog, and the portrait is executed so true to the life, that it seems the veritable presence of the animal itself. The Rev. T. Do Witt Talmage tells that in his own Newfoundland dog (the finest in Brooklyn) he has a friend, and that whenever one who sees this premium chromo will have the slightest fear of being bitten.

Besides the chromo, every advance subscriber to THE ALDINE for 1875 is constituted a member, and entitled to all the privileges of

THE ALDINE ART UNION. The Union owns the originals of all THE ALDINE pictures, which, with other paintings and engravings, are to be distributed among the members. To every series of 5,000 subscribers, 100 different pieces, valued at over \$2,000 are distributed as soon as the series is full, and the awards of each series as made, are to be published in the next succeeding issue of THE ALDINE. This feature only applies to subscribers who pay for one year advance. Full particulars in circular sent on application enclosing a stamp.

TERMS. One Subscription, entitling to THE ALDINE one year, the Chromo and the Art Union, \$6.00 PER ANNUM IN ADVANCE. (No charge for postage.) Specimen Copies of THE ALDINE, 50 cents.

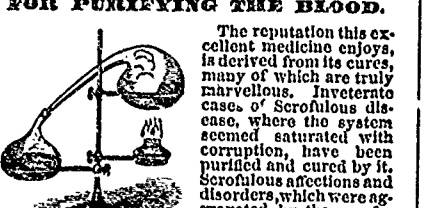

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or special rates for subscribers. Subscriptions must be sent to the publishers direct, and the local canvasser, without responsibility to the publishers, except in cases where the certificate is given, bearing the fac-simile signature of JAMES SUTTON, President.

CANVASSERS WANTED. Any person wishing to act permanently as a local canvasser will receive full and prompt information by applying to THE ALDINE COMPANY, 52 MAIDEN LANE, NEW YORK.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine. Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effective remedy than any other. Those who have not tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always.
